Overview

- 28.1 The overall purpose of section 28, Management and support services, the responsibility for which is vested in the Department of Management and the administrative services of the United Nations Office at Geneva, the United Nations Office at Vienna and the United Nations Office at Nairobi, is to enhance the accountability and the efficiency and effectiveness of the Organization in managing its resources in three broad management areas, namely, finance, human resources and support services, including procurement and infrastructure; to provide support services to the intergovernmental processes of the Organization; to secure financing for the mandated programmes and activities of the Secretariat; and to support the implementation of those programmes and activities.
- 28.2 Programme 24, which provides the programmatic framework for this section, derives its mandates from relevant articles of the Charter of the United Nations, specifically Articles 8, 17, 97, 100 and 101, as well as the Financial Regulations and Rules of the United Nations, the Staff Regulations and Rules, the Regulations and Rules Governing Programme Planning, the Programme Aspects of the Budget, the Monitoring of Implementation and the Methods of Evaluation, General Assembly resolutions 41/213 and 42/211 and the successive annual resolutions on the review of the efficiency of the administrative and financial functioning of the United Nations, as well as resolutions 52/12 A and B, 57/300, 58/29, 60/1, 60/260 and 60/283, addressing issues of the reform and revitalization of the Organization, and other relevant resolutions.
- 28.3 The programme is also focused on implementing key management reform measures approved by the General Assembly, with the support of a communications strategy that ensures that Member States, managers and staff are fully informed of and participate in the efforts to ensure a more effective and results-oriented Organization.
- . 28.4 In accordance with the provisions of General Assembly resolutions 63/250 on human resources management and 63/262 on information and communications technology, enterprise resource planning and security, disaster recovery and business continuity, the revised strategic framework for programme 24 (A/64/74) will be submitted to the Committee for Programme and Coordination at its forty-ninth session for its review and its recommendation to the General Assembly. In this connection, it will be noted that the proposed changes have been reflected in the proposed programme budget for sections 28C to 28G.
- . 28.5 Details on the composition of the outputs proposed under section 28 along with their specific objectives, expected accomplishments and indicators of achievements and the related resource requirements are contained in subsections 28A to 28G. Summaries of the overall resource requirements for section 28 are set out in tables 28.1 to 28.3 below.
