Sixty-sixth Session
Supplement No. 30

30 September 2011

Report of the International Civil Service Commission for 2011

Corrigendum

1. Summary of recommendations of the International Civil Service Commission

Replace sections A and B with the following text:

Paragraph reference

A. Conditions of service applicable to both categories of staff

1. Review of the level of the mobility, hardship and non-removal allowance

47 The Commission decided to recommend to the General Assembly: (a) that an increase of 2.5 per cent be granted for the hardship allowance, the mobility allowance and the non-removal allowance, respectively, for implementation on 1 January 2012; and (b) that the additional non-family hardship element for staff serving in non-family duty stations be adjusted by the same percentage as the hardship, mobility and non-removal allowances, for implementation on 1 January 2012.

2. Performance management

90 The Commission decided to submit the revised framework to the General Assembly for its approval and to consider the use of merit steps at a future session.

3. Education grant methodology: minimum eligibility age for the receipt of the grant

96 The Commission recommends to the General Assembly that as of the school year in progress on 1 January 2012, the current eligibility requirements as regards the minimum age for the receipt of the education grant should be amended to exceptionally allow for a minimum eligibility age lower than the age of 5 for those educational institutions which, by virtue of law, require an earlier start of formal education. The Commission also recommends that the General Assembly invite the organizations of the common system to amend the minimum age eligibility requirement accordingly in order to harmonize the grant's eligibility requirement.

B. Remuneration of the Professional and higher categories

1. Base/floor salary scale

120 and 121 The Commission decided to recommend to the General Assembly, for approval, with effect from 1 January 2012, the base/floor salary scale and the revised rates of staff assessment used in conjunction with gross base salaries for the Professional and higher categories as shown in annex V to the present report. The Commission also recommended that the staff assessment rates used in conjunction with gross salaries be reviewed every three years and revised as appropriate.

2. Evolution of the United Nations/United States net remuneration margin

132 The Commission reports to the General Assembly that the margin between the net remuneration of the United Nations staff in grades P-1 to D-2 in New York and the United States federal civil service in Washington, D.C., for the year 2011 was estimated at 114.9.

3. Survey and report on diversity in the United Nations common system

145 The Commission decided to inform the General Assembly on the status of geographical distribution in the organizations of the common system and actions being taken by organizations and their governing bodies to achieve geographical balance. The Commission also decided to study the recruitment policies with a view to recommending to the organizations measures that would be more favourable to diversity and to revert to discussing diversity broadly at a later date.

2. Paragraph 40

For the existing text *substitute*

40. The Commission reviewed the following three options, which used as a basis the preceding factors and results for increasing the current flat amounts of allowances under the mobility and hardship scheme for implementation on 1 January 2012.

3. Paragraph 47

For the existing text *substitute*

47. The Commission decided:

(a) To recommend to the General Assembly that an increase of 2.5 per cent be granted for the hardship allowance, the mobility allowance and the non-removal allowance, respectively, for implementation on 1 January 2012 (see annex III for revised amounts of allowances under the mobility and hardship scheme);

(b) That the additional non-family hardship element for staff serving in non-family duty stations should be adjusted by the same percentage as the hardship, mobility and non-removal allowances, for implementation on 1 January 2012.

4. Paragraph 120

At the end of the paragraph, insert an additional subparagraph *reading*

(c) In response to a follow-up request from the United Nations Secretariat regarding the overall targeted decrease in the staff assessment amounts for the Professional and higher category of staff, which were calculated based on the approximate breakdown of the United Nations categories of staff as provided by the United Nations Secretariat, the staff assessment rates were further slightly revised. This resulted in the lowering by approximately 1 percentage point of the rates applicable to the lower two assessable income brackets. No changes were made to the upper two brackets. The revised salary scale for the Professional and higher categories showing annual gross salaries and net equivalents after application of staff assessment, effective 1 January 2012, and the staff assessment rates to be used in conjunction with gross base salaries are included in annex V.

5. Annex V

Replace annex V with the following:

Annex V

Salary scale for the Professional and higher categories and staff assessment to be used in conjunction with gross base salaries

A. Salary scale for the Professional and higher categories showing annual gross salaries and net equivalents after application of staff assessment, effective 1 January 2012

B. Staff assessment to be used in conjunction with gross base salaries

1. Staff assessment rates for those with dependants

(United States dollars)

<i>Assessable income</i>	<i>Assessment rate (percentage)</i>
First 50,000	15
Next 50,000	21
Next 50,000	27
Remaining assessable amount	30

2. Staff assessment rates for those without dependants

Staff assessment amounts for those with neither a dependent spouse nor a dependent child would be equal to the difference between the gross salaries at different grades and steps and the corresponding net salaries at the single rate.
