39/212. Specific measures in favour of island developing countries

The General Assembly,

Recalling the Declaration and the Programme of Action on the Establishment of a New International Economic Order, contained in its resolutions 3201 (S-VI) and 3202 (S-VI) of 1 May 1974, the Charter of Economic Rights and Duties of States, contained in its resolution 3281 (XXIX) of 12 December 1974, its resolution 3362 (S-VII) of 16 September 1975 on development and international economic co-operation and the International Development Strategy for the Third United Nations Development Decade, contained in the annex to its resolution 35/56 of 5 December 1980,

Recalling also its resolutions 31/156 of 21 December 1976, 32/185 of 19 December 1977, 34/205 of 19 December 1979, 35/61 of 5 December 1980 and 37/206 of 20 December 1982, relating to the special needs and problems of island developing countries,

Reiterating the call for specific action in favour of island developing countries contained in resolutions 98 (IV) of 31 May 1976,¹³⁷ 111 (V) of 3 June 1979¹³⁸ and 138 (VI) of 2 July 1983¹³⁹ of the United Nations Conference on Trade and Development,

Recognizing the difficult problems faced by island developing countries, in particular those which suffer handicaps due especially to their smallness, remoteness, vulnerability to natural disasters, constraints in transport, great distances from market centres, a highly limited internal market, lack of natural resources, heavy dependence on a few commodities, shortage of administrative personnel and heavy financial burdens,

Mindful of the fact that timely additional efforts are needed to implement the specific measures required to assist island developing countries in offsetting the major handicaps which retard their development process,

1. *Reaffirms* its resolution 37/206 and other relevant resolutions of the United Nations and of the United Nations Conference on Trade and Development, and calls for their immediate and effective implementation;

2. *Takes note* of the note by the Secretary-General on measures taken by the international community and recommendations for future action in favour of island developing countries;¹⁴⁸

3. *Expresses its appreciation* to all States and organizations which have facilitated the implementation of resolutions in favour of island developing countries;

4. *Notes with concern* that the specific measures envisaged in the relevant resolutions of the United Nations and the United Nations Conference on Trade and Development, including Conference resolution 138 (VI), have not yet been fully implemented and calls upon States and international organizations to respond positively in this regard;

5. *Requests* the Secretary-General of the United Nations Conference on Trade and Development, in co-operation with Governments and regional and other competent institutions, to continue the programme of in-depth studies of the common problems of island economies and of the constraints inhibiting their economic growth and development carried out by the secretariat of the United Nations Conference on Trade and Development, with a view to proposing concrete specific actions, taking into account, *inter alia*, the geographical factors, traditional
