RESOLUTION ADOPTED BY THE DISARMAMENT COMMISSION
AT ITS 98TH MEETING ON 11 JUNE 1965

The Disarmament Commission,

Recognizing the paramount importance of disarmament as one of the basic problems of the contemporary world and that its solution should be sought in a world-wide framework,

Convinced that a world disarmament conference as proposed by the Second Conference of Non-Aligned Countries would provide powerful support to the efforts which are being made to set in motion the process of disarmament and for securing the further and steady development of this process, with a view to speeding up general and complete disarmament under effective international control and thus contributing to the relaxation of international tension,

1. Welcomes the proposal adopted at the Second Conference of Non-Aligned Countries in October 1964 for the convening of a world disarmament conference to which all countries would be invited;
 2. Recommends that the General Assembly give urgent consideration to the above-mentioned proposal at its twentieth session.

RESOLUTION ADOPTED BY THE DISARMAMENT COMMISSION
AT ITS 102ND MEETING ON 15 JUNE 1965

The Disarmament Commission,

Having considered the report dated 17 September 1964 of the Eighteen-Nation Disarmament Committee submitted to the United Nations Disarmament Commission and to the nineteenth session of the General Assembly,

Reaffirming the ultimate and continuing responsibility of the United Nations for disarmament,

Noting with regret that during 1964 despite the efforts made by the Eighteen-Nation Disarmament Committee no specific agreements were reached either on general and complete disarmament or on measures aimed at the lessening of international tension, or halting and reversing the arms race,

Deploing that, notwithstanding General Assembly resolutions 1762 (XVII) and 1910 (XVIII), nuclear weapon tests have taken place and also that no agreement has been reached on the "discontinuance of all test explosions of nuclear weapons for all time", which is one of the stated objectives of the partial test-ban treaty,

Considering that the memorandum of 14 September 1964 submitted to the Conference of the Eighteen-Nation Disarmament Committee by the delegations of Brazil, Burma, Ethiopia, India, Mexico, Nigeria, Sweden and the United Arab Republic, represents a fair and sound basis for the conduct of negotiations towards removing the remaining differences for the conclusion of a comprehensive test-ban treaty,

Convinced that failure to conclude a universal treaty or agreement to prevent the proliferation of nuclear weapons leads to the most serious consequences,

Deeply conscious of the urgency of making early progress towards the goal of general and complete disarmament under effective international control and of reaching agreement on measures which would facilitate the attainment of that goal,

Bearing in mind the proposals made at its present session for measures to reduce international tension and halt and reverse the arms race, and also at the meeting of the Organization of African Unity and the Second Conference of Heads of State or Government of Non-Aligned Countries,

Recalling the principle that a substantial part of the resources that will be released through disarmament should be devoted to the economic and social development of the developing countries, thus contributing to the evolution of a safer and better world,

1. Reaffirms the call of the General Assembly upon all States to become parties to the Treaty banning nuclear weapon tests in the atmosphere, in outer space and under water, and to abide by its spirit and provisions;

2. Recommends that the Eighteen-Nation Disarmament Committee should:

(a) reconvene as early as possible to resume as a matter of urgency its efforts to develop a treaty on general and complete disarmament under effective international control, and to consider all proposals for measures to relax international tension and halt and reverse the arms race, including those submitted to the Disarmament Commission at its present session;

(b) consider as a matter of priority the question of extending the scope of the partial test-ban treaty to cover underground tests;

(c) also accord special priority to the consideration of the question of a treaty or convention to prevent the proliferation of nuclear weapons giving close attention to the various suggestions that agreement could be facilitated by adopting a programme of certain related measures:

(d) keep in mind the principle of converting to programmes of economic and social development of the developing countries a substantial part of the resources gradually released by the reduction of military expenditures;

Requests the Eighteen-Nation Disarmament Committee to report to the Disarmament Commission and to the General Assembly during its twentieth session on the progress made in respect of the above recommendations.
