

**Security Council**

Distr.: General  
30 August 2005

Original: English

---

**Security Council Committee established  
pursuant to resolution 1540 (2004)****Letter dated 23 August 2005 from the Deputy Permanent  
Representative of the Russian Federation to the United Nations  
addressed to the Chairman of the Committee**

The Permanent Mission of the Russian Federation to the United Nations presents its compliments to the Chairman of the Security Council Committee established pursuant to resolution 1540 (2004) and, with reference to his letter dated 15 June 2005, has the honour to submit herewith the second report of the Russian Federation on the implementation of Security Council resolution 1540 (2004) (see annex).

We would like to confirm that the Russian Federation gives constant priority to the task of full implementation of resolution 1540 (2004) and to cooperation with the Committee in this regard, and express our readiness to answer any additional questions related to our ongoing efforts in the field of non-proliferation of weapons of mass destruction and their means of delivery.

*(Signed)* Konstantin K. **Dolgov**  
Deputy Permanent Representative

**Annex to the letter dated 23 August 2005 from the Deputy Permanent Representative of the Russian Federation to the United Nations addressed to the Chairman of the Committee**

[Original: Russian]

**Second report of the Russian Federation on the implementation of Security Council resolution 1540 (2004)**

23 August 2005

**OP 1 and related matters from OP 5, OP 6, OP 8 (a), (b) and (c) and OP 10**

State: Russian Federation  
Date of report: 26 October 2004

Did you make one of the following statements or is your country a State Party to or Member State of one of the following conventions, treaties and arrangements?	YES	If YES, indicate relevant information (i.e. signing, accession, ratification, entering into force, etc.)	Remarks (information refers to the pages of the English version of the report or an official website)
1		General statement on non-possession of WMD	
2	X	Principles of Russian Federation government policy on non-proliferation of WMD and their means of delivery (adopted in 2005).	
3	X	It is illegal to provide any form of support to non-State actors reliably believed to be involved in activities connected with WMD and their means of delivery.	Page 3 of report.
4	X	Depository State, instrument of ratification deposited on 26 March 1975.	Page 8 of report. <a href="http://disarmament.un.org:8080/TreatyStatus.nsf">http://disarmament.un.org:8080/TreatyStatus.nsf</a>
5	X	Instrument of ratification deposited on 5 November 1997.	
6	X	Depository State, instrument of ratification deposited on 5 March 1970.	
7	X	Instrument of ratification deposited on 30 June 2000.	Page 10 of report. <a href="http://disarmament.un.org:8080/TreatyStatus.nsf">http://disarmament.un.org:8080/TreatyStatus.nsf</a>

8	Convention on Physical Protection of Nuclear Material (CPPNM)	X	Instrument of ratification deposited on 25 May 1983. Convention entered into force on 8 February 1987.	Page 6 of report. <a href="http://disarmament.un.org:8080/TreatyStatus.nsf">http://disarmament.un.org:8080/TreatyStatus.nsf</a>
9	Hague Code of Conduct (HCOC)	X	The Russian Federation acceded to the Convention on 25 November 2002.	<a href="http://www.minbuza.nl/default.asp?CMSITEM=858DD6DAE6BE4DF2ABAD1FE0A25AB3CX45455X99">http://www.minbuza.nl/default.asp?CMSITEM=858DD6DAE6BE4DF2ABAD1FE0A25AB3CX45455X99</a>
10	Geneva Protocol of 1925	X	Instrument of ratification deposited on 5 April 1928.	<a href="http://disarmament.un.org:8080/TreatyStatus.nsf">http://disarmament.un.org:8080/TreatyStatus.nsf</a>
11	International Atomic Energy Agency (IAEA)	X	Since 1957.	Page 8 of report.

Controls of BW including Related Materials**

State: Russian Federation  
Date of report: 26 October 2004

Which of the following legislation, procedures, measures, agencies exist to control border crossings, export/import and other transfers of BW and Related Materials? Can violators be penalized?		National legal framework		Enforcement: civil/criminal penalties, and others		Remarks
		YES	If YES, indicate source document	YES	If YES, indicate source document	
1	Border control	X	1. Federal Act No. 4730-1 of 1 April 1993 “On procedures for crossing the State border”. 2. Methodological guidelines entitled “Sanitary and quarantine control in airports open to international traffic”, approved by the Chief Medical Officer on 5 December 2002. 3. Methodological guidelines entitled “Sanitary and quarantine control in sea and river ports open to international traffic”, approved by the Chief Medical Officer on 3 July 2002.	X	Federal Act No. 63-FZ of 13 June 1996, “Penal Code of the Russian Federation”, articles 188, 189 and 355.	Pages 4, 6 and 13 of report.
2	Technical support of border control measures					
3	Control of brokering, trading in, negotiating, otherwise assisting in sale of goods and technology	X	Federal Act No. 183-FZ of 18 July 1999 “On export control”.	X	Federal Act No. 63-FZ of 13 June 1996, “Penal Code of the Russian Federation”, article 189.	Page 6 of report.

4	Enforcement agencies/authorities	X	<p>1. Federal Act No. 40-FZ of 3 April 1995 “On the organs of the Federal Security Service in the Russian Federation”.</p> <p>2. Federal Act No. 144-FZ of 12 August 1995 “On operational/investigative activities”.</p>	X	Federal Act No. 63-FZ of 13 June 1996, “Penal Code of the Russian Federation”, articles 188, 189 and 355.	
5	Export control legislation in place	X	<p>1. Federal Act No. 183-FZ of 18 July 1999 “On export control”.</p> <p>2. Decision No. 634 of the Government of the Russian Federation of 29 August 2001 “On approval of the Regulations for the control of foreign economic activity in relation to human, animal and plant disease-inducing agents (pathogens), genetically modified micro-organisms, toxins, equipment and technologies”.</p> <p>3. Decision No. 57 of the Government of the Russian Federation of 22 January 1998 “On strengthening controls over the export of dual-use goods and services associated with weapons of mass destruction and the missiles for their delivery”.</p>	X	Federal Act No. 63-FZ of 13 June 1996, “Penal Code of the Russian Federation”, article 189. Federal Act No. 195-FZ of 30 December 2001, “ <i>Code of the Russian Federation on Administrative Offences</i> ”, article 14.20.	Pages 4, 6 and 14 of report.

6	Licensing provisions	X	<p>1. Federal Act No. 183-FZ of 18 July 1999 “On export control”.</p> <p>2. Decision No. 634 of the Government of the Russian Federation of 29 August 2001 “On approval of the Regulations for the control of foreign economic activity in relation to human, animal and plant disease-inducing agents (pathogens), genetically modified micro-organisms, toxins, equipment and technologies”.</p> <p>3. Decision No. 57 of the Government of the Russian Federation of 22 January 1998 “On strengthening controls over the export of dual-use goods and services associated with weapons of mass destruction and the missiles for their delivery”.</p>			Pages 6, 7 and 14 of report.
7	Individual licensing	X	Decision No. 634 of the Government of the Russian Federation of 29 August 2001.			
8	General licensing	X	Decision No. 634 of the Government of the Russian Federation of 29 August 2001.			
9	Exceptions from licensing	X	Decision No. 634 of the Government of the Russian Federation of 29 August 2001.			
10	Licensing of deemed export/visa					

11	National licensing authority	X	Federal Technical and Export Control Service (FSTEK of Russia), in accordance with Decree No. 1085 of the President of the Russian Federation of 16 August 2004 “On matters concerning the Federal Technical and Export Control Service”.			
12	Inter-agency review for licenses	X	Inter-agency process: Decree No. 294 of the Government of the Russian Federation of 16 April 2001 “On approval of the rules for conducting a State evaluation of foreign economic transactions involving goods, information, work, services and the results of intellectual activities for which export controls have been established”.			Page 7 of report.
13	Control lists	X	Decree No. 1004 of the President of the Russian Federation of 8 August 2001 “On approval of the list of human, animal and plant disease-inducing agents (pathogens), genetically modified micro-organisms, toxins, equipment and technology subject to export control.			Page 12 of report.

14	Updating of lists	X	National lists are drawn up in line with the multilateral export control regimes. Model lists of the Eurasian Economic Community (of which Russia is a member) are prepared on the basis of the relevant multilateral export control regime lists, approved by decision No. 190 of the Interstate Council of the Eurasian Economic Community of 21 September 2004. (The lists will enter into force following the ratification by all States of the Agreement of 28 October 2003 on a Single System for Export Control by Member States of the Eurasian Economic Community).			Page 8 of report.
15	Inclusion of technologies	X	<p>1. Technologies are included in the list approved by Decree No. 1004 of the President of the Russian Federation of 8 August 2001 “On approval of the list of human, animal and plant disease-inducing agents (pathogens), genetically modified micro-organisms, toxins, equipment and technology subject to export control”.</p> <p>2. Model lists of the Eurasian Economic Community include technologies which correspond to the multilateral export control regime lists.</p>			Page 6 of report.
16	Inclusion of means of deliveries	X	Federal Act No. 183-FZ of 18 July 1999 “On export control”.			Page 6 of report.

17	End-user controls	X	<p>End-user controls are covered under:</p> <p>1. Paragraphs 8 and 9 of the “Regulations for the control of foreign economic activity in relation to human, animal and plant disease-inducing agents (pathogens), genetically modified micro-organisms, toxins, equipment and technologies”, approved by decision No. 634 of the Government of the Russian Federation of 29 August 2001.</p> <p>2. “Regulations on monitoring compliance with obligations to safeguard the use of imported and exported dual-use goods (services)”, approved by decision No. 1030 of the Government of the Russian Federation of 11 October 1993.</p>			Page 7 of report.
18	Catch-all clause	X	<p>A special permit is required where there is reason to assume, or information to the effect that goods or technologies may be used for the production of weapons of mass destruction or their means of delivery.</p>			Page 7 of report.

			Catch-all controls are covered under Federal Act No. 183-FZ of 18 July 1999 “On export control”, article 20. The procedure for its application is laid down in decision No. 57 of the Government of the Russian Federation of 22 January 1998 “On strengthening controls over the export of dual-use goods and services associated with weapons of mass destruction and the missiles for their delivery” and in decision No. 634 of the Government of the Russian Federation of 29 August 2001.			
19	Intangible transfers	X	The procedure for monitoring the transfer of controlled technologies in the form of technical assistance is covered under paragraph 13 of decision No. 634 of the Government of the Russian Federation of 29 August 2001 “On approval of the Regulations for the control of foreign economic activity in relation to human, animal and plant disease-inducing agents (pathogens), genetically modified micro-organisms, toxins, equipment and technologies”.			Page 7 of report.
20	Transit control	X	Performed in accordance with the regulations of the Federal Customs Service of the Russian Federation.			

21	Trans-shipment control	X	Performed in accordance with the regulations of the Federal Customs Service of the Russian Federation.			
22	Re-export control	X	The procedure for re-export control is covered under paragraphs 36 and 37 of the Regulations for the control of foreign economic activity in relation to human, animal and plant disease-inducing agents (pathogens), genetically modified micro-organisms, toxins, equipment and technologies”, approved by decision No. 634 of the Government of the Russian Federation of 29 August 2001.			
23	Control of providing funds					
24	Control of providing transport services					
25	Control of importation					
26	Extraterritorial applicability					
27	Other	X	A special permit is required to conduct foreign trade operations. Decision No. 303 of the Government of the Russian Federation of 16 May 2005 “On the division of competencies between federal executive agencies for the biological and chemical safety of the Russian Federation”.			Page 7 of report.

Controls of BW including Related Materials**

State: Russian Federation  
Date of report: 26 October 2004

Which of the following legislation, procedures, measures, agencies exist to control border crossings, export/import and other transfers of BW and Related Materials? Can violators be penalized?		National legal framework		Enforcement: civil/criminal penalties, and measures of implementation, etc.		Remarks
		YES	If YES, indicate source document	YES	If YES, indicate source document	
1	Border control	X	1. Federal Act No. 4730-1 of 1 April 1993 "On procedures for crossing the State border". 2. Methodological guidelines entitled "Sanitary and quarantine control in airports open to international traffic", approved by the Chief Medical Officer of the Russian Federation on 5 December 2002. 3. Methodological guidelines entitled "Sanitary and quarantine control in sea and river ports open to international traffic", approved by the Chief Medical Officer of the Russian Federation on 3 July 2002.	X	Federal Act No. 63-FZ of 13 July 1996, "Penal Code of the Russian Federation", article 189.	Pages 4, 6 and 12 of report.
2	Technical support of border control measures					
3	Control of brokering, trading in, negotiating, otherwise assisting in sale of goods and technology	X	Federal Act No. 183-FZ of 18 July 1999 "On export control".	X	Federal Act No. 63-FZ of 13 July 1996, "Penal Code of the Russian Federation", article 189. The goal of export control is to detect, deter, prevent and combat.	Page 6 of report.

4	Enforcement agencies/authorities	X	Federal Act No. 40-FZ of 3 April 1995 “On the organs of the Federal Security Service of the Russian Federation”. Federal Act No. 144-FZ of 12 August 1995 “On operational investigative activities”.	X	Federal Act No. 63-FZ of 13 June 1996, “Penal Code of the Russian Federation, articles 188, 189, 355 and others.	
5	Export control legislation in place	X	1. Federal Act No. 183-FZ “On export control”. 2. Decision No. 686 of the Government of the Russian Federation of 24 September 2001 “On approval of the Regulations for the control of foreign economic activity in relation to chemicals, equipment and technology that can be used for the production of chemical weapons”. 3. Decision No. 57 of the Government of the Russian Federation of 22 January 1998 “On strengthening controls over the export of dual-use goods and services associated with weapons of mass destruction and the missiles for their delivery”.	X	Federal Act No. 63-FZ of 13 June 1996, “Penal Code of the Russian Federation”, article 189.	Pages 4, 6 and 14 of report.
6	Licensing provisions	X	Export of “sensitive” goods requires permission or some other form of governmental approval. 1. Federal Act No. 183-FZ of 18 July 1999 “On export control”. 2. Decision No. 686 of the Government of the Russian Federation of 24 September 2001 “On approval of the Regulations for the control of foreign economic operations in relation to chemicals, equipment and technology that can be used for the production of chemical weapons”. 3. Decision No. 57 of the Government of the Russian Federation of 22 January 1998 “On strengthening controls over the export of dual-use goods and services associated with weapons of mass destruction and the missiles for their delivery”.			Pages 6, 7 and 14 of report.

7	Individual licensing	X	Decision No. 686 of the Government of the Russian Federation of 24 September 2001.			
8	General licensing	X	Decision No. 686 of the Government of the Russian Federation of 24 September 2001.			
9	Exceptions from licensing	X	Decision No. 686 of the Government of the Russian Federation of 24 September 2001.			
10	Licensing of deemed export/visa					
11	National licensing authority	X	Federal Technical and Export Control Service (FSTEK of Russia), in accordance with Decree No. 1085 of the President of the Russian Federation of 16 August 2004 "On matters concerning the Federal Technical and Export Control Service".			
12	Inter-agency review for licenses	X	The inter-agency process is covered under Decision No. 294 of the Government of the Russian Federation of 16 April 2001 "On approval of the rules for conducting a State evaluation of foreign economic transactions involving goods, information, work, services and the results of intellectual activities for which export controls have been established".			Page 7 of report.
13	Control lists	X	Decree No. 1082 of the President of the Russian Federation of 28 August 2001 "On approval of the List of chemicals, equipment and technologies which can be used for the production of chemical weapons and for which export controls have been established".			Page 11 of report.

14	Updating of lists	X	Carried out in accordance with multilateral export control regimes. Also applicable to the model lists of the Eurasian Economic Community approved by decision No. 190 of the Inter-State Council of the Eurasian Economic Community of 21 September 2004 (The lists will enter into force following ratification by all States of the Agreement of 28 October 2003 on a Single System for Export Control by member States of the Eurasian Economic Community).			Page 8 of report.
15	Inclusion of technologies	X	1. Technologies are included in the list approved by Decree No. 1082 of the President of the Russian Federation of 28 August 2001. 2. The model lists of the Eurasian Economic Community include technologies corresponding to those found in the multilateral export control regime lists.			Page 6 of report.
16	Inclusion of means of delivery	X	Federal Act No. 183-FZ of 18 July 1999 "On export control".			Page 6 of report.
17	End-user controls	X	End-user controls are covered under: 1. Paragraphs 11 and 12 of the Regulations on controls over foreign economic activities involving chemicals, equipment and technologies that can be used for the production of chemical weapons, approved by Decision No. 686 of the Government of the Russian Federation of 24 September 2001. 2. Regulations on monitoring compliance with obligations to safeguard the use of imported and exported dual-use goods (services), approved by Decision No. 1030 of the Government of the Russian Federation of 11 October 1993.			Page 7 of report.

18	Catch-all clause	X	A special permit is required where there is reason to assume or information to the effect that goods and technologies may be used for the production of weapons of mass destruction or the means of their delivery. Catch-all controls are covered under article 20 of Federal Act No. 183-FZ of 18 July 1999 "On export control". The procedure for its implementation is laid down in Decisions No. 57 of 22 January 1998 and No. 686 of 24 September 2001 of the Government of the Russian Federation.			Page 7 of report.
19	Intangible transfers	X	The procedure for monitoring the transfer of controlled technologies through technical assistance is covered in paragraph 16 of the Regulations approved by Decision No. 686 of the Government of the Russian Federation of 24 September 2001.			Page 7 of report.
20	Transit control	X	Performed in accordance with the regulations of the Federal Customs Service of the Russian Federation.			
21	Trans-shipment control	X	Performed in accordance with the regulations of the Federal Customs Service of the Russian Federation.			
22	Re-export control	X	The procedure for re-export control is covered in paragraphs 42 and 43 of the Regulations approved by Decision No. 686 of the Government of the Russian Federation of 24 September 2001.			
23	Control of providing funds					
24	Control of providing transport services					

25	Control of importation	X	The procedure for importing the chemicals on Schedules 1 to 3 is covered in paragraphs 24 to 26 of the Regulations approved by Decision No. 686 of the Government of the Russian Federation of 24 September 2001.			
26	Extraterritorial applicability					
27	Other	X	Foreign trade operations require special permission in accordance with Decision No. 303 of the Government of the Russian Federation of 16 May 2005 “On the division of competencies between federal executive agencies for the biological and chemical safety of the Russian Federation”.			Page 7 of report.
