Implementation Review Group

Resumed second session

Vienna, 7-9 September 2011

Draft report*

Addendum

V. Financial and budgetary matters

1. For its consideration of agenda item 4 on financial and budgetary matters, the Group was provided with information on resources received for the biennium 2010-2011, both from the regular budget and from voluntary contributions; expenditures incurred and expected to be incurred on the basis of the experience of the first year of operation of the Mechanism; and projected resource requirements for the biennium 2012-2013.
2. Several speakers underlined the need to ensure sufficient funding of the Mechanism through the regular budget of the United Nations to guarantee its efficient, continued and impartial functioning, recalling resolution 64/237 of the General Assembly, Resolution 3/1 of the Conference of the States parties entitled "Review Mechanism" and resolution 1/1 of the Implementation Review Group entitled "Resource requirements for the functioning of the Mechanism for the Review of Implementation of the United Nations Convention against Corruption for the biennium 2012-2013".
3. This notwithstanding, some speakers expressed the views that additional resource requirements related to posts and translation of official documentation of the Implementation Review Group that have not been included in the proposed programme budget for the biennium 2012-2013 should be funded by voluntary contributions.
4. Other speakers noted that the recommendations for funding of the overall requirements of the Mechanism should not depart from the principles already agreed upon in the above-mentioned resolutions, in which the items to be financed by regular budget resources were listed, including translation of documentation to be

made available to the Implementation Review Group in the six official languages of the United Nations.

5. At the request of one speaker, the secretariat clarified that should the Conference of the States parties following its fourth session present a draft resolution to the General Assembly on resorting to regular budget to cover additional resources requirements for the Mechanism, this request would be considered together with the proposed programme budget for the biennium 2012-2013 as part of the normal budgetary procedure.
