IC/Geneva/2007/16  
29 March 2007

**INFORMATION CIRCULAR No. 16**

**Subject:** Replacement of entry/exit doors - Door 6

1. The programme of major maintenance and improvement work in the Palais des Nations provides for the replacement of the entry/exit doors at door 6 of the Council building.
2. Access through door 6 will therefore not be possible from Monday, 2 April 2007, until the completion of work, which is expected on Friday, 13 April 2007.
3. The complete closure of door 6 is necessary for practical and security reasons.
4. While work is in progress, the Council building will be accessible from the Secretariat building courtyard through door 4 or door 9. Access through door 23 will also be possible.
5. I should like to thank staff members and members of the permanent missions in advance for accepting the constraints and inconveniences caused by this work.

(Signed): **Aminata Djermakoye**  
Director, Division of Administration
