**Annex to the note verbale dated 21 February 2007 from the Permanent Mission of Georgia to the United Nations addressed to the Chairman of the Committee**

Georgia, as a State Party of the Treaty on the Non-Proliferation of Nuclear Weapons, welcomes the adoption of United Nations Security Council resolution 1737, which requires Iran to cooperate fully with the IAEA in resolving the outstanding questions surrounding its nuclear programme and to take the steps necessary to build international confidence in Iran's nuclear programme.

The necessary measures have been taken to facilitate the implementation of the sanctions, imposed by the resolution; particularly, the text of the document and its annexes have been communicated to the corresponding Georgian governmental authorities and are being used as a guideline in their work. Specifically, the Ministry of Internal Affairs, the Ministry of Defence and the National Bank of Georgia are taking the necessary measures in order to prevent the supply, sale or transfer directly or indirectly from the territory of Georgia of all items, materials, equipment, goods and technology that could contribute to Iran's enrichment-related, reprocessing or heavy water-related activities, or to the development of nuclear weapon delivery system; to prevent the provision to Iran of any technical assistance or training, financial assistance, investment, brokering or other services, and the transfer of financial resources or services, related to the supply, sale, transfer, manufacture or use of the prohibited items, materials, equipment, goods and technology specified in paragraphs 3 and 4 of the resolution; to freeze the funds, other financial assets and economic resources which are on their territories at the date of adoption of this resolution or at any time thereafter that are owned or controlled by the persons or entities designated by the Security Council or by the Committee as being engaged in, directly associated with or providing support for Iran's proliferation sensitive nuclear activities or the development of nuclear weapon delivery systems, or by persons or entities acting on their behalf or at their direction, or by entities owned or controlled by them, including through illicit means, and that the measures in this paragraph shall cease to apply in respect of such persons or entities if, and at such time as, the Security Council or the Committee removes them from the Annex.
