LETTER OF TRANSMITTAL

25 June 1974

Sir,

I have the honour to transmit to you the financial statements relating to the United Nations Children's Fund with respect to the financial year ended 31 December 1973, and the Greeting Card Operation for the campaign year ended 30 April 1973. These statements have been examined and certified by the Board of Auditors.

In addition to the above, I have the honour to present the report of the Board of Auditors with respect to the above accounts.

Accept, Sir, the assurances of my highest consideration.

(Signed) J. E. ESCALLON O.

PART ONE

UNITED NATIONS CHILDREN'S FUND

FOREWORD

Assistance is provided by the United Nations Children's Fund to projects of long-term value in the fields of maternal and child health and nutrition, village water supply, family and child welfare services, and formal and non-formal education, as well as for emergency relief and rehabilitation benefiting children. The UNICEF input is designed to initiate or strengthen national services that protect children as a vulnerable group, and prepare them to contribute to the development of their societies in the future.

One of UNICEF's objectives is that projects assisted should be an integral part of the country's development effort. It endeavours to offer its co-operation to projects that will strengthen a more systematic national policy and programme of services for children. Both UNICEF and the Government responsible for the projects have the co-operation of the concerned technical agency or agencies of the United Nations system, especially the United Nations Department of Economic and Social Affairs, the ILO, FAO, UNESCO and WHO. During 1973, UNICEF again participated in the country programming exercises held under the auspices of UNDP, and received funds-in-trust from UNFPA for family planning aspects of a number of maternal and child health projects. UNICEF maintains liaison with IBRD, and an exchange of views is beginning with UNEP. There is general co-ordination with WFP of UNICEF assistance to child feeding.

During 1973, UNICEF received an income of \$87 million, and \$9 million in funds-in-trust for meeting commitments approved by the Executive Board. It spent \$63 million from its income and \$9 million from funds-in-trust on fulfilling these commitments during the year. The \$24 million excess of income over expenditure was exceptional, and arose from delays at various stages in the process of choosing and specifying supplies, purchasing and expenditure, which were caused by the unusual market conditions during the latter part of 1973. A good deal of the preparation had been done before the end of 1973 and the backlog is now being liquidated.

New commitments for assistance, programme support and administrative services were approved during 1973 in the amount of \$78 million for financing from UNICEF income, and \$11 million for financing from trust funds. Commitments usually cover assistance to a project over a number of years, and the balance of commitments unfulfilled at the end of the year was \$169 million.

During 1973, UNICEF'S receipts of \$96 million for income and trust funds mentioned above may be broken down according to purpose. They comprised \$81.3 million for general resources or specific contributions for long-term programmes, and \$14.5 million for relief and rehabilitation. Assistance for emergency relief and rehabilitation was given in the Indo-China Peninsula, Bangladesh, the drought areas in the Sahel and Ethiopia, and the provinces of Pakistan devastated by floods. In addition to money spent for relief and rehabilitation, contributions in kind were distributed, mainly food for children, valued by the donors at \$19 million. These are not reflected in the accounts of UNICEF.

It is a goal of UNICEF fund raising that the \$81 million for general purposes and long-term projects should be increased to \$100 million by 1975. On 13 December 1973, the General Assembly requested the Secretary-General to convene a special pledging conference in 1974 for voluntary contributions to be made to the Fund, in order to reach the target figure of \$100 million in the Fund's resources by 1975 (resolution 3124 (XXVIII)).

In the changed circumstances of 1974, some of the countries in which UNICEF has been assisting projects are now financially able to do more to improve their services for their children. UNICEF looks forward to helping them with planning, training of personnel and implementation; they will need UNICEF's material assistance to only a minor extent. There are many other countries where difficulties in paying for oil, food, fertilizer and manufactures may seriously affect the welfare of children, and particularly the feeding and nutrition of children of families in the lower-income groups. The child population of the countries in this situation amounts to some 500 million. UNICEF must look first to government contributions to enable it to respond to these needs. Support from the public expressed through UNICEF National Committees and other non-governmental organizations will also be very important.

The general progress report for 1973 (E/ICEF/632, parts I-IV) may be referred to for an account of the content of the work, of which the following report is the financial reflection. It also discusses the new needs of children and the new demands on UNICEF arising from changes in the availability of food and foreign exchange occurring in many developing countries in 1974.

Executive Director

I. FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 1973

A. Income and expenditure

Income

1. In 1973, the income of the Fund was \$87.1 million, excluding receipts for funds-in-trust available to meet commitments approved by the Board. This was an increase of \$16.3 million, or 23.1 per cent over the comparable figure for 1972. Contributions from Governments in 1973 amounted to \$62.5 million, an increase of \$13.3 million, or 27.1 per cent, over 1972. This included contributions for specific projects amounting to \$9.9 million, compared with \$3.6 million in 1972. Contributions from non-governmental sources in 1973 amounted to \$9.8 million. This included \$3.9 million for specific projects and, in total, was \$1.9 million less than in 1972. Net profit from the sale of greeting cards and related items in the 1973 campaign amounted to \$7 million, an increase of \$1 million over 1972. Income from other sources amounted to \$7.7 million, or \$3.9 more than in 1972, including a book value gain of approximately \$1.2 million on holdings of foreign currencies at the year end.

Expenditure

2. Expenditure in 1973 was \$63.2 million (not including expenditure from trust funds). This was \$1.8 million more than in 1972. Direct assistance expenditure amounted to \$46.1 million, compared with \$47.8 million in 1972. Net 1/ programme support costs, 2/ which are indirect assistance expenditures, were \$9.2 million, compared with \$7.4 million in 1972. Net 1/ administrative costs in 1973 were \$5.9 million, compared with \$4.6 million in 1972. These expenditures do not take into consideration the handling of trust funds, of which \$14.8 million were spent in 1973, making a total expenditure of \$78 million.

B. Trust funds

3. Funds received or receivable and expenditures from funds-in-trust are not included in statement I. They are shown in separate tables in accordance with

1/ Net costs are established by deducting from the gross expenditure in statement III contributions received from Governments towards local office costs, procurement commission received, and the net income from the staff assessment plan.

2/ Programme support costs consist of the cost of personnel and related services of (a) offices of regional directors (except in Europe) and UNICEF representatives; (b) food conservation services; and (c) procurement and shipping operations.

the recommendations of the Board of Auditors. During 1973, project and relief assistance amounting to \$8.7 million 3/ was financed in this way, in fulfilment of commitments approved by the Executive Board. A total of \$4.1 million was received from organizations and bodies within the United Nations system, nine Governments provided \$3.8 million to trust funds and four non-governmental sources contributed \$0.8 million.

4. In operations not related directly to the fulfilment of Board commitments, various Governments transferred \$4.9 million for the purchase, on their behalf, of additional supplies and equipment for UNICEF-aided projects in their countries, 4/ and \$1.3 million was received for other trust fund accounts not available for meeting Board commitments. 5/ A total of \$1.2 million was received as contributions to local administrative costs. 6/

C. Assets, liabilities and the financial position

5. The net commitments approved by the Executive Board in 1973 amounted to \$78.4 million for financing from UNICEF income and \$11.2 for financing from trust funds. This, together with the balance of \$151.7 million of outstanding commitments from previous years, gives a total of \$241.3 million to be financed from the resources of 1973 and that of future years; expenditure in 1973 against these approved commitments totalled \$63.2 million from UNICEF income and \$8.6 million from funds-in-trust. This left unfulfilled commitments of \$169.5 million as of 31 December 1973.

6. As shown in statement II, net assets totalling \$71.9 million were available as of 31 December 1973 against the unfulfilled commitments, leaving an amount of \$97.6 million to be financed from future resources.

7. At that date, contractual obligations for supplies and equipment for future delivery against the unfulfilled commitments totalled some \$26.6 million.

3/ See chapter III, notes on statement II, table 12, pp. 38-40.

4/ See table 13, pp. 41-42.

5/ See table 14, pp. 43-44.

6/ See notes on statement III, para. 25, table 17, pp. 48-50.

II. AUDIT OPINION

We have examined the following appended financial statements, numbered I to III, properly identified, and relevant schedules of the United Nations Children's Fund for the year ended 31 December 1973. Our examination included a general review of the accounting procedures and such tests of the accounting records and other supporting evidence as we considered necessary in the circumstances. As a result of our examination, we are of the opinion that the financial statements properly reflect the recorded financial transactions for the year, which transactions were in accordance with the Financial Regulations and legislative authority, and present fairly the financial position as at 31 December 1973.

NOTES FORMING AN INTEGRAL PART OF THE FINANCIAL STATEMENTS

Notes on statement I: Income and expenditures

Contributions from Governments

1. Contributions were received by UNICEF in 1973 from 124 Governments to a total of \$62,617,492. This consisted of \$52,731,269 for the general resources of UNICEF and \$9,886,223 for specific purposes. For a breakdown of contributions for specific purposes, see table 1, page 27.
2. The adjustment of \$80,000 shown in schedule A represents a write-off of Government contributions receivable for more than five years, thus reducing the contributions of \$62,617,492 to an amount of \$62,537,492 (see statement I, page 8).

Contributions from non-governmental sources

3. Contributions from non-governmental sources for 1973 excluding income from greeting card and related operations, amounted to \$9,798,521. The main sources of non-governmental income with comparative figures for 1972 are shown in table 2. Included in them were \$3,951,522 for specific purposes, as per schedule B and table 3, page 29.

Greeting card and related operations

4. The net income from greeting card and related operations totalling \$6,994,754 was in respect of the 1972/1973 sales campaign, the accounts for which were closed at 30 April 1973. Details of income and expenditure were published separately (E/ICEF/AB/L.133). Net income for the 1973/1974 sales campaign will be included in UNICEF's income for 1974 after closure of the accounts at 30 April 1974.

a/ Final uncommitted balance of the 1972 activities of the Public Information Revolving Fund consolidated in the statement of income and expenditure for the year 1973 (see Official Records of the General Assembly, Twenty-eighth Session, Supplement No. 7B (A/9007/Add.2), para. 22, p. 35). See also note 22, page 45 below.

b/ Included is a book value gain of approximately \$1.2 million on holdings of foreign currencies at the year end. Renewed changes in the United Nations rates of exchange in January, February and March 1974 indicate that a book value loss of nearly the same amount will be incurred. Such changes also affect UNICEF's contractual obligations at the year end (see also note 18, table 10 foot-note a/, page 36).

Assistance programmes

6. Expenditure out of income for supplies and equipment, including freight, totalled \$34,667,073, as is shown in table 5. This does not include \$6,768,795 spent on supplies from trust funds used in fulfilment of Board commitments, forming part of the \$8,591,548 spent from trust funds on supplies and non-supply assistance shown in table 12, pages 38-40.

7. Supplies shipped from the UNICEF Packing and Assembly Centre in Copenhagen (UNIPAC) are charged to assistance programmes at standard issue prices 1/ which included, during 1973, 7 per cent for inward freight from the manufacturers to Copenhagen and 13 per cent for local operating expenses (E/ICEF/AB/L.128, para. 4). Table 6 sets out the financial operations of UNIPAC for 1973 with comparative figures for 1972. The inevitable balances that arise from differences between standard prices of issue and actual costs are carried forward as shown in note 15, page 35 for future adjustment of standard prices when appropriate. This is normal practice in stores accounting.

1/ "Improvement of supply management" (ST/TAO/M/39) sets out in chapter IV the various methods of stock valuation in use and, in section E, points out the advantages of using standard prices.

Notes on statement II. Assets, liabilities and the financial positionCash on hand, in transit and at banks

9. At 31 December 1973, these funds totalled \$13,326,373, which included \$760,836 in United States currency and \$6,272,754 in 27 other convertible currencies. The remaining holdings of \$6,292,783 were in 42 currencies and were held for procurement, freight and other expenditures in the contributed currencies. Funds in currencies other than United States dollars were converted in the accounts at rates of exchange used by the United Nations on 31 December 1973 (see also note 5, foot-note b/, page 30).

Short-term investments

10. At 31 December 1973, the short-term investments consisted of deposits with banks, all maturing by March 1974, and United Kingdom Treasury Bills maturing in February 1974. Of the total of \$45,447,085 shown in schedule D, pages 22-23, \$16,248,096 of the deposits were in United States dollars compared with \$14,249,347 at 31 December 1972, the remainder being in other currencies. The average yield on the holdings was 11.94 per cent, compared with 6.40 per cent on those held at 31 December 1972.

Contributions receivable from Governments

11. The total of \$6,477,822 at 31 December 1973 as detailed in schedule E, pages 24-25, is \$3,631,798 higher than that at 31 December 1972. Of the total, \$815,558 was in respect of pledges for years prior to 1973 compared with an amount of \$608,125 similarly outstanding at 31 December 1972.

Notes on statement II

Contributions receivable for trust fund projects

12. A breakdown of receivables for trust funds for projects at 31 December 1973, shown in statement II as totalling \$393,462 is given in table 12, pages 38-40. There are also receivables for other trust funds, as shown in tables 13 and 14, pages 41-44, totalling \$115,421. This amount is included in table 8 below in the items (a) and (f). The combined total of the above receivables was \$508,883, which was \$1,315,443 less than the comparable total at 31 December 1972.

Deposits with governmental agencies and suppliers

13. The total of \$720,042 at 31 December 1973 consisted of deposits with governmental agencies and suppliers, mainly in Australia and New Zealand, against future delivery of supplies ordered and to be ordered.

Accounts receivable, advances and deposits

14. Amounts due to UNICEF at 31 December 1973 are shown in table 8.

Notes on statement II

Supplies in warehouses and in transit

15. Supplies owned by UNICEF in warehouses, in transit or still with suppliers totalled \$8,787,732 at 31 December 1973, as is shown in table 9.

Greeting card and related operations - deferred net expenditure

16. The balance of \$4,645,505 on this account at 31 December 1973 represents net expenditure of \$7,315,748 for the period 1 May 1973 to 31 December 1973 in respect of the 1973/1974 budget, plus production expenditure for the 1974/1975 campaign which must be undertaken in advance to the budget year, less proceeds of sales of the 1973/1974 campaign, totalling \$2,670,243 transferred to UNICEF during 1973. Accounting for the 1973/1974 campaign will be completed as at 30 April 1974, the closing date of the financial year of the Greeting Card Operation, and the net excess of income over expenditure will be credited to UNICEF's income for the year to 31 December 1974.

Capital assets

17. During 1972, UNICEF acquired real estate property in Santiago, to provide permanent office location for the Regional Office for The Americas. The price paid has been in the best interest of UNICEF since the cost of the acquisition corresponded to about five years' annual rent paid earlier. The amount shown in statement II corresponds to the total price paid less annual depreciation equivalent to the relevant amount for renting provided in the UNICEF budget for 1973.

Notes on statement II

Maurice Pate Memorial Fund

20. The Maurice Pate Memorial Fund was established by the Executive Board in 1966 to strengthen regional training facilities in fields benefiting children (E/ICEF/542, paras. 76-83). The table below summarizes the operations of this Fund in 1973.

21. A commitment of \$14,000 was approved in 1973 (E/ICEF/P/L.1580 and Corr.1) for an award to be made to the University of Ibadan, Nigeria, for use in training and studies to improve the impact of the University's work in child nutrition in African conditions. This new commitment, together with the unspent balances of those of prior years, gave a total of unfulfilled commitments at 31 December 1973 of \$26,173 from the balance of the Fund, leaving \$48,805 available for future commitments.

Public Information Revolving Fund

22. All costs relating to public information activities have been included in the UNICEF regular budget (E/ICEF/AB/L.112, para. 6). The uncommitted balance of the Public Information Revolving Fund at 31 December 1972 has been consolidated in 1973 in the UNICEF statement of income and expenditure. 2/

Reserve for insurance

23. A reserve for insurance of \$200,000 was established in November 1950, when UNICEF adopted a policy of self-insurance. The reserve was to be restored annually to the level of \$200,000, but no transfer of funds was required for this purpose in 1973.

2/ See Official Records of the General Assembly, Twenty-eighth Session, Supplement No. 7B, (A/9007/Add.2), p. 35, para. 22). See also note 5, p. 30.

Notes on statements II and III

Commitments approved

24. Unfulfilled commitments totalled \$169,547,397 at 31 December 1973. They include commitments to be financed by UNICEF income as well as by funds-in-trust. Commitments enter into effect when the Board approves them at its annual session or by mail poll, or when a donor adopts a project "noted" by the Board, or makes a special contribution for relief and rehabilitation. 3/ The donor may make a contribution for this specific purpose, which becomes part of UNICEF income, or he may give funds-in-trust. Commitments corresponding to payments or pledges of funds-in-trust have not been included before 1973, but their increasing volume makes it desirable to do so. The total of \$97,672,415 on 31 December 1973 includes all unfulfilled commitments to be financed from funds-in-trust. Table 16 shows the development of total commitments, the part that remains to be financed from future UNICEF resources and the effect of including commitments to be met by funds-in-trust, received or pledged. The table shows, for comparison with 1973, the commitments to be financed from funds-in-trust as of 31 December 1972.

Notes on statement III

Programme support and administrative services budgetary estimates, obligations incurred and unencumbered balances for the year ended 31 December 1973

25. Budgetary estimates for 1973 were approved by the Executive Board at its session in April 1972 (E/ICEF/AB/L.116). At its session in May 1973, the Executive Board approved 1973 supplementary budget estimates of \$1,310,000 (E/ICEF/AB/L.125 and E/ICEF/AB/L.130). As in the past, the Executive Director was authorized to administer as a unit the provisions under each of sections 1 and 2 and the approved transfers shown were made in accordance with this authority. Net expenditures in 1973 for programme support 4/ (\$10,522,101) and administrative services costs (\$6,560,604) totalled \$17,082,705 against commitments in the amount of \$17,414,900 made by the Executive Board for these purposes. The unencumbered balances of the net commitments totalling \$332,195 have been cancelled. Table 17, pages 48-50 gives details by office of the estimates of governmental contributions that were expected in 1973 towards local budget costs and the amounts actually realized for this purpose during 1973 from the contributing Governments either in cash or by pledge. These were deducted from the year's budgetary expenditures, as shown in statement III, pages 10-12.

26. The value at cost at time of acquisition of non-expendable equipment still in use at Headquarters, but not reported in the accounts as an asset, amounted to \$286,011 as at 31 December 1973.

3/ Receipt and use of special contributions for relief and rehabilitation was authorized by the Board in 1971 (E/ICEF/612, para. 43).

4/ Programme support services consist of the cost of personnel and related services of (a) the offices of regional directors (except in Europe) and UNICEF representatives, (b) the food conservation services and (c) the procurement and shipping operations.

IV. REPORT OF THE BOARD OF AUDITORS

1. The Board of Auditors, established under General Assembly resolution 74 (I), is required, under resolution 57 (I), to audit the accounts of the United Nations Children's Fund in accordance with article XII of the Financial Regulations and Rules of the United Nations and the annex to these Regulations.

2. The Executive Director of UNICEF submitted the following financial statements and supporting schedules for audit:

Statement I.	Comparative statement of income and expenditure for the years ended 31 December 1973 and 1972.
Statement II.	Comparative statement of assets, liabilities and the financial position at 31 December 1973 and 1972.
Statement III-1.	Statement of programme support services budgetary estimates, obligations incurred and unencumbered balances for the year ended 31 December 1973.
Statement III-2.	Statement of administrative services budgetary estimates, obligations incurred and unencumbered balances for the year ended 31 December 1973.
Statement III-3.	Consolidated statement of programme support and administrative services budgetary estimates, obligations incurred and unencumbered balances for the year ended 31 December 1973.
Schedule A.	Contributions from Governments for the year ended 31 December 1973.
Schedule B.	Contributions from non-governmental sources for the year ended 31 December 1973.
Schedule C-1.	Statement of commitments, expenditures and balances of commitments for the year ended 31 December 1973.
Schedule C-2.	Statement of commitments, expenditures and balances of commitments for the year ended 31 December 1973 for Trust Fund Projects.
Schedule D.	Short-term investments at 31 December 1973.
Schedule E.	Contributions receivable from Governments at 31 December 1973.

Scope of audit

3. The responsibilities of the Board of Auditors are governed by the principles

set out in the annex to the Financial Regulations and Rules of the United Nations referred to in article XII, paragraph 1 of which reads as follows:

"The Board of Auditors shall perform jointly and severally such audit of the accounts of the United Nations, including all trust funds and special accounts, as it deems necessary in order to satisfy itself:

"(a) That the financial statements are in accord with the books and records of the Organization;

"(b) That the financial transactions reflected in the statements have been in accordance with the Rules and Regulations, the budgetary provisions and other applicable directives;

"(c) That the securities and moneys on deposit and on hand have been verified by certificate received direct from the Organization's depositaries or by actual count;

"(d) That the internal controls, including the internal audit, are adequate in the light of the extent of reliance placed thereupon;

"(e) That procedures satisfactory to the Board of Auditors have been applied to the recording of all assets, liabilities, surpluses and deficits."

4. The Board's examination was carried out in accordance with the above and included a general review of the accounting procedures and such tests of the accounting records, systems of internal financial controls and other supporting evidence as it considered necessary in the circumstances.

UNICEF-assisted programmes

5. Three UNICEF-assisted programmes are commented upon in the following paragraphs. UNICEF is aware of the situation in these cases and is working jointly with the countries concerned to take corrective action where possible. It has been suggested to UNICEF that, in the case of programmes extending over a number of years, a periodic evaluation of the programme might be carried out and timely corrective action taken.

Applied nutrition programme in a country

6. A commitment of \$1,294,000 for the years 1971-1974 was made by UNICEF for this project, the aims of which are to improve nutritional standards by creating an understanding of the causes of malnutrition and its effect on the development of children and to stimulate production of nutritious food-stuffs and their increased consumption. Expenditures to 31 October 1973 amounted to \$351,110.

7. At one time, the UNICEF resources committed to the project up to 1 February 1972, but not utilized on it, amounted to \$737,000. On the basis of these figures alone, it was considered that the project would need at least until mid-1973 and, perhaps, longer to achieve what originally was planned to be accomplished by the end of 1972. Certain equipment provided by UNICEF appeared to have been used for a purpose other than that for which it was originally

intende The issue of further supplies to the project was suspended until the situation had been resolved.

8. Following the identification of a number of operational problems, the Government concerned commissioned an evaluation survey by an impartial institute. FAO and UNICEF personnel in the country assisted in this evaluation, which was substantially carried out during 1973. The final report and recommendations are expected to become available in June 1974. This in itself has had the effect of considerably slowing down programme implementation. The under-utilization and inadequate use of the UNICEF equipment by this programme was largely ascribed to the limited budget of the country's participating services and the unsuitability of the equipment to the local conditions. The Administration has been advised by the Government that, as a result of availability of greater financial resources to the country and particularly in the development of the social sector, the budgetary provisions for the applied nutrition programme would be substantially enhanced. This would facilitate implementation of recommendations resulting from evaluation of this programme.

9. The performance of the programme has so far been slow and needs to be speeded

Science education programme

The aim of the programme was to expand and improve the teaching of science throughout the school system by means of the following:

- (a) Preparation of new syllabi, textbooks, teachers' guides and related instructional materials for classes I-X;
- (b) Upgrading of about 1,600 key institutions;
- (c) Improved and extended pre-service and in-service training of teacher educators and teachers;
- (d) Gradual introduction throughout the school system of new science-teaching instructional materials and supply of school science kits and science laboratory equipment.

Items (a) and (b) were revised in April 1972 to restrict the coverage to grades I to VIII and to upgrade to 1,081 the number of key institutions.

11. Although UNICEF assistance was first approved in 1965, the programme gained impetus in 1969 with the introduction of the country's Fourth Five-Year Plan (1969-1974). The assistance approved for 1965-1970 was \$3,014,000 and the commitment for 1971-1973 was \$7,022,000. Up to the end of 1973, an amount of \$8,902,700 had been spent. A special donation of \$2,272,700 was used for the purchase of paper required for the project, bringing the total expenditure to \$11,175,400.

12. At the end of 1972, an assessment was made of the development of the programme by an outside expert appointed by UNICEF in consultation with the education authorities. His report indicated that good progress had been made with the introduction of new syllabi and extensive work had been done with the retraining

of teachers. However, he considered that the retraining courses should be longer and should extend for four weeks. He was disappointed with the introduction of the new science teaching into the teacher-training institutions. A good deal of the equipment sent to these institutions was not in use and some of it, he found, had not been well selected for the purpose. Concerning the extension phase of the project, he considered that the speed should depend on the retraining of teachers.

13. It was stated that, in its early stages, the original schedule of the programme had not been respected and many problems were still to be overcome. As indicated above, the scope of the objectives has been revised. UNICEF has also strengthened its support to the implementation of the project by the appointment of a programme officer and two national officers with work experience in the education field. The education authorities have taken account of these recommendations as well as their own assessment of the progress of the project.

14. A further commitment of \$4,547,000 for the years 1974-1979 was approved at the 1974 session of the Executive Board, which provides for lengthening the retraining of teachers to four weeks and for a concentrated effort during the next two academic years to introduce a model syllabus into teacher-training schools incorporating new methods of science teaching. The Board considers that the programme is still moving at a slow pace and there is still a need for evaluation and proper development.

Rural water supply project

15. A commitment of \$1,250,000 was approved by the Executive Board of UNICEF in May 1972 to cover assistance to a rural water supply project. In addition, the Board "noted", that is, approved in principle, but subject to special fund raising, an additional amount of \$200,000. The objective of the programme was to provide safe drinking water in some 1,300 rural communities located in 12 of the 28 provinces of the country.

16. The following targets were set out under the project:

<u>Period</u>	<u>Number of wells</u>	<u>Number of beneficiaries</u>
Mid-1972 to the end of 1973	666	366,000
1974	335	134,000
1975	335	250,000
	<u>1,336</u>	<u>750,000</u>

17. The project had a slow start. By June 1973, only the preliminary surveys had been completed in some of the provinces. The plan of operations was submitted to the Government in July 1973.

18. The Administration attributed the delay to serious drought in 1971 and 1972 followed by famine in the provinces outside the 12 provinces, where UNICEF was engaged in the provision of safe water. This prompted the Government to request expansion of the project to cover 15 provinces. As the additional three provinces were located in areas difficult of access, the work there delayed the whole project.

19. About a year had thus gone by without any real work on the project, resulting in the deferment of the benefits expected from it. The need for more careful planning and execution of projects is indicated.

Delayed delivery or failure to supply materials

20. Certain cases came to notice, where higher bids were accepted because the materials were required urgently. However, delivery was delayed beyond the stipulated delivery period and UNICEF could do nothing because there was no remedy available in the agreements with the suppliers. The additional expenditure resulting from acceptance of the higher bids was, therefore, of no avail.

21. In two other cases, firms did not honour their contractual obligations. In one of these, there was a provision in the agreement for safeguarding the interest of UNICEF in case of default, while in the other there was no such provision. In the former case, UNICEF did not invoke the provision of the agreement as, in its opinion, the conditions at the time of the execution of the contract had changed materially; moreover, UNICEF could not afford to lose the goodwill of the suppliers.

The Board would suggest that UNICEF should safeguard its interests by including in all the agreements for:

- (a) Compensation to UNICEF at specified rates in the event of late delivery;
- (b) A deposit or performance bond to protect UNICEF against default by the contractor.

Non-recovery of sale proceeds of UNICEF vehicles

23. A large number of UNICEF vehicles have been placed at the disposal of certain Governments for use in connexion with the UNICEF programmes in their countries. From time to time, these Governments have reported that some of these vehicles have become unserviceable and repairs would not be economical. They have sought the permission of the UNICEF regional office to dispose of them, which was granted, and they were required to remit the sale proceeds to UNICEF. The proceeds from the sale of 57 vehicles have not been recovered and the total amount recoverable is not known. An examination of the records showed that, in some cases, the proposal had been made after the vehicles had been disposed of and that several vehicles had been used for only three or four years, with the result that the mileage was not high.

24. We have been informed that efforts are continuing to recover the amounts.

25. It is suggested that UNICEF should itself dispose of such vehicles, which would obviate the need for recovery of sale proceeds from the Governments concerned. Where it is not feasible to do so, UNICEF should establish some effective procedure to ensure that the sale proceeds are remitted to it without undue delay.

Household furniture and equipment procured from USAID and UNROD

26. UNICEF paid (the equivalent of) \$5,402 to USAID and UNROD for household furniture and equipment purchased from them in 1972. UNICEF was under no obligation to purchase them nor were they required for office use. They were purchased with the intention of reselling them to staff members. Some items were sold to UNICEF, CARE and UNROD staff members for \$2,880. Some of the furniture and equipment, including 23 air-conditioners and eight refrigerators, was being used in the UNICEF office or was being held in stock. It had cost UNICEF \$1,778. The transaction thus resulted in a loss to UNICEF of \$744.

27. In the Board's opinion, the use of UNICEF funds for the purchase of household furniture and equipment from other organizations with the intention of reselling them to staff members was not in order. The Administration has stated that it considers the provision of such facilities to the staff in exceptional circumstances to be in the interest of the Organization and that it proposes to review the matter with a view to making a provision to this effect in the rules.

Non-application of United Nations Staff Rules and Regulations to locally recruited staff members of a field office in one country

28. The locally recruited staff members in one country are not governed by the United Nations Staff Rules and Regulations. Instead, the labour laws and social security laws of the country are applied to them. Consequently, UNICEF has been paying termination indemnities to them regardless of the nature of separation and, in some cases, in excess of those provided under the United Nations Staff Rules. For example, in one case, a locally-recruited staff member was paid, in conformity with the laws of the Government of the host country, 22 months' base salary as termination indemnity on the basis of 22 completed years of service, whereas under annex III to the United Nations Staff Rules, the termination indemnity is to be limited to nine months of base salary if the completed years of service are nine or more. The locally-recruited staff members are also entitled to certain other benefits not admissible under the United Nations Rules and Regulations. This field office is the only exception among the UNICEF offices where the United Nations Staff Rules and Regulations are not applied. Some other organizations of the United Nations system, such as the ILO, WHO and UNDP, have agreements with the Government of the country and their staff members are governed by the United Nations Staff Rules and Regulations.

29. The Administration has stated that the field office has over the years endeavoured without success to persuade the Government to agree to the application of the United Nations Rules and Regulations to all UNICEF staff members in the country, whether local or international. The Administration has asked the field office to take up the matter again with the Government.

Inventories of non-expendable administrative property

30. The inventory lists for the year 1973 were received from only 16 of the 40 field offices.

Non-productive expenditure of \$112,618

31. There were indications that more storage facilities would be required at the port of a country, where UNICEF has a large warehouse. By an exchange of letters, it was agreed between UNICEF and the port authorities that the latter would construct a storage hall for packing, shipping etc., and lease it to UNICEF. The terms of the agreement, inter alia, provided that, in case the project was not proceeded with, UNICEF would reimburse the actual expenditure incurred by the port authorities on account of fees to consulting engineers and others.

32 Subsequently, it was found that the activities at the port did not increase as anticipated and did not warrant the investment and increased costs. It was decided, therefore to postpone the project. It was also decided that the plans would come the property of UNICEF and could be used when and if the project were reactivated. In the meantime, the port authorities had incurred an expenditure of \$112,618 on fees to the consulting engineers and others. This expenditure was reimbursed to the port authorities and will be non-productive unless the plans are eventually used.

Internal Audit Service

33. The Internal Audit Service concentrated almost entirely on field services during 1973 leaving out the audit of the headquarters of UNICEF, the Greeting Card Operation and the European Office owing to shortage of staff. The Administration has been unable to increase the strength of the staff for want of funds except to the extent of adding one post of Auditor during 1974. The Board considers that it is necessary for the Internal Audit Service to cover the headquarters and the European Office annually, otherwise its usefulness to management is reduced.

34. The performance of the Service during the year has been satisfactory so far as the areas covered by it are concerned.

Follow-up

35. The Administration had taken follow-up action on the points brought out in the audit reports for the previous two years.

Acknowledgement

The Board of Auditors records its appreciation for the co-operation and assistance received from the Office of the Executive Director as well as the Office of the Comptroller and his staff during the course of the audit.

APPENDIX
STATISTICS AND OTHER DATA

This appendix comprises tables giving statistical and other data concerning UNICEF's activities, which, although not forming part of the financial statements, are provided for information purposes.

Table

A. Income and other funds

18. UNICEF income and other funds received in 1973, by donors, compared with 1972.
19. UNICEF income and other funds received in 1973, by purpose of use, compared with 1972.
20. Funds received from Governments, by country, for general resources and specific projects, and funds-in-trust for specific projects and local budget costs for the years 1973 and 1972.
21. Funds received from non-governmental sources, by country, for general resources and specific projects, and funds-in-trust for specific projects for the years 1973 and 1972.

B. Expenditure

22. Expenditure, including funds-in-trust, by main categories for the years 1973 and 1972.
23. Programme expenditure, including funds-in-trust, by programme in 1973 and 1972 (freight is included as part of the expenditure for the respective programmes).
24. Summary of expenditure, including funds-in-trust, in 1973 (by region and type of programme).

C. Programme support and administrative services budget

25. Summary of 1973 revised budgetary estimates, obligations incurred, both gross and net, and the unencumbered balances of each of the budget units of the organization.
26. Comparison of expenditures on assistance, including funds-in-trust, and net programme support and administrative services expenditures for the years 1973 and 1972.

D. Commitments

27. Summary of commitments approved in 1973 (by region and type of programme), including funds-in-trust.
28. Summary of commitments approved at the April-May 1973 Board session (by region and type of programme) including funds-in-trust.
29. Summary of special contributions and trust funds received/pledged that became commitments in 1973 in addition to the commitments approved at the May 1973 Board session.

PART TWO

UNICEF GREETING CARD OPERATION

FOREWORD

A total of over 91.6 million greeting cards and 630,000 calendars were sold in the 1972 season, bringing UNICEF net earnings of \$7.0 million. These earnings were \$1,029,000 higher than the previous year.

The Greeting Card Operation not only furnishes UNICEF a sizable source of income but has provided people in many countries with a means of making a direct contribution both to a United Nations activity and to bringing benefits to millions of children in developing countries. Artists of distinction and museums from 35 countries contributed their creative talents and distinguished works of art to the designs for the 1972 campaign. As in past years, UNICEF national committees and other voluntary groups were the main sales agents, and sales and distribution costs were kept to a minimum because of their extensive and generous voluntary help. We greatly appreciate the devoted efforts of the many thousands of persons who contributed to the success of the enterprise.

Executive Director

I. A BRIEF ACCOUNT OF THE 1972 CAMPAIGN

1 May 1972 to 30 April 1973

Sales

1. Card sales in the 1972 campaign season amounted to 91,689,000, an increase of 8,537,000 or 10.2 per cent over the preceding year. Calendar sales amounted to 630,445, representing a small increase of 1.4 per cent over the preceding year.

Table 1. Greeting cards and calendars sold
1972, 1971 and 1970 campaigns

Campaign year	Cards sold	Percentage increase over previous year	Calendars sold	Percentage increase (decrease) over previous year
1970	72 401 000	9.0	572 883	(8.0)
1971	83 152 000	14.8	621 504	8.5
1972	91 689 000	10.2	630 445	1.4

2. Among the promotion materials produced for the 1972 campaign by the Greeting Card Operation and supplied to sales agents were the following:

	<u>Quantity produced</u>
Brochures (26 languages)	13 705 000
Fosters (7 versions, 15 languages and blanks for local text)	439 000
Glossy photographs for press reproduction	178 000
Promotion streamers for sales centres (7 languages)	99 000
Promotion kits	57 000
Television promotion spots (film prints and internegatives - 3 languages)	3 390
Matts for press reproduction	14 275
Leaflet mailers and teasers (15 language versions)	4 806 000

3. Table 2 gives a breakdown of card sales by major geographic areas and selling countries. Increases were registered in North America, Europe and Central and South America. Sales in Asia, Africa, the Eastern Mediterranean and in the South-West Pacific declined. The largest increase of 20 per cent was achieved in Europe. North America was next with 5.5 per cent. Sales in Central and South America increased by 3.6 per cent. Sales in Asia decreased by 12.5 per cent. Africa and the Eastern Mediterranean declined by 8.4 per cent and Australia and New Zealand by 9.9 per cent. Comparative information is included in table 2 for the 1971 and 1970 campaign years.

Income and expenditure

5. Table 4 shows gross income and expenditure and net operating income for the 1972 campaign, with comparative figures for the two previous years, and table 5 shows income and expenditure for the 1972 campaign compared with approved estimates (E/ICEF/AB/L.113).

6. Gross income for the 1972 campaign amounted to \$17,648,055 - an increase of \$3,015,267, or 20.6 per cent, over that of the previous year. A total of 27 per cent of gross income went for commissions, duties and taxes, while 33 per cent went for production staff and sales costs. The UNICEF Public Information Revolving Fund's share of net profit on calendars amounted to \$244,330 in 1972 compared to \$198,906 in 1971. Operational net income rose from \$5,848,347 in 1971 to \$6,876,180 in 1972, an increase of \$1,027,833 or 17.6 per cent. Operational net income constituted 39 per cent of gross income in 1972 compared to 40 per cent in 1971. In 1972, one national committee retained a proportion of gross sales proceeds higher than 25 per cent. Had this not been the case, the net income would have risen to 41 per cent in 1972.

II. AUDIT OPINION

We have examined the following appended financial statements, numbered I and II, properly identified, and relevant schedules of the UNICEF Greeting Card Operation for the year ended 30 April 1973. Our examination included a general review of the accounting procedures and such tests of the accounting records and other supporting evidence as we considered necessary in the circumstances. As a result of our examination, we are of the opinion that the financial statements properly reflect the recorded financial transactions for the year, which transactions were in accordance with the Financial Regulations and legislative authority, and present fairly the financial position as at 30 April 1973.

NOTES FORMING AN INTEGRAL PART OF STATEMENTS I AND II

Notes on statement I. Income and expenditure

Sales

1. The United States Committee for UNICEF, in their financial report for the year ended 31 March 1973, indicated gross revenues from the sale of greeting cards, calendars and art prints of \$6,163,233. This figure did not include an amount of \$233,625 received from consignees on account of 1972 consignment sales during the period April 1 to July 15, 1973. The additional amount collected has been included in the Greeting Card Operation's reported income for the 1972 campaign.

Inventory at 30 April 1973

2. During the financial year, approximately 11.1 million finished cards of old design no longer considered salable were donated to approved organizations or sold as scrap paper. In addition, 10.4 million unfinished cards were also disposed of. At 30 April 1973, greeting card stocks of 1972 and earlier designs held globally totalled 47.7 million boxed cards and 50.9 million cards in an unfinished state. A nominal valuation (\$200) has been placed on the inventory of boxed and unfinished cards. The cost of unused stocks of paper, envelopes, boxes, cartons etc. on hand at the end of the campaign, amounting to \$359,300, has been transferred to the 1973 campaign budget as deferred expense instead of being classified as inventory.

3. The value at cost at time of acquisition of non-expendable equipment still in use at headquarters, but not reported in the accounts as an asset, amounted to \$196,550 as at 30 April 1973.

4. The finished card movement is set forth in table 6.

a/ Includes 9.0 million unfinished cards transferred to National Committees for sale after imprinting with special greetings for customers.

b/ Of the 12.5 million, 11.1 million old designs no longer salable were destroyed. Samples, damages and losses at sales outlets accounted for the remaining 1.4 million.

Share of production cost and gross profit on calendars

5. On the basis of an agreement with the UNICEF Public Information Revolving Fund to share production costs and gross profit on calendars, the Fund received an income of \$244,330 from the 1972 campaign. The agreement charges the Public Information Revolving Fund with 30 per cent of production costs and credits the Fund with 30 per cent of gross sales, less commissions, duties and taxes.

6. Table 7 shows the total sales and expenditures for calendars as well as the sharing between the Greeting Card Operation and the UNICEF Public Information Revolving Fund.

<u>Income less expenditure</u>	<u>814 432.34</u>	<u>244 329.70</u>	<u>570 102.64</u>

Other income

7. The total of \$118,574 consisted of credits from the staff assessment plan (\$75,608), donations received (\$15,732), discounts allowed by vendors on materials and services purchased (\$13,446), adjustments in rates of exchange (\$4,460) and other miscellaneous income (\$9,328).

Excess of income and expenditure

8. A total of \$6,994,754 from the 1972 campaign was transferred to the general resources in 1973 after the closure of the campaign records. The net income of the 1972 campaign was based on the inclusion of accounts receivable in the sales total of \$8,090,681 compared with \$5,066,234 at 30 April 1972.

Notes on statement II. Budgetary estimates, obligations incurred
and unobligated balances of estimates for
the year ended 30 April 1973

9. The Executive Board at its April 1972 session approved budget estimates for the 1972 campaign of \$5,135,500 (E/ICEF/AB/L.113). These estimates included the 30 per cent of the production cost of the engagement calendars, which is charged to the Public Information Revolving Fund under the sharing ag. ~~ent~~ with the latter. Consequently, statement II shows, under section 3, prod. costs at 100 per cent of estimates and expenditures.

10. In accordance with the authority given to the Executive Director to spend an additional amount of up to 15 per cent of the gross budget, if necessary, to meet costs of expanded production and sales, an additional amount of \$574,100, or 11.2 per cent of the gross budget, was requested and approved to cover additional costs in achieving a production level 29 per cent higher than anticipated. The increased production was undertaken since consignees indicated that sales would be higher than the 5 per cent increase originally forecast. In fact, the number of cards sold exceeded the previous year's figures by 10.2 per cent.

11. Obligations incurred against the revised estimate of \$5,709,600 amounted to \$5,707,687. The unobligated balance of \$1,913 has been cancelled.

IV. REPORT OF THE BOARD OF AUDITORS

1. The Board of Auditors, established under General Assembly resolution 74 (I), is required to audit the accounts of the UNICEF Greeting Card Operation in accordance with article XII of the Financial Regulations and Rules of the United Nations and the annex to these Regulations.

2. The Executive Director of the United Nations Children's Fund submitted the following Greeting Card Operation statements to the Board of Auditors for audit:

- (a) Statement I. Income and expenditure for 1972 campaign - year to 30 April 1973.
- (b) Statement II. Budgetary authorizations and obligations incurred for the year ended 30 April 1973 and unobligated balances of authorizations at 30 April 1973.
- (c) Notes forming an integral part of Statements I and II.

Scope of audit

3. The responsibilities of the Board of Auditors are governed by the principles set out in the annex to the Financial Regulations and Rules of the United Nations referred to in article XII, paragraph 1 of which reads as follows:

"The Board of Auditors shall perform jointly and severally such audit of the accounts of the United Nations, including all trust funds and special accounts, as it deems necessary, in order to satisfy itself:

"(a) That the financial statements are in accord with the books and records of the Organization;

"(b) That the financial transactions reflected in the statements have been in accordance with the Rules and Regulations, the budgetary provisions and other applicable directives;

"(c) That the securities and moneys on deposit and on hand have been verified by certificate received direct from the Organization's depositaries or by actual count;

"(d) That the internal controls, including the internal audit, are adequate in the light of the extent of reliance placed thereupon;

"(e) That procedures satisfactory to the Board of Auditors have been applied to the recording of all assets, liabilities, surpluses and deficits."

4. The Board's examination was carried out in accordance with the above and included a general review of the accounting procedures and such tests of the

accounting records, systems of internal financial controls and other supporting evidence as it considered necessary in the circumstances.

Production of cards in excess of sales

5. The production of cards in excess of sales has persisted over the years and the Board of Auditors has been emphasizing in its reports the need for a more conservative production policy to avoid unnecessary expenditure. The Greeting Card Operation had intimated that it was aware of the problem and would be taking suitable action.

6. The Greeting Card Operation is of the view that the objective is to find a balance between too much production and under-production. Running out of individual designs during a campaign would result in loss of sales and may also result in loss of customer's goodwill with adverse effect on subsequent campaigns. It is essential to have some stock at consignment outlets at the end of the campaign if sales are not to be lost. A certain margin of production is always necessary to handle such contingencies even with better planning. The Greeting Card Operation, however, agreed that these stocks should be kept to the lowest possible figure.

7. It has also stated that various measures to reduce the size of the stock have been introduced and National Committees have joined in this endeavour and are reviewing their distribution to consignees as well as their methods of sales reporting and forecasting. Following are some of the steps taken to reduce the level of unsold stocks:

(a) The policy of substituting cards for orders received late in the campaign is being continued;

(b) Discussions are proceeding with the committees to stimulate sales of previous years' designs; according to plans 7 per cent of the global demand will be met from this source in 1974;

(c) Closer liaison is being maintained with the National Committees in campaign planning and use of statistical data.

8. The results of the steps the Greeting Card Operation is taking to control the production of cards will be examined next year. In the meantime, it may be mentioned that, of the 136.3 million cards produced, 91.7 million were sold during the 1972 campaign, while free samples, losses in transit and wastage accounted for 6.8 million leaving a balance of 37.8 million unsold. The unsold cards were 27.7 per cent of the total production.

9. The inventory of 1972 and prior years' cards at the end of the campaign was still over 98 million cards after the destruction and donation of 21.4 million cards. Based on the average unit cost of cards in the 1972 campaign, the cost of production of these 98 million cards was \$1,467,100. The bulk of the cards remaining unsold is ultimately destroyed.

10. Similarly, of the 763,986 calendars produced for the 1972 campaign, 125,023 remained unsold at the end of the campaign.

11. The need for an effective control over production and distribution in collaboration with the National Committees is reiterated.

Paper consumption

12. Large quantities of paper are delivered to printers for greeting cards, calendars and brochures. No firm estimates are prepared to determine the quantity of paper actually required by the printer for completing the job after allowing for the conventional percentage of wastage. Such calculations are necessary to detect excessive use of paper or pilferage.

13. From the 1972 campaign, a paper consumption report has been introduced in which the printer shows the number of sheets delivered by him to the die-cutter/binder and the number wasted during the process of printing. These reports are not cross-checked with those of the die-cutters/binders nor is the wastage scrutinized to see that it is not excessive. It was suggested that this exercise be introduced and, where an acceptable explanation for excess consumption/wastage was not forthcoming, its cost be recovered from the printer.

14. The Greeting Card Operation agreed that the procedures suggested were of value and stated that steps had been taken to implement them. One of the difficulties in the past had been to obtain regular reports from the suppliers but the Greeting Card Operation had recently adopted the policy of not processing invoices for payment until a paper consumption report had been received and reviewed.

15. The Board appreciates the steps taken to implement the procedures suggested by it. The position will be reviewed next year.

National Committees

16. While reviewing the accounts of the National Committees, the following cases, which called for remedial action, were noticed:

- (a) Cards used as samples in one case were excessive, being 7 per cent of cards sold; the Greeting Card Operation agreed to review the position;
- (b) The details of cards unaccounted for were not given by one Committee;
- (c) There was an omission to recover \$6,700 from one Committee; the amount is now being recovered, but the records should be examined to ensure that no other recoveries are outstanding;
- (d) One Committee destroyed a sizable quantity of cards and calendars without prior authorization from the Greeting Card Operation;
- (e) One Committee retained 31.5 per cent from the sale proceeds of cards etc., as its commission, whereas none of the other Committees retained more than 25 per cent. We understand that negotiations for a formal agreement with the Committee are continuing.

UNICEF London Office

17. The 4,079,180 cards ordered by the London Office were supplied from New York and the UNICEF European Office at Geneva. Of these, 928,408 were returned to the European Office for sale elsewhere when it became evident that sales in the United Kingdom would not be as high as anticipated. The cards sold were 2,103,393 or 67 per cent of the net receipt. This indicates that the estimate of sales was over-optimistic resulting in a large number of cards remaining unsold, the bulk of which was later destroyed. Unnecessary expenditure was also incurred on shipment of cards from Geneva to London and back. Similarly, excess quantities of calendars were ordered.

18. The Greeting Card Operation stated that it was continuing its efforts to improve evaluation of the market in the United Kingdom.

Acknowledgement

The Board of Auditors expresses its appreciation for the co-operation and assistance extended by the Director, officers and staff of the Greeting Card Operation during the examination of the accounts.
