

Framework Convention on Climate Change

Distr.: Limited
3 December 2011

Original: English

Subsidiary Body for Implementation

Thirty-fifth session

Durban, 28 November to 3 December 2011

Agenda item 8

Approaches to address loss and damage associated with climate change impacts in developing countries that are particularly vulnerable to the adverse effects of climate to enhance adaptive capacity¹

– Activities to be undertaken under the work programme

Approaches to address loss and damage associated with climate change impacts in developing countries that are particularly vulnerable to the adverse effects of climate to enhance adaptive capacity¹

- Activities to be undertaken under the work programme

Draft conclusions proposed by the Chair

1. The Subsidiary Body for Implementation (SBI) considered the documents prepared for the session² and noted that the outcomes of the workshop to identify challenges and gaps in the implementation of risk management approaches to the adverse effects of climate change, which took place in Lima, Peru, from 10 to 12 October 2011, provide useful inputs into the implementation of the work programme on loss and damage.³
2. The SBI decided to recommend a draft decision on the work programme on loss and damage for adoption by the Conference of the Parties at its seventeenth session (for the text of the decision, see FCCC/SBI/2011/L.35/Add.1).

¹ Decision 1/CP.16, paragraphs 26–29.

² FCCC/SBI/2011/MISC.8 and Add.1 and FCCC/SBI/2011/INF.13.

³ FCCC/SBI/2011/INF.11.
