

SUBSIDIARY BODY FOR IMPLEMENTATION

Twenty-sixth session

Bonn, 7–18 May 2007

Agenda item 11

Capacity-building under the Kyoto Protocol

Capacity-building under the Kyoto Protocol

Draft conclusions proposed by the Chair

1. The Subsidiary Body for Implementation (SBI) took note of decision 6/CMP.2 inviting Parties, relevant multilateral and bilateral agencies, and the private sector to provide information on capacity-building activities undertaken pursuant to decision 29/CMP.1.
2. The SBI requested the secretariat to compile the submissions by Parties and appropriate reports of relevant multilateral and bilateral agencies and the private sector, referred to in decision 6/CMP.2, into a miscellaneous document, for consideration by the SBI annually in its second sessional period.
3. The SBI took note of the format¹ to guide the secretariat in the preparation of the synthesis report referred to in decision 4/CP.12. The SBI agreed that this format is also relevant for the preparation of the synthesis report referred to in decision 6/CMP.2, and that decision 29/CMP.1 should guide the reporting on the categories in that report.
4. The SBI invited Parties and other relevant organizations to consider use of the format referred to above in preparing their submissions referred to in decision 6/CMP.2.
5. The SBI agreed that the synthesis report referred to in paragraph 3 above should be presented jointly with the report for capacity-building under the Convention referred to in decision 4/CP.12.
6. The SBI noted with appreciation the organization of the second meeting of the clean development mechanism (CDM) designated national authorities forum (DNA forum) held on 26–27 March 2007, the informal meeting of the DNA forum held on 11 May 2007, and the special event on the Nairobi Framework² held on 14 May 2007. The SBI acknowledged the importance of such forums for, inter alia, exchanging experiences and lessons learned with respect to the CDM, and identifying further capacity-building measures in developing countries. The SBI also noted that it looks forward to receiving reports on these events.

² Implementing the Nairobi Framework: a mobilization event <http://cdm.unfccc.int/Nairobi_Framework>.

7. The SBI reiterated the request by the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol for Parties to continue with the implementation of measures to assist Parties not included in Annex I to the Convention, in particular least developed countries and small island developing States, and bearing in mind the difficulties faced by Africa in attracting CDM projects, to carry out capacity-building activities as defined in decision 29/CMP.1, in order to facilitate the participation of countries in the Africa region in the CDM (decision 6/CMP.2).
