Sixty-third session  
Geneva, 12-15 November 2007  
Item 5 (c) of the provisional agenda

**PROPOSALS OF AMENDMENTS TO THE ATP**

New proposals

Annex 2

Transmitted by the Netherlands

Introduction

1. Provisions for temperature recording instruments (Temperature recorders) for storage facilities and of transport equipment were introduced in European Commission Directive 92/1/EC. The Directive came into effect on 31 July 1993. The introduction for railway transport equipment was, however, postponed to a date to be “decided later”.
2. Directive 92/1/EC was reflected in the text of Annex 2 of the Agreement (ATP). With the replacement of Directive 92/1/EC by EC Regulation (EC) No. 37/2005, the exception for railway transport equipment expired on 1 January 2006.

Proposal

3. Amend Annex 2, paragraph 1, second subparagraph, first sentence (original text in italics, text to be deleted is struck through).

*By that means the equipment used for the transport of quick-frozen foodstuffs ~~other than railway equipment~~ shall be fitted with the device referred to in appendix 1 to this annex.*

Justification

4. To remain in line with EC legislation, Annex 2 of the ATP needs to be amended. See Article 3, first sentence of the revoked Directive 92/1/EC and Article 5, second paragraph of EC Regulation (EC) No. 37/2005.
