

INFORMATION CIRCULAR N°. 24

Subject: Post adjustment for staff in the Professional and higher categories: results of the 2005 place-to-place survey in Geneva

1. As announced in the information circular IC/Geneva/2005/36, the International Civil Service Commission (ICSC) has conducted from 3 to 31 October 2005 a place-to-place survey in order to collect statistical data for re-assessing the level of the post adjustment index for Geneva.
2. At its sixty-second session held from 13 to 31 March 2006 in Vienna, the ICSC has approved the survey results and decided to implement them with the effective date of 1 April 2006. The revised post adjustment multiplier of 62.2 effective as of that date reflects, inter-alia, a 2.1 points increase based on the outcome of the survey and updated as at 1 April 2006.
3. The above increase has been implemented in the April 2006 payroll.
