Illegal traffic in toxic and dangerous products and wastes

Report of the Secretary-General

Corrigendum

Replace paragraph 24 with the following text:

24. The Executive Director of UNEP notified the Director General of IAEA of this matter. He in turn informed the Executive Director that the Basel Convention and resolution 5 of the Basel Conference had been brought to the attention of the first meeting of the Group of Experts, convened from 22 to 25 May 1989 by IAEA to elaborate a code of practice for international transactions involving radioactive wastes. At that meeting, experts agreed on a number of recommendations concerning the structure of a code of practice and discussed its basic principles and elements. The Group of Experts will consider a draft of such a code at its second meeting, scheduled for 29 January through 2 February 1990.
