I. Introduction

1. The accounting policies of the United Nations Entity for Gender Equality and the Empowerment of Women (UN-Women), as of 1 January 2012, are based on the International Public Sector Accounting Standards (IPSAS), which use a full accrual method, rather than the United Nations system accounting standards, which use a modified accrual method. The implementation of IPSAS results in a change in accounting policy and in the way transactions are recorded. UN-Women is applying all IPSAS standards applicable to the Entity and the impact of those standards has been incorporated into the proposed revision to the financial regulations and rules.

2. The present document proposes revised financial regulations and rules for UN-Women and outlines the rationale and the process followed in revising the financial regulations and rules.

3. The financial regulations and rules govern the broad financial management of UN-Women, including the budgeting and accounting of resources. Revisions to the financial regulations and rules are needed, in order to make them compliant with IPSAS and for the introduction of the new cost classifications, as adopted for the integrated budget in decision 2011/1 of the Executive Board (see UNW/2011/13).

II. Overview of the process and proposed revisions

4. The Entity took a collaborative approach in amending its financial regulations and rules. Consultations were held with the Office of the Controller and the Office of Legal Affairs.

5. In the interest of harmonization with other entities of the United Nations, UN-Women has reviewed and adopted, as appropriate, the principal changes in financial regulations and rules made by the United Nations Children's Fund, the United Nations Development Programme and the United Nations Population Fund as a result of implementing IPSAS and the new cost classifications as adopted for the integrated budget.

6. Proposed changes reflect the following:

(a) The adoption of the International Public Sector Accounting Standards, in accordance with General Assembly resolution 60/283 of 7 July 2006;

(b) The adoption by UN-Women of the terminology applicable in the harmonized integrated budget approach, cost classifications and results-based budgeting, as requested in decision 2011/1 of the Executive Board.

7. Other changes were made to:

(a) Reflect current organizational structures, working methods and to enhance consistency and clarity of terminology. Numbering changes have also been made to reflect the amendments;

(b) Expand the text to incorporate comments from the Office of the Controller that bring greater clarity and accuracy and reflect the correct terminology for the programme budget of the United Nations as approved by the General Assembly.

8. The following highlights some of the most significant changes in principles and terminology.

(a) Under the United Nations system accounting standards the following principles and terminology are used:

- (i) Income represents cash received in UN-Women bank accounts.
- (ii) Expenditure represents total charges incurred whether paid or unpaid, namely, the sum of disbursements and unliquidated obligations.
- (iii) Non-expendable equipment represents assets purchased and expensed in the financial statements.

(b) Under IPSAS the following principles and terminology is used:

- (i) Revenue represents resources received and resources to be received.
- (ii) Expenses recognizes when goods or services are received, regardless of cash transfer.
- (iii) Inventory, property, plant and equipment represent assets held for use in the activities of UN-Women or for administrative purposes and expected to be used during more than one financial period.

Further changes are detailed in annex II to the present document.

9. The Under-Secretary-General/Executive Director seeks approval by the Executive Board of the proposed revisions to the financial regulations, and further requests the Executive Board to take note of the amended financial rules circulated herein.

- (b) Fairness, integrity and transparency;
- (c) Open and effective international competition;
- (d) The interests of UN-Women.

Regulation 24.3

UN-Women shall promote the procurement of goods and services from developing countries and countries with economies in transition and permit regional, local and small vendors to participate, in line with the general principles contained in regulation 24.2, in procurement opportunities in programme countries.

Rule 2401

The Director, Division of Management and Administration, under delegated authority from the Under-Secretary-General/Executive Director, is the Chief Procurement Officer for UN-Women and is accountable to the Under-Secretary-General/Executive Director for all procurement functions of UN-Women, in all locations, except for those procurement actions governed by subparagraph (b) below. The Chief Procurement Officer may further delegate authority to staff at headquarters and other locations, as may be appropriate in fulfilling the purposes of these rules. Hereinafter, references to the Chief Procurement Officer shall also be understood to mean, as appropriate, those acting under delegated authority from the Chief Procurement Officer.

(a) The Chief Procurement Officer shall ensure that the procurement functions are carried out in accordance with the relevant financial regulations and rules of UN-Women. To this end, the Chief Procurement Officer:

- (i) Shall establish the necessary controls, including for the delegation of authority, and shall issue administrative instructions for purposes necessary to protect the integrity of the procurement process and interest of the organization;
- (ii) Shall establish review committees, at headquarters and in other locations, to render written advice to the Chief Procurement Officer on procurement actions leading to the award or amendment of procurement contracts, which, for the purposes of these regulations and rules, includes agreements or other written instruments such as purchase orders, and contracts that involve revenue to UN-Women. The Chief Procurement Officer shall establish the composition and the terms of reference of such committees, which shall include the types

and monetary values of proposed procurement actions subject to review by the committees.

(b) The Chief Procurement Officer is accountable for the contracting of individual consultants who provide personal and/or professional services to UN-Women. The Chief Procurement Officer shall establish the necessary controls and may delegate authority to staff in fulfilling the purposes of this subparagraph.

Rule 2402

No contract shall be entered into on behalf of UN-Women except by the Chief Procurement Officer or an authorized delegate. All such authorizations shall be in writing. The Chief Procurement Officer may cooperate with other organizations of the United Nations system to meet the procurement requirements of UN-Women, provided that the regulations and rules of those organizations are, in principle, consistent with those of UN-Women. The Chief Procurement Officer may, as appropriate, enter into agreements for such purposes. Such cooperation may include carrying out common procurement actions together, or UN-Women entering into a contract in reliance on a procurement decision of another organization, or requesting another organization to carry out procurement activities on behalf of UN-Women.

The Chief Procurement Officer may, to the extent authorized by relevant decisions of the Executive Board in respect of procurement activities, cooperate with a Government, non-governmental organization, or other public international organization, and, as appropriate, enter into agreements for such purposes.

Rule 2403

Consistent with the provisions contained in regulation 24.2 above, and except as otherwise provided below, procurement contracts shall be awarded on the basis of effective competition, and, to this end, the competitive process shall, as necessary, include:

(a) Acquisition planning for developing an overall procurement strategy and procurement methodologies;

(b) Market research for identifying potential suppliers;

(c) Consideration of prudent commercial practices; and

(d) Formal methods of solicitation, utilizing invitations to bid or requests for proposals on the basis of advertisement or direct solicitation of invited suppliers; or informal methods of solicitation, such as requests for quotations.

The Chief Procurement Officer shall issue administrative instructions concerning the types of procurement activities and monetary values for which such methods of solicitation are to be used.

Rule 2404

The award of a procurement contract shall be made after due consideration has been given to the general principles described in regulation 24.2 and in accordance with the following:

(a) When a formal invitation to bid has been issued, the procurement contract shall be awarded to the qualified bidder whose bid substantially conforms

to the requirements set forth in the solicitation documents and is evaluated to represent the lowest cost to UN-Women; and

(b) When a formal request for proposals has been issued, the procurement contract shall be awarded to the qualified proposer whose proposal, all factors considered, is the most responsive to the requirements set forth in the solicitation documents.

The Chief Procurement Officer may, in the interest of UN-Women, reject bids or proposals for a particular procurement action, recording the reasons for rejection in writing. The Chief Procurement Officer shall then determine whether to undertake a new solicitation, or to directly negotiate a procurement contract pursuant to rule 2407 below, or to terminate or suspend the procurement action.

Rule 2405

The Chief Procurement Officer may determine for a particular procurement action that using formal methods of solicitation is not in the best interest of UN-Women:

(a) When the value of the procurement is below the monetary amount established for formal methods of solicitation;

(b) When there is no competitive marketplace for the requirement, such as where a monopoly exists, where prices are fixed by legislation or government regulation, or where the requirement involves a proprietary product or service;

(c) When there has been a previous determination or there is a need to standardize the requirement;

(d) When the proposed procurement contract is the result of cooperation with other organizations of the United Nations system, pursuant to rule 2402 above;

(e) When offers for identical requirements have been obtained competitively within a reasonable period and the prices and conditions offered remain competitive;

(f) When, within a reasonable prior period, a formal solicitation has not produced satisfactory results;

(g) When the proposed procurement contract is for the purchase or lease of real property;

(h) When there is a genuine exigency for the requirement;

(i) When the proposed procurement contract relates to obtaining services that cannot be objectively evaluated; or

(j) When the Chief Procurement Officer otherwise determines that a formal solicitation will not give satisfactory results.

When a determination is made pursuant to subparagraphs (a) to (j) above, the Chief Procurement Officer shall record the reasons in writing and may then award a procurement contract, either on the basis of an informal method of solicitation, or on the basis of a directly negotiated contract, to a qualified vendor whose offer substantially conforms to the requirement at an acceptable price.

Rule 2406

Written procurement contracts shall be used to formalize every procurement for a monetary value over specific thresholds established by the Chief Procurement Officer. Such arrangements shall, as appropriate, specify in detail:

- (a) The nature of the products or services being procured;
- (b) The quantity being procured;
- (c) The contract or unit price;
- (d) The period covered;
- (e) Conditions to be fulfilled, including the conditions of contract of UN-Women;
- (f) Terms of delivery and payment; and
- (g) The name and address of the supplier.

The requirement for written procurement contracts shall not be interpreted to restrict the use of any electronic means of data interchange. Before using any electronic means of data interchange, the Chief Procurement Officer shall ensure that the electronic data interchange system is capable of ensuring authentication and confidentiality of the information.

Rule 2407

Except where normal commercial practice or the interests of UN-Women so require, no contract shall be made on behalf of UN-Women that requires a payment or payments in advance of the delivery of products or the performance of contractual services. Whenever an advance payment is agreed in accordance with administrative instructions and justification is issued by the Chief Procurement Officer, the reason therefor shall be recorded. Progress payments may be permitted pursuant to normal commercial practice or in the interest of the organization, in accordance with administrative instructions issued by the Chief Procurement Officer.

(g) Cause all payments to be made on the basis of supporting vouchers and other documents which ensure that the services or goods have been received, and that payments have not previously been made;

(h) Designate the officers who may receive moneys on behalf of UN-Women;

(i) Maintain an internal financial control which shall provide for an effective current examination and review of financial transactions in order to ensure:

(i) The regularity of the receipt, custody and disposal of all funds and other financial resources of UN-Women;

(ii) The conformity of commitments and disbursements with the budgets, appropriations or other financial provisions decided upon by the Executive Board; and

(iii) The economic use of the resources of UN-Women.

Rule 2408

(a) The Director, Division of Management and Administration, shall ensure that, except as provided in rule 2411, subparagraph (c), no expense shall be incurred unless it is supported by an appropriate commitment document, signed by a committing officer pursuant to rule 2409. Except as otherwise provided in rule 2408, subparagraph (b), action to commit shall be based on a written contract, purchase order, agreement or other form of undertaking.

(b) Any increase in the amount of a commitment in excess of an amount established by the Under-Secretary-General/Executive Director pursuant to subparagraph (a) shall require an amended commitment document to be issued. Should an invoice be presented for payment in an amount that exceeds the amount of the commitment by more than an amount established by the Under-Secretary-General/Executive Director, the commitment must be amended.

Rule 2409

Committing officers

(a) The Under-Secretary-General/Executive Director shall designate:

(i) One or more staff as committing officer(s) for the procurement of all goods and services, for each organizational unit, including country offices;

Annex II

Reasons for the proposed amendments and the corresponding changes to the relevant financial regulations and rules, by category

A. General changes related to the implementation of the International Public Sector Accounting Standards

Regulations: 1.1, 13.7, 17.1, 17.3, 17.5, 22.1, 22.2, 22.3, 24.4, 26.2.

Rules: 201, 302, 1001, 1402, 1701, 1703, 1801, 1803, 2302, 2409.

1. In the “Proposed financial regulations and rules for the United Nations Entity for Gender Equality and the Empowerment of Women” (UNW/2011/5/Rev.1), the use of the word “funds” has different meanings depending on the context. It means either “resources” or “cash”. The term “funds” was also used to reflect short-term liquidity. In the present document, where the term “funds” has not been used in the latter context, it has been replaced with the term “resources”.

2. Under the International Public Sector Accounting Standards (IPSAS), it is proposed that the following terms be used in the financial regulations and rules:

- **Financial period.** In UNW/2011/5/Rev.1, the financial period refers to the annual financial statements and the two-year budget period. The financial period under IPSAS shall consist of a single calendar year and shall also represent the period for which the financial statements are prepared.
- **Budget period.** The budget period in UNW/2011/5/Rev.1 refers to the “biennium”. While the budget will continue to be prepared on a two-year basis, it is proposed that the term “biennium” no longer be used in order to avoid any confusion. The term “budget period” shall consist of two consecutive calendar years, the first of which shall be an even year. The budget period may change based on future proposals and decisions of the Executive Board in the context of implementation of the integrated budget.

B. Revenue

3. Under the United Nations system accounting standards, the term “income”, which represented cash received, is no longer applicable and has been replaced with the IPSAS term “revenue”. Under the accounting policies based on IPSAS, “revenue” refers to both “funds received” and “funds to be received”. All relevant regulations and rules of UN-Women, adopted in 2011, already reflect this.

C. Expense

Regulations: 9.1, 9.3, 16.2, 17.2, 17.3, 18.1, 18.2, 22.2, 23.1, 24.4.

Rules: 502, 503, 901, 1501, 1801, 2202, 2302, 2411.

4. The United Nations system accounting standards concept of “expenditure” as the sum of disbursements and unliquidated obligations is no longer applicable under

IPSAS and has been replaced with the terms “expense”, “commitment”, “commitments and disbursements”, “costs” or “utilization of resources”, depending upon the context of the terms. While “expenditure” was previously synonymous with “the sum of disbursement and unliquidated obligations”, under IPSAS the term “expense” represents goods or services received, regardless of cash transfer.

D. Inventory, property, plant and equipment

Regulations: 24.1, 25.1.

Article 25: Change in title.

Rules: 2101, 2501.

5. Under the United Nations system accounting standards, “non-expendable equipment” refers to all physical assets. These were expensed under the United Nations system accounting standards. Under IPSAS, physical assets are referred to as “property, plant and equipment” and are capitalized and depreciated in accordance with IPSAS policy on property, plant and equipment.

6. Definitions for inventory, property, plant and equipment and intangible assets have been added to the Financial Regulations and Rules and the appropriate replacement of United Nations system accounting standards terms for IPSAS terms has been made.

E. New cost classifications and harmonization of integrated budget

Regulations: 7.1, 9.1, 11.1, 13.4, 16.1, 16.2, 16.3, 16.4, 16.5, 16.6, 16.7, 16.8, 16.10, 18.1, 18.2, 18.5.

Articles 11, 16, 18: Change in title.

Rules: 1601, 1801, 1802, 2202.

7. Amendments to existing definitions and new definitions are proposed in order to reflect the adoption of new cost classification terms under the integrated budget as approved by the Executive Board in its decision 2011/1, and to harmonize the presentation of the budget and cost classifications in the integrated budget. The term “support budget” is also to be replaced with the term “integrated budget”.

F. New definitions

8. The definitions are updated in regulations 27.1 and 27.2 to reflect definitions compliant with IPSAS and the definitions of the new cost classifications. The new definitions facilitate a better understanding of the changes relating to IPSAS and the new cost classifications proposed in the financial regulations and rules.

G. Editorial

9. Minor editorial changes were made to the Financial Regulations and Rules for purposes of clarity and consistency.

H. Other amendments

10. Other proposed amendments to the financial regulations and rules are as follows:

- (a) Addition of a new rule: 1602;
- (b) Changing rule 2001 to introduce flexibility to authorize limited petty cash advances to contracted personnel.

I. Numbering changes

As a result of the new rule added, rule 1602 (UNW/2011/5/Rev.1) will change to 1603.
