ECONOMIC DEVELOPMENT OF
UNDER-DEVELOPED COUNTRIES

Expanded co-operative programme of technical
assistance for economic development

Communication dated 7 October 1949 from the International Civil Aviation
Organization to the Secretary-General

At the request of the Secretary-General of the International Civil
Aviation Organization, the Secretary-General has the honour to communicate
the following letter regarding action taken by the Council of the ICAO
in September 1949:

I have the honour to inform you that the Council of the International
Civil Aviation Organization, at its meeting of 13 September last, considered
the results of the discussions on technical assistance held during the
last session of the Economic and Social Council. The Council examined
the resolution of the Economic and Social Council of 15 August 1949 and,
in particular, paragraph 10 thereof, which recommends that the specialized
agencies concerned take certain steps.

I am glad to inform you that the Council of this Organization,
having considered these proposals, decided that it would approve and
support ICAO's participation in the technical assistance programme.
The Financial Regulations of ICAO already permit the Organization to
receive and administer monies, other than those received through the
general contributions of its Contracting States, for the purposes of
the technical assistance programme and to exercise the required controls
over the technical assistance activities and the monies and resources
received.

(Signed) Albert Roper
Secretary-General
