Switzerland to the United Nations addressed to the Chairman of

The Permanent Mission of Switzerland to the United Nations presents its compliments to the Chairman of the Security Council Committee established pursuant to resolution 1591 (2005) concerning the Sudan and, with reference to paragraph 3 (a) (vi) of resolution 1591 (2005), has the honour to submit the attached information regarding the steps that have been taken by Switzerland to implement the measures imposed by that resolution (see annex).

Annex to the note verbale dated 27 July 2005 from the Permanent Mission of Switzerland to the United Nations addressed to the Chairman of the Committee

Report submitted by Switzerland pursuant to Security Council resolution 1556 (2004) and resolution 1591 (2005)

In his note of 27 May 2005 the Chairman of the Security Council Committee established pursuant to resolution 1591 (2005) concerning the Sudan (hereinafter “the Committee”) requested Switzerland to submit a report in accordance with paragraph 3 (a) (vi) of the resolution, which should include information on the steps taken by Switzerland to implement the measures imposed by paragraph 3 (d) and (e) and paragraph 7 of the resolution (together with paragraphs 7 to 9 of resolution 1556 (2004)).

On 25 May 2005 the Swiss Federal Council adopted an ordinance instituting measures against the Sudan (hereinafter “the ordinance”, a copy of which is attached). Under that ordinance, which entered into force on 26 May 2005, Switzerland is implementing enforcement measures in accordance with resolutions 1556 (2004) and 1591 (2005). The legal basis for this ordinance is the Federal Law on the Implementation of International Sanctions of 22 March 2002.

Arms embargo

Article 1 of the ordinance specifies that the “supply, sale, transit as well as brokering of items of military equipment of any kind” intended for the Sudan [...] are prohibited. The same article also specifies that the “supply, sale and brokering of technical advice and training or assistance related to the supply, production, maintenance and use of [items of military equipment] goods are prohibited”. Article 1 of the ordinance also provides for exceptions to the prohibitions in accordance with those specified in resolutions 1556 (2004) and 1591 (2005).

Before the entry into force of the ordinance, Switzerland ensured that the United Nations embargo was implemented through the Federal Law on War Materiel and the Federal Law on the Control of Goods of 13 December 1996 as well as their respective implementing regulations. It should be noted that no export of war materiel from Switzerland to the Sudan has been authorized during the past two years.

Travel ban and assets freeze

Article 2 of the ordinance provides for a freezing of assets and economic resources (including the ban on making assets or economic resources available to the persons or entities covered) in accordance with paragraph 3 (e) of resolution 1591 (2005). Article 4 of the ordinance bans entry into and transit through Switzerland in accordance with paragraph 3 (d) of the resolution. The names of persons and entities affected by these measures will be annexed to the ordinance as soon as the Committee issues a list of names.
