### **Non-proliferation/Democratic People's Republic of Korea**

**The President:** The Security Council will now begin its consideration of the item on its agenda.

After consultations among members of the Security Council, I have been authorized to make the following statement on their behalf:

“The Security Council strongly condemns the 13 April 2012 (local time) launch by the Democratic People's Republic of Korea.

“The Security Council underscores that this satellite launch, as well as any launch that uses ballistic missile technology, even if characterized as a satellite launch or space launch vehicle, is a serious violation of Security Council resolutions 1718 (2006) and 1874 (2009).

“The Security Council deplores that such a launch has caused grave security concerns in the region.

“The Security Council demands that the Democratic People's Republic of Korea not proceed with any further launches using ballistic missile technology and comply with resolutions 1718 (2006) and 1874 (2009) by suspending all activities related to its ballistic missile programme and in this context re-establish its pre-existing commitments to a moratorium on missile launches.

“The Security Council agrees to adjust the measures imposed by paragraph 8 of resolution 1718 (2006), as modified by resolution 1874 (2009). The Security Council directs the Committee established pursuant to resolution 1718 (2006) to undertake the following tasks and

to report to the Security Council within 15 days: (a) designate additional entities and items; (b) update the information contained on the Committee's list of individuals, entities and items (S/2009/2005 and INFCIRC/254/Rev.9/Part 1), and update on an annual basis thereafter; and (c) update the Committee's annual work plan.

“The Security Council further agrees that, if the Committee has not acted pursuant to the paragraph above within 15 days, then the Security Council will complete action to adjust these measures within an additional five days.

“The Security Council demands that the Democratic People's Republic of Korea immediately comply fully with its obligations under Security Council resolutions 1718 (2006) and 1874 (2009), including that it abandon all nuclear weapons and existing nuclear programmes in a complete, verifiable and irreversible manner; immediately cease all related activities; and not conduct any further launches that use ballistic missile technology, nuclear tests or any further provocation.

“The Security Council calls upon all Member States to implement fully their obligations pursuant to resolutions 1718 (2006) and 1874 (2009).

“The Security Council expresses its determination to take action accordingly in the event of a further Democratic People's Republic of Korea launch or nuclear test.”

This statement will be issued as a document of the Security Council under the symbol S/PRST/2012/13.

The Security Council has thus concluded the present stage of its consideration of the item on its agenda.
