6. *Also recalls* paragraph 34 of the report of the Advisory Committee,² and requests the Secretary-General to further refine the results-based management framework to take into account the following:

10. *Requests* the Secretary-General to take further concrete measures to ensure that the compacts system becomes a meaningful and powerful instrument of accountability, to take actions to address systematic issues that prevent managers from meeting their targets, and to report to it on the progress achieved in this regard at the first part of its resumed sixty-eighth session;

11. *Also requests* the Secretary-General to report to it on the implementation of the present resolution at the first part of its resumed sixty-eighth session, and decides to keep under review the frequency of future progress reports.
