Twenty-fifth session

Nairobi, 6–14 November 2006

Item 14 (b) of the provisional agenda

Administrative, financial and institutional matters

Budget performance for the biennium 2006–2007

Status of contributions as at 15 October 2006

Note by the secretariat

1. This document contains information on the status of receipt of contributions to the United Nations Framework Convention on Climate Change (UNFCCC) trust funds as at 15 October 2006. For purposes of clarity the status of contributions to the Kyoto Protocol is reported separately to the status of contributions to the Convention.
2. Table 1 lists all 189 Parties to the Convention and shows the expected and received contributions during 2006 and the net outstanding balances due to the Trust Fund for the Core Budget. Ninety-four Parties have paid their contribution for 2006, which represents 87 per cent of the indicative contributions for this year. Parties are listed in Table 2 in 12 groups according to their status of contributions paid to the core budget for the Convention.
3. Table 3 lists all 165 Parties to the Kyoto Protocol and shows the expected and received contributions during 2006 and the net outstanding balances due to the Trust Fund for the Core Budget. The contributions for 2006 have been adjusted because the Parties to the Kyoto Protocol had increased from 156 in January to 165 by the end of September 2006. Sixty-seven Parties have paid their contribution for 2006, which represents 82 per cent of the indicative contributions for this year. Table 4 lists Parties in three groups according to their status of contributions paid to the core budget for the Kyoto Protocol.
4. Tables 5 and 6 report on contributions received in the biennium 2006–2007 for the Trust Fund for Supplementary Activities (including clean development mechanism fees) and the Trust Fund for Participation in the UNFCCC Process, respectively.

Eif = Entry into force

Note: Figures in parentheses indicate credits, which will be regarded as advance payments against contributions for future years.

^a Contributions become due on the date of entry into force for each Party. Asterisks indicate contributions that will become due later than 15 October 2006. This has necessitated a recalculation of contributions for 2006 to the Kyoto Protocol at the end of September 2006.
