ON FREEDOM OF INFORMATION

Suggestions and Observations of Governments on the
Draft Convention

XIII. Monaco

The Secretary-General has received the following suggestions and observations, dated 23 June 1951, from the Government of the Principality of Monaco:

"The draft in question meets the earnest wish of the Government of the Principality; this Government therefore agrees that the Special Committee's recommendation that a conference of plenipotentiaries should be convened with a view to the framing and signature of a Convention on Freedom of Information should be considered."
