It is based on informal document No. GRSG-92-31, distributed during the ninety-second session of the Working Party on General Safety Provisions (GRSG) (ECE/TRANS/WP.29/GRSG/71, para. 3) proposing modifications to the text of document ECE/TRANS/WP.29/GRSG/2007/2. The proposed modifications are marked in **bold** or ~~strikethrough~~ characters.

B. JUSTIFICATION

This proposal aims at aligning the scope of Regulation No. 66 with that of Annex IV of the European Union (EU) Directive 2001/85/EC. In addition, it allows granting type approvals to other classes of vehicles not covered by the mandatory scope of the Regulation, at the request of the manufacturer in order to guarantee a higher safety level.
