## Overall orientation

- 12.1 The main objective of the programme implemented by the United Nations Conference on Trade and Development (UNCTAD) and the International Trade Centre (ITC) is to assist developing countries, especially least developed countries and countries with economies in transition, in integrating beneficially into the global economy in support of inclusive and sustainable growth and development. Through its work promoting development-centred globalization, UNCTAD will help to implement the global development agenda and will assist developing countries in meeting their development goals, including poverty eradication, to improve the well-being of their citizens and address the opportunities and the challenges created by globalization. In particular, in line with the priorities of the Organization, UNCTAD will further enhance its efforts to support the development of Africa across all its sectoral areas of expertise.

*Note:* The following abbreviations are used in tables and charts: ASG, Assistant Secretary-General; DSG, Deputy Secretary-General; FS, Field Service; GS, General Service; LL, Local level; NS, National staff; NPO, National Professional Officer; NRL, non-reimbursable loan; OL, Other level; PL, Principal level; RB, regular budget; SS, Security Service; TC, Trades and Crafts; UNV, United Nations Volunteers; USG, Under-Secretary-General; XB, extrabudgetary.

- 12.2 In order to attain the foregoing objectives, UNCTAD within its mandate, will take the following action:
- (a) Conduct pragmatic research and analysis on both long-standing and emerging trade and development issues;
  - (b) Build consensus around efforts to promote national and international policies and strategies conducive to inclusive and sustainable development;
  - (c) Support countries in implementing their development strategies aimed at their integration into the global economy and the achievement of sustainable levels of growth and development.
- 12.3 In the context of the deepening interdependence among all countries, UNCTAD will maintain its unique orientation and its commitment to development through those three pillars, while remaining responsive and accountable to all member States. In that regard, UNCTAD will continue efforts to enhance its efficiency, effectiveness, transparency and accountability, including through effective results-based management, as set forth by the United Nations.
- 12.4 ITC will pursue the enablement of export success of small and medium-sized enterprises from developing countries and countries with economies in transition. In order to achieve that goal, ITC will focus on the delivery of trade-related technical assistance activities related to trade information and to export development issues.
- 12.5 The programme is guided by the sessions of the Conference, the Trade and Development Board and its subsidiary bodies, and the Commission on Science and Technology for Development. The decisions adopted at the twelfth session of the Conference, held in Accra in April 2008, and the outcomes of the thirteenth session of the Conference, held in Doha in April 2012, form a relevant basis for the programme of work. UNCTAD remains the focal point in the United Nations for the integrated treatment of trade and development, and interrelated issues in the areas of finance, technology, investment and sustainable development and is responsible for subprogrammes 1 to 5.
- 12.6 The thirteenth session of the United Nations Conference on Trade and Development was held in Doha from 21 to 26 April 2012. The theme of the Conference was “Development-centred globalization: towards inclusive and sustainable growth and development”; it was complemented by four subthemes on: (a) enhancing the enabling economic environment at all levels in support of inclusive and sustainable development; (b) strengthening all forms of cooperation and partnerships for trade and development, including North-South, South-South and triangular cooperation; (c) addressing persistent and emerging development challenges as related to their implications for trade and development and interrelated issues in the areas of finance, technology, investment and sustainable development; and (d) promoting investment, trade, entrepreneurship and related development policies to foster sustained economic growth for sustainable and inclusive development.
- 12.7 At its closing plenary meeting on 26 April 2012, the thirteenth session of UNCTAD adopted two outcome documents, namely, the Doha Manar (TD/500/Add.2) and the Doha Mandate (TD/500/Add.1). Noting the financial crisis that had struck the global economy after the twelfth session of the Conference, the Doha Mandate provides an analysis of the relevant development challenges following the structure of themes and subthemes of the Conference, and defining the role of UNCTAD in helping to tackle such challenges. Given the close interconnection of many of those challenges — whether they be financial instability, food insecurity or environmental unsustainability, the Conference recognized that the UNCTAD approach to the integrated treatment of trade, finance, investment, technology and sustainable development was ideally suited to advancing a development agenda to better respond to them. Moreover, because in an interdependent world sustainable and inclusive outcomes involve collective responses at the multilateral level, UNCTAD was seen as an

appropriate institution to build a consensus around a more development-centred globalization, which would not only support faster and more stable growth, but also economic diversification, job creation, poverty reduction and a strong social contract.

- 12.8 UNCTAD will pursue the five subprogrammes to support its overall objective of helping developing countries and economies in transition to integrate beneficially into the international trading system and to achieve inclusive and sustainable growth and development. The principal task of subprogramme 1 arising from the outcomes of the twelfth and thirteenth sessions of UNCTAD is the examination of development strategies in a globalizing world economy and related issues. Subprogrammes 2 and 4 will aim to contribute to the building of productive capacity and international competitiveness, while subprogramme 3 and the trade logistics component of subprogramme 4 will aim to contribute to the maximization of gains resulting from globalization for development in international trade and trade negotiations in goods and services. The development strategies of African economies, least developed countries and countries in special situations, including small island developing States, landlocked developing countries and other structurally weak, vulnerable and small economies, will be covered under subprogramme 5. Sectoral concerns of these countries will also be addressed by other subprogrammes, in coordination and cooperation with subprogramme 5.
- 12.9 Throughout its programme of work, UNCTAD will make efforts to mainstream cross-cutting issues related to gender equality and the empowerment of women, the promotion of sustainable development, and full and productive employment. It will also strengthen its cross-divisional coordination, in particular with respect to training and capacity-building programmes.
- 12.10 UNCTAD will make contributions, within its mandates, to the implementation of the outcomes of relevant global conferences. Notably, it will contribute to the achievement of the internationally agreed development goals set out in the United Nations Millennium Declaration (resolution 55/2) and the 2005 World Summit Outcome (resolution 60/1), in particular those chapters related to the global partnership for development, financing for development, domestic resource mobilization, investment, debt, trade, commodities, systemic issues and global economic decision-making, economic cooperation among developing countries, sustainable development, and science and technology for development.
- 12.11 UNCTAD will also contribute to the implementation of specific actions requested in the Monterrey Consensus of the International Conference on Financing for Development; the Doha Declaration on Financing for Development and its follow-up; the Programme of Action for the Least Developed Countries for the Decade 2011-2020; the outcomes and the Johannesburg Plan of Implementation agreed at the World Summit on Sustainable Development; the outcomes and the Declaration of Principles and the Plan of Action of the World Summit on the Information Society; the Almaty Programme of Action: Addressing the Special Needs of Landlocked Developing Countries within a New Global Framework for Transit Transport Cooperation for Landlocked and Transit Developing Countries; and the outcomes of the midterm review of the Almaty Programme of Action in 2008 and the Mauritius Strategy for the Further Implementation of the Programme of Action for the Sustainable Development of Small Island Developing States. In addition, it will assist in furthering the implementation of the internationally agreed goals set out in the Doha Ministerial Declaration of the Fourth Ministerial Conference of the World Trade Organization (WTO) and other relevant decisions. UNCTAD will make contributions, within its mandates, to the implementation of the decisions contained in the outcome document of the United Nations Conference on Sustainable Development, entitled “The future we want”.
- 12.12 As a lead agency of the United Nations System Chief Executives Board for Coordination (CEB) with regard to the inter-agency thematic cluster on trade and productive capacity, UNCTAD will enhance the role of trade and development and interrelated issues in United Nations development

assistance plans, such as United Nations development assistance frameworks and national development strategies; undertake joint operations at the country level, as appropriate; and enhance inter-agency cooperation in system-wide initiatives in those areas.

- 12.13 Following the thirteenth session, the Secretary-General of UNCTAD established a committee of senior UNCTAD managers under his chairmanship, the Doha Mandate Coordinating Committee, to oversee the strategic, policy and performance matters related to the implementation of the outcome of the Conference. The Trade and Development Board has made relevant amendments to the work programme of UNCTAD in order to align it with the Doha Mandate. For the biennium 2012-2013, the outputs approved under section 12 were adjusted by the Board in July 2012. In October 2012, the Trade and Development Board of UNCTAD amended its 2014-2015 biennial programme plan on the basis of the mandate emanating from the thirteenth session of UNCTAD and the biennial programme plan for the period 2014-2015, which was reviewed by the Committee for Programme and Coordination at its fifty-second session. The revised biennial programme plan for 2014-2015 will be reflected in the consolidated report on the changes to the plan as reflected in the programme budget for the biennium 2012-2013 and the proposed programme budget for the biennium 2014-2015.

### Overview of resources

- 12.14 The overall resources proposed for the biennium 2014-2015 for the present section amount to \$146,514,100 before recosting, reflecting a net decrease of \$4,999,000 (or 3.3 per cent) compared to the biennium 2012-2013 at the revised rates. Resource changes result from two factors, namely, (a) resource changes in line with General Assembly resolution 67/248, and (b) resource changes reflected in the report of the Secretary-General on the budget outline for 2014-2015 (A/67/529 and Corr.1).
- 12.15 The distribution of resources is reflected in tables 12.3 to 12.6 below.

The proposed reduction would streamline managerial and support functions while maintaining the operational resources of UNCTAD. This would mitigate to the extent possible direct impact on the implementation of the UNCTAD mandates. High-level coordination would be carried out by the UNCTAD Deputy Secretary-General, who would be supported by additional capacity at the lower level. He would be tasked with strategic policy matters and capacity-building in particular, through the Office of the Secretary-General and Technical Cooperation Service. Moreover, task forces or working groups comprising all directors and the Deputy Secretary-General would be formed on an ad-hoc basis to ensure coordination and rapid response to more specialized and complex research issues. 	1 P-3 Economic Affairs Officer	The abolishment of these posts would affect the research support activities for trade policy reports and documents, technical assistance on trade policy, trade negotiations and WTO accession. Some of the functions assigned to the GS (OL) level posts would be assigned to Professional staff. Consistent backstopping to analytical studies and publications would affect the quality and timeliness of the publications. These reductions would result in a lower number of ad hoc expert meetings on the role of trade policy and in a reduction in the number of non-recurrent publications. Moreover, timeliness and completeness of updating of international trade-related databases would be affected. 1 GS (OL) Liaison Assistant	The reduction is made possible through a revision of the internal workflows and redistribution of functions. Short-term temporary assistance would be used during peak workload periods in lieu of dedicated posts. Other efficiencies will be achieved from reduced contractual rates for telecommunications, decreased mail and pouch requirements following wider penetration of electronic means of dissemination, continued adoption of electronic workflows and paperless administrative processes, reduced hard-copy printing and reproduction volumes, and by extending the life cycle and more efficient use of office equipment.

### Other assessed and extrabudgetary resources

12.18 During the biennium 2014-2015, the projected extrabudgetary resources, amounting to \$74,297,600, or 33.6 per cent of the total resources, will complement resources from the regular budget to finance various technical cooperation activities, such as technical advisory services, training, workshops, seminars and field projects. The projected decrease of \$2,111,600, or 2.8 per cent, in comparison with the biennium 2012-2013, reflects the nature of UNCTAD extrabudgetary resources, which are almost exclusively devoted to country-specific technical cooperation activities. They are demand driven and subject to higher funding uncertainty, while also being cyclical; Governments do not constantly change their national policies or major systems, such as debt management or customs automation. The estimates for the extrabudgetary resources for the biennium 2014-2015 excludes two Junior Professional Officers at the P-2 level, as they are not expected to be funded in 2014-2015, and includes a new Programme Officer at the P-4 level for the enhancement of the management and administration of the Automated System for Customs Data (ASYCUDA) programme that provides information and communications technology solutions to Governments in need of more efficient and faster customs clearance management.

### Other information

12.19 In line with General Assembly resolution 64/259 entitled “Towards an accountability system in the United Nations Secretariat”, UNCTAD has put in place mechanisms for the enhancement of overall institutional performance and accountability. For instance, in the area of implementation of oversight body recommendations, dedicated attention in recent years has resulted in an implementation rate of 100 per cent in 2011 and 94 per cent in 2012.

12.20 Pursuant to General Assembly resolution 58/269, resources identified for the conduct of monitoring and evaluation in the biennium 2014-2015 would amount to \$1,771,900, including \$1,480,100 under the regular budget and \$291,800 in extrabudgetary resources. The exact scale of evaluation activities will be determined during the course of the biennium based on the implementation of evaluation plans developed for all substantive subprogrammes. The staff time devoted to self-assessment and self-evaluation under all subprogrammes is estimated to be 103.3 work-months, including 97.3 work-months financed from the regular budget and 6 work-months from extrabudgetary resources.

12.21 The UNCTAD secretariat coordinates external evaluations of its programmes and projects and conducts internal evaluations at the request of the management. These evaluations have raised the awareness of programme managers to better focus on the results achieved from their programmes, which includes ensuring improved programme design, and conducting regular assessments to monitor progress made and identify necessary adjustments. One of the lessons learned was that increased outreach activities were necessary in order to enhance the impact of the research and policy advocacy work of UNCTAD. To this end, in recent years, UNCTAD has conducted an increased number of capacity-building workshops and advisory missions based on the messages of the flagship reports. In addition, the feedback received from beneficiaries and the work undertaken in terms of country and regional policy reviews have indicated that the capacity-building and technical cooperation activities will need to take better account of domestic economic realities and the potential offered by regional integration and provide more focused delivery of support with a view to corresponding exactly to the requests and needs of beneficiary countries at different stages of development. UNCTAD will endeavour to ensure that the provision of subsequent technical assistance activities is undertaken in even closer cooperation with beneficiaries to better address their pertinent development concerns.

12.22 The assessments of the UNCTAD monitoring and evaluation capacity revealed that improvements were needed in respect of strengthening self-assessment capacities and frameworks within each

subprogramme, strengthening of capacities for impact assessments, and better dissemination of evaluation products. In that regard, UNCTAD has identified a set of measures that it has started implementing in 2013 to enhance such capacities, which includes training on self-evaluation methodologies and improvement of each division's system for monitoring, evaluating and reporting on performance.

- 12.23 The issuing of publications as part of the programme of work has been reviewed in the context of each subprogramme. It is anticipated that recurrent and non-recurrent publications will be issued as summarized in table 12.9 below and as distributed in the output information for each subprogramme.

## A. Policymaking organs

**Resource requirements (before recosting): \$534,100**

### Fourteenth session of the United Nations Conference on Trade and Development

- 12.24 In accordance with paragraph 2 of its resolution 1995 (XIX), the General Assembly determines the dates and location of the sessions of UNCTAD, taking into account the recommendations of the Conference or of the Trade and Development Board. The fourteenth session of the Conference will be held in 2016.

### Trade and Development Board

- 12.25 The Trade and Development Board was established by the General Assembly in its resolution 1995 (XIX) as a permanent organ of the Conference to carry out the functions of the Conference when it is not in session. The Board reports to the Conference and also to the General Assembly, meets annually in regular sessions, and may meet in executive sessions three times annually. It is assisted by the Working Party on the Strategic Framework and the Programme Budget in its oversight of the programme of work, including technical cooperation.

### Subsidiary bodies of the Trade and Development Board

- 12.26 Two intergovernmental commissions perform integrated policy work in their respective areas of competence, as explained below, as subsidiary bodies of the Trade and Development Board (see TD/442 and Corr.1, paras. 201-206). The commissions hold annual sessions.
- 12.27 The Trade and Development Commission addresses the mandate of dealing with issues related to the beneficial integration of developing countries and economies in transition into the international trading system, so as to promote their development, issues related to commodity dependence, as well as transport and trade logistics. It has a standing subsidiary expert body, namely, the Intergovernmental Group of Experts on Competition Law and Policy.

- 12.28 The Investment, Enterprise and Development Commission has the mandate of dealing with issues related to investment, technology and related financial issues, as well as enterprise and information and communications technology issues. In accordance with General Assembly resolution 49/130, the Commission is assisted by 16 expert advisers, serving in their individual capacity and selected from both developed and developing countries. The Commission has a standing subsidiary expert body, namely, the Intergovernmental Working Group of Experts on International Standards of Accounting and Reporting.
- 12.29 Subsequent to the twelfth session of the Conference, it was decided that expert meetings would continue to be held under the auspices of the commissions in order to benefit from a higher level of technical expertise (see TD/442 and Corr.1, para. 207). The total number of such meetings, including the sessions of the two standing expert bodies of the commissions, would not exceed 10 annually. Technical matters discussed at the meetings are reported to the parent commission.

### Commission on Science and Technology for Development

- 12.30 Established by the General Assembly in its resolution 46/235, the intergovernmental Commission on Science and Technology for Development provides overall direction to the related programme of work. The Commission is composed of 43 members and, pursuant to Economic and Social Council resolution 2002/37, meets on an annual basis and reports to the Council. In accordance with Council resolution 1993/75, the Commission receives specialized and technical advice from ad hoc panels and workshops that meet between sessions of the Commission to examine specific issues on science and technology for development. The UNCTAD secretariat provides substantive support to the Commission.
- 12.31 The distribution of resources for policymaking organs is reflected in table 12.10 below.

Table 12.10 **Resource requirements: policymaking organs**

- 12.32 Resources in the amount of \$534,100 comprise the following: (a) \$109,700 for preparatory work and for servicing preparatory meetings of the sessions of the Conference reflecting: (i) \$37,200 for other staff costs; (ii) \$57,600 for travel of staff to various forums/preparatory meetings as part of the preparatory processes relating to the Conference; and (iii) \$14,900 for general operating expenses; (b) \$85,000 for the travel and daily subsistence allowance of up to 16 experts serving in their individual capacity to participate in the annual sessions of the Investment, Enterprise and Development Commission, in accordance with General Assembly resolution 49/130; and (c) \$339,400 for the travel of 43 representatives participating in the work of the Commission on Science and Technology for Development and the travel and daily subsistence allowance for the experts taking part in intersessional ad hoc panel of experts.

## B. Executive direction and management

### *Resource requirements (before recosting): \$10,515,900*

- 12.33 The Secretary-General of UNCTAD provides overall direction on substantive and managerial matters and ensures the effective servicing of the intergovernmental machinery of UNCTAD, in particular the quadrennial sessions of the Conference and the sessions of the Trade and Development Board. The Deputy Secretary-General deputizes for the Secretary-General and oversees the operations of the secretariat regarding the strategic, programmatic and managerial aspects, including public information and outreach activities, and the implementation of the UNCTAD communication strategy to enhance the visibility, use and impact of the work of UNCTAD.
- 12.34 The Office of the Secretary-General assists the Secretary-General and the Deputy Secretary-General in discharging their above-mentioned responsibilities.
- 12.35 In order to enhance the accountability and effectiveness of the work of UNCTAD, including through results-based management, the Office of the Secretary-General evaluates and reports on programme performance. This includes conducting an annual self-assessment of all of its subprogrammes and undertaking other evaluation exercises and implementing the workplan for enhancing the management and administration of UNCTAD, as contained in document TD/B/59/CRP.2. The outcomes of these exercises are considered by the General Assembly and the Trade and Development Board, according to established practice.

Table 12.11 **Objectives for the biennium, expected accomplishments, indicators of achievement and performance measures**

**Objective of the Organization:** To enable UNCTAD to be of further service to its member States and to ensure full implementation of the legislative mandates and compliance with United Nations policies and procedures with respect to the management of the programme of work and of staff and financial resources

Target 2014-2015: 96 per cent submitted on time

### External factors

- 12.36 The component is expected to achieve its objectives and expected accomplishments on the assumption that all stakeholders are fully engaged.

### Outputs

- 12.37 During the biennium 2014-2015, the following final outputs will be delivered:

- (a) Servicing of intergovernmental and expert bodies (regular budget):

- (i) United Nations Conference on Trade and Development:

Substantive servicing of meetings: fourteenth session of the Conference, including preparatory meetings, as required (8);

- (ii) Trade and Development Board:

a. Substantive servicing of meetings: annual and executive sessions of the Trade and Development Board (52);

b. Parliamentary documentation: documents for preparatory meetings for the fourteenth session of the Conference, as required (2); reports on the follow-up to the major United Nations conferences and summits in the areas of UNCTAD expertise, as required (2); reports on matters requiring action by the Board in the follow-up to the thirteenth session of the Conference (2);

- (iii) Working Party on the Strategic Framework and the Programme Budget:

a. Substantive servicing of meetings: meetings of the Working Party (10);

b. Parliamentary documentation: conference room papers or working papers, as required (8); follow-up reports to the in-depth evaluation of technical cooperation programmes (2); in-depth evaluation of technical cooperation programmes (2);

- (iv) Ad hoc expert groups: ad hoc expert groups to be determined by the Secretary-General of UNCTAD, in consultation with member States (3);

- (b) Other substantive activities (regular budget and extrabudgetary)

- (i) Non-recurrent publications: studies on trade, gender and development (9);

(ii) Booklets, fact sheets, wallcharts, information kits: UNCTAD annual reports (2); informational material on activities related to trade, gender and development (2); Civil Society Symposium: programme and report (4); civil society outreach newsletter (6);

- civil society outreach compendium (2); report on the UNCTAD regional meeting with civil society organizations (2); summary of the hearings with civil society and the private sector (2); issues in brief (20); press kits and flyers for flagship publications (12); public information materials on UNCTAD (10); public information materials for the fourteenth session of UNCTAD, including for civil society (2); UNCTAD brochures (2); UNCTAD news (2); UNCTAD posters (various formats), laminations and other special products (2); UNCTAD at a glance (2); UNCTAD folders (2); events and publications in connection with the fiftieth anniversary of UNCTAD in 2014, subject to further consideration and decision by the Trade and Development Board;
- (iii) Press releases, press conferences: press conferences and lectures by the Secretary-General and his Deputy (32); press conferences and briefings (16); press releases, notes for correspondence, electronic news briefs for the media on trade and development issues and on UNCTAD and its work (180);
- (iv) Technical material: trade and gender training manual (1); UNCTAD policy briefs (6); UNCTAD website and its web pages containing information about UNCTAD, meetings and events, documents and publications, and press and public information materials, including information on evaluation (2); website of the fourteenth session of UNCTAD (1);
- (v) Special events: events and publications in connection with the fiftieth anniversary of UNCTAD in 2014, subject to further consideration and decision by the Trade and Development Board;
- (c) Conference services, administration, oversight (regular budget)
- (i) Overall administration and management: policy clearance of all documents and publications issued by UNCTAD, including material for the UNCTAD websites (1); policy planning and coordination of intergovernmental and expert meetings (1);
- (ii) Evaluations: ad hoc management reviews and evaluations; oversight and coordination of external evaluations conducted in the context of project or trust fund agreements; oversight and coordination of self-assessment exercise, and its reporting; oversight of external evaluation mandated by the Trade and Development Board (1).

12.38 The distribution of resources for executive direction and management is reflected in table 12.12 below.

- 12.39 Resources in the amount of \$10,515,900, reflecting a decrease of \$650,100, provide for (a) 31 posts (1 Under-Secretary-General, 1 Assistant Secretary-General, 1 D-1, 2 P-5, 6 P-4, 4 P-3, 3 P-2, 1 General Service (Principal level) and 12 General Service (Other level)), amounting to \$10,285,000, and (b) non-post requirements for consultants, expert groups and travel of staff amounting to \$230,900. Of the 31 posts, three (1 P-5, 1 P-3 and 1 General Service (Other level)) are located in the New York Liaison Office.
- 12.40 The net decrease in the number of posts is due mainly to the abolishment of three posts (1 D-2 and 1 General Service (Principal level) in the Office of the Secretary-General and 1 General Service (Other level) in the New York Liaison Office), offset by the creation of two posts (1 P-4 and 1 P-3) in the Office of the Secretary-General, in line with General Assembly resolution 67/248 and table 12.7, item 2, of the present report.

#### Subprogramme 1 Globalization, interdependence and development

*Resource requirements (before recosting): \$22,932,300*

- 12.42 Substantive responsibility for this subprogramme is vested in the Division on Globalization and Development Strategies.

Table 12.14 Objectives for the biennium, expected accomplishments, indicators of achievement and performance measures

---

**Objective of the Organization:** To promote economic policies and strategies at all levels for sustained growth, inclusive and sustainable development, full employment and decent work for all, and poverty eradication in developing countries, especially least developed countries

---

**Expected accomplishments of the Secretariat      Indicators of achievement**

---

(a) Increased understanding of the global economic environment and of policy choices for inclusive and sustained development at the national, regional and international levels

(a) (i) Increased number of statements at, inter alia, intergovernmental meetings by policymakers and beneficiaries indicating the usefulness of UNCTAD research and analysis for the national policymaking process

*Performance measures*

2010-2011: 40 statements

Estimate 2012-2013: 43 statements

Target 2014-2015: 35 statements

(ii) Increased number of citations in the media on the growth-oriented macroeconomic and financial policy choices advocated in UNCTAD research

*Performance measures*

2010-2011: 800 citations

Estimate 2012-2013: 820 citations

Target 2014-2015: 500 citations

(iii) Increased number of UNCTAD activities to promote South-South cooperation

*Performance measures*

2010-2011: 29 activities

Estimate 2012-2013: 30 activities

Target 2014-2015: 29 activities

(iv) Increased number of universities and research centres using the services of the UNCTAD Virtual Institute

*Performance measures*

2010-2011: 66 universities and research centres

Estimate 2012-2013: 78 universities and research centres

Target 2014-2015: 80 universities and research centres

(b) Progress towards a durable solution to the debt problems of developing countries by fostering better understanding of the interplay between successful development resource mobilization, debt sustainability and effective debt management

(b) (i) Increased number of institutions/countries using the capacity-building services of the Debt Management and Financial Analysis System programme

*Performance measures*

2010-2011: 103 institutions, 66 countries

Estimate 2012-2013: 104 institutions, 67 countries

Target 2014-2015: 106 institutions, 68 countries

(ii) Increased number of international and national policy positions and initiatives in the area of debt and development resource mobilization incorporating contributions from UNCTAD

*Performance measures*

2010-2011: 23 policy positions and initiatives

Estimate 2012-2013: 26 policy positions and initiatives

Target 2014-2015: 29 policy positions and initiatives

(c) Improved access to reliable and timely statistics and indicators highlighting the interlinkages among globalization, trade and development for decision-making, at the national and international levels, on economic policies and development strategies

(c) (i) Increased number of countries using statistical variables and derived indicators developed and maintained by the UNCTAD Central Statistical Service

*Performance measures*

2010-2011: 196 countries

Estimate 2012-2013: 198 countries

Target 2014-2015: 200 countries

(ii) Increased number of institutions and member States using UNCTAD statistical data regarding trade, financial and economic policies

*Performance measures*

2010-2011: 2200 institutions and member States

Estimate 2012-2013: 2,800 institutions and member States

Target 2014-2015: 2,500 institutions and member States

(d) Improved Palestinian policy and institutional capacities, and strengthened international cooperation for alleviating the adverse economic and social conditions imposed on the Palestinian people, and for building an independent Palestinian State

(d) Increased number of Palestinian development initiatives and institutions responding to UNCTAD research findings, recommendations and technical cooperation activities

*Performance measures*

2010-2011: 10 initiatives/institutions

Estimate 2012-2013: 10 initiatives/institutions

Target 2014-2015: 11 initiatives/institutions

---

### External factors

- 12.43 The subprogramme is expected to achieve its objectives and expected accomplishments on the assumption that: (a) up-to-date and accurate economic and financial information and data at the country and regional levels are available; (b) there will be no significant shortfalls in the extrabudgetary funding for technical cooperation programmes; (c) the performance of countries in relation to their debt position is influenced by global economic trends and has an impact on the attainment of the indicator of achievement; and (d) political and security conditions in the Occupied Palestinian Territory and region will be favourable.

**Outputs**

12.44 During the biennium 2014-2015, the following final outputs will be delivered:

- (a) Servicing of intergovernmental and expert bodies (regular budget):
  - (i) General Assembly:
    - a. Substantive servicing of meetings: meetings of the Second Committee on items specifically assigned to UNCTAD (5);
    - b. - 12.46 Resources in the amount of \$22,932,300, reflecting an increase of \$160,900, provide for 57 posts (1 D-2, 4 D-1, 9 P-5, 6 P-4, 9 P-3, 3 P-2, 4 General Service (Principal level), and 21 General Service (Other level)), amounting to \$19,957,100, and non-post requirements provide for consultants, expert groups, travel of staff, other contractual services and information and communications technology services, amounting to \$3,075,200, to carry out the UNCTAD programme of work under the subprogramme on globalization, interdependence and development.
- 12.47 The net increase is due to the inward redeployment of a P-5 post and a General Service (Other level) post from subprogramme 4, Technology and logistics, in order to combine activities of the Virtual Institute and the Global Network of Development Think-Tank to achieve synergy and more effective use of the available resources and expertise. This is partially offset by the abolishment of two General Service (Other level) posts and the downward reclassification of a General Service (Principal level) post to General Service (Other level) in line with General Assembly resolution 67/248 and table 12.7, item 1, of the present report.
- 12.48 During the biennium 2014-2015, projected extrabudgetary resources of \$3,058,000 will provide, inter alia, for the following technical cooperation activities: (a) preparation of booklets, pamphlets and publications, and provision of group training and fellowships to support the implementation of the projects in participating countries, with the aim of enhancing the teaching and research capacity of Virtual Institute members; (b) advisory services at the request of Governments to strengthen the technical capacity of developing countries and countries with economies in transition to record, monitor and analyse their external and domestic debt, including institutional, legal and administrative issues; (c) advisory services and group training in DMFAS; and (d) coordination and enhancement of an active technical cooperation programme to build the capacity required for the Palestinian State.

- 12.61 The net decrease of \$772,900 mainly results from: (a) the abolishment of one P-3 post and two General Service (Other level) posts; and (b) reductions under non-post resources in line with General Assembly resolution 67/248 and table 12.7, item 3, of the present report.
- 12.62 During the biennium 2014-2015, projected extrabudgetary resources of \$5,787,000 will provide, inter alia, for the following technical cooperation activities: (a) strengthening regulatory, institutional and human resources capacity of developing countries and countries with economies in transition: (i) to design and implement trade policies and participate effectively and coherently in bilateral, regional (including South-South) and multilateral trade negotiations; (ii) to prepare and implement national and regional (including South-South) competition laws and frameworks, and supporting enhanced international cooperation in this field in combating anti-competitive practices; (iii) to formulate and implement mutually supportive trade, environment and sustainable development objectives and to integrate sustainable development objectives in development strategies at all levels; and (b) further improving and disseminating trade analysis and analytical tools, databases and software that contribute to effective trade and trade-related decision-making.

### Subprogramme 3 Component 2: commodities

#### *Resource requirements (before recosting): \$6,005,200*

- 12.63 Substantive responsibility for component 2 of the subprogramme is vested in the Special Unit on Commodities, an autonomous unit that was established in accordance with paragraph 183 of the Accra Accord. With the guidance and leadership of the Secretary-General of UNCTAD, the Unit will contribute more effectively to the efforts of developing countries, especially least developed countries, to formulate strategies and policies to respond to the challenges and opportunities of commodity markets.

Table 12.20 **Objectives for the biennium, expected accomplishments, indicators of achievement and performance measures**

**Objective of the Organization:** To harness development gains and to deal with the trade and development problems of the commodity economy and of commodity dependence

Expected accomplishments of the Secretariat	Indicators of achievement
---	---------------------------

Improved capacity of commodity-dependent developing countries to address trade and development problems associated with the commodity economy and to seize opportunities emerging from commodity trade and enhanced international and regional cooperation	(i) Increased amount of research on commodity production in countries with economies that are dependent on commodities, with the aim of diversifying their production, including by increasing the added value of their commodities
--	---

*Performance measures*

2010-2011: 10 research outputs

Estimate 2012-2013: 12 research outputs

Target 2014-2015: 13 research outputs

(ii) Increased number of commodity-dependent developing countries adopting policy measures and tools recommended by UNCTAD in designing policies aimed at the diversification of export earnings

*Performance measures*

2010-2011: 15 commodity-dependent developing countries

Estimate 2012-2013: 16 commodity-dependent developing countries

Target 2014-2015: 13 commodity-dependent developing countries

**External factors**

- 12.64 The subprogramme is expected to achieve its objectives and expected accomplishments on the assumption that: (a) there will be no significant shortfalls in extrabudgetary funding of technical cooperation programmes; and (b) up-to-date and accurate economic and financial information and data at the country and regional levels will be available.

**Outputs**

- 12.65 During the biennium 2014-2015, the following final outputs will be delivered:

- (a) Servicing of intergovernmental and expert bodies (regular budget):
  - (i) General Assembly: substantive servicing of meetings: meetings of the Second Committee, as required (2);
  - (ii) United Nations Conference on Trade and Development: substantive servicing of meetings: substantive servicing of preparatory meetings for the fourteenth session of the Conference (as required) (8);
  - (iii) Economic and Social Council: substantive servicing of meetings: meetings of the Council and its subsidiary bodies, as required (2);
  - (iv) Trade and Development Board:
    - a. Substantive servicing of meetings: annual and executive sessions of the Trade and Development Board (4);
    - b. Parliamentary documentation: ad hoc reports on commodity trends and prospects (2);

- (v) Working Party on the Strategic Framework and the Programme Budget: substantive servicing of meetings: meetings of the Working Party (4);
- (vi) Trade and Development Commission:
  - a. Substantive servicing of meetings: annual sessions of the Commission (2); annual sessions of the multi-year expert meeting on commodities and development (2);
  - b. Parliamentary documentation: background documentation for the multi-year expert meetings (as required) (8);
- (vii) Ad hoc expert groups: Global Commodities Forum (2); multi-stakeholder meeting on commodities and development (1);
- (b) Other substantive activities (regular budget):
  - (i) Recurrent publications: *Commodities and Development Report* (2); *State of Commodity Dependence* (1);
  - (ii) Non-recurrent publications: commodity development and trade analytical studies (3); commodities at a glance (4);
  - (iii) Exhibits, guided tours, lectures: lectures on issues related to commodities (3);
  - (iv) Booklets, fact sheets, wallcharts, information kits: information materials on commodities and development (3);
  - (v) Press releases, press conferences: press releases and briefings on the results of research in the area of commodities (5);
  - (vi) Technical material: InfoComm portal (market information on commodities) and related subsites (Infoshare) (1); natural resources information exchange (1); sustainability claims portal (1); the Iron Ore Statistics update (2); updates of relevant UNCTAD web pages on programmes and activities under subprogramme (2); the Iron Ore Market (2); Iron Ore Statistics (2);
- (c) Technical cooperation (regular budget and extrabudgetary):
  - (i) Advisory services: advisory services to assist, upon request, commodity-dependent developing countries, particularly small commodity producers (10);
  - (ii) Training courses, seminars, workshops: national and regional workshops to help commodity-dependent developing countries to formulate strategies and policies and harness the development gains from the boom in commodity prices, as well as to respond to the trade and development challenges and opportunities of commodity markets (6);
  - (iii) Field projects: national, regional or international projects to assist commodity-dependent countries to establish institutional frameworks for diversification, value addition and more effective participation in global commodity supply chains (5).

- 12.81 The resources in the amount of \$10,053,400, reflecting a decrease of \$182,600, provide for 25 posts (1 D-2, 2 D-1, 4 P-5, 8 P-4, 2 P-3, 1 P-2 and 7 General Service (Other level)), amounting to \$9,481,100, and non-post requirements provide for general temporary assistance, consultants, experts, travel of staff, amounting to \$572,300, to carry out the UNCTAD programme of work under this subprogramme on Africa, least developed countries and special programmes.
- 12.82 The decrease of \$182,600 mainly relates to the abolishment of a General Service (Other level) post, in line with General Assembly resolution 67/248, partially offset by the need for general temporary assistance to provide administrative support during peak workload periods.
- 12.83 During the biennium 2014-2015, projected extrabudgetary resources of \$8,600,000 will be used, inter alia, for the following technical cooperation activities: (a) developing and delivering training material and training workshops to contribute towards building national capacities for the ownership of national development strategies for least developed countries, landlocked developing countries, transit developing countries, small island developing States, and structurally weak, vulnerable and small economies; (b) seminars and workshops in selected least developed countries for the implementation of the activities in the Enhanced Integrated Framework for Trade-Related Technical Assistance to Least Developed Countries and Aid for Trade; and (c) supporting the strengthening of transit transport cooperation between landlocked and transit countries.

#### D. Programme support

##### *Resource requirements (before recosting): \$26,702,100*

- 12.84 Programme support services are provided to the policymaking organs, executive direction and management and substantive subprogrammes to assist them in delivering their programmed outputs. The services are organized around three entities, namely, the Resources Management Service, the Intergovernmental Support Service, and the Technical Cooperation Service.
- 12.85 The Resources Management Service provides the support services for personnel, budgetary and financial administration, resource planning and budgeting, and administration of technical cooperation activities, and provides information technology support, including data-processing services, development and maintenance of information technology systems, and support services to computer networks.
- 12.86 The Intergovernmental Support Service is responsible for the preparation, management and servicing of the quadrennial sessions of the United Nations Conference on Trade and Development, the sessions of the Trade and Development Board and its subsidiary machinery (commissions,

expert meetings, Working Party on the Strategic Framework and the Programme Budget) and the United Nations conferences organized under the auspices of UNCTAD. The Service provides liaison support and services to regional groups, and is responsible for monitoring the institutional follow-up to the decisions of the intergovernmental machinery, preparation of the calendar of meetings, editing and report writing, protocol support and preparation of host country agreements.

- 12.87 The Technical Cooperation Service provides policy guidance for, and promotes a coordinated approach by, the secretariat to technical cooperation, including the review of project proposals, fundraising and liaison with beneficiaries, donors and other organizations involved in trade-related technical cooperation.

## Outputs

12.88 During the biennium 2014-2015, the following outputs will be delivered:

- (a) Servicing of intergovernmental and expert bodies (regular budget):
  - (i) General Assembly — parliamentary documentation: reports of other intergovernmental meetings as required (4); reports of the annual and executive sessions of the Trade and Development Board (8);
  - (ii) UNCTAD: substantive servicing of the fourteenth session of the Conference, including the preparatory meetings (as required) (20);
  - (iii) Trade and Development Board:
    - a. Substantive servicing of meetings: annual regular and executive sessions of the Trade and Development Board (6);

- (c) Technical cooperation (regular budget and extrabudgetary) field projects: general support in the design and management of all UNCTAD technical cooperation activities (1); design and management of inter-agency technical cooperation activities in the framework of UNCTAD coordination and leadership of the United Nations Cluster on Trade and Productive Capacities (1);
- (d) Conference services, administration, oversight (regular budget and extrabudgetary):
  - (i) Conference services: development and operation of videoconferencing facility (1); liaison with the United Nations Office at Geneva on conference servicing and documentation matters and with United Nations Headquarters on conference servicing, calendar matters, documentation and submission of reports to the General Assembly (1); technical servicing of the annual sessions of the UNCTAD commissions and their expert meetings (130); technical servicing of consultations of the Secretary-General of UNCTAD and of the President of the Trade and Development Board with member States (20); technical servicing of international commodity conferences (10); technical servicing of meetings of the Commission on Science and Technology for Development (a subsidiary body of the Economic and Social Council) (20); technical servicing of seminars, study groups and ad hoc meetings (30); technical servicing of the annual and executive sessions of the Trade and Development Board (58); technical servicing of the sessions of the Working Party on the Strategic Framework and the Programme Budget (48); technical servicing of the fourteenth session of UNCTAD and its preparatory meetings (1);
  - (ii) Human resources management: assistance to the management on personnel management policies and practices, on appropriate measures to implement pertinent resolutions of the General Assembly and directives of the Office of Human Resources Management, and on new approaches and the adaptation of existing policies and practices; assistance to the management on staff-management relations, including for interaction with staff representative bodies; personnel administration, staff security and welfare, performance management, staff development and training, and separation of staff; recruitment and servicing of consultants, individual contractors and interns; recruitment, servicing and reclassification of project personnel; vacancy management, recruitment, placement and promotion of staff; widespread coverage of vacancy announcements, including through the UNCTAD website and alert mailing list;
  - (iii) Programme planning, budget, accounts: administration of allotments, control of the staffing table, certification and reporting on the utilization of approved resources and preparation of budget performance reports and vacancy statistics reports; financial control and certification of all accounts under regular budget funds allotted to UNCTAD; financial reporting and accounting under delegated authority for all technical cooperation projects funded from various donor sources outside the regular budget; maintenance of records on travel, consultants, activities under the regular programme of technical cooperation and training activities for reporting purposes; monitoring and

verification of programme implementation and coordination of programme performance reporting; programme planning and coordination in preparing the draft work programme; review, maintenance and correction of accounts and processing of financial transactions for both regular budget and extrabudgetary funds; preparatory work for the implementation of International Public Sector Accounting Standards and the Umoja enterprise resource-planning system;

(iv) Central support services:

- a. Electronic publishing support: assistance for publications in CD-ROM or other electronic media, graphic and design support for publishing activities; maintenance and quality control of the UNCTAD website, coordination of its content and technical coordination with the International Computing Centre;
- b. Facilities management: organization of office accommodation, liaison with the United Nations Office at Geneva on office maintenance and equipment, management of storage areas and publication stocks, and management and disposal of assets;
- c. Information technology support: installation, redeployment and maintenance services, inventory and resource use monitoring, user help desk and support for personal computer and mainframe software applications; integrated oversight of the information technology system infrastructure in UNCTAD, ensuring the mutual compatibility and consistency of UNCTAD systems with outside technology, and planning and development of new systems; maintenance and enhancement of local area network infrastructure, internal and external communications links, and electronic mail and communications systems; operational support for major applications and development of new applications as required; preparatory work for the implementation of Umoja;
- d. Other general services: management of insurance policies, archives and telephone directories; provision of general services for the preparatory process for the fourteenth session of UNCTAD;
- e. Procurement services: assistance on procurement procedures, requisitioning and related integrated management information system processing, grants to non-profit organizations, and internal and external printing requests (1); liaison with the United Nations Office at Geneva, United Nations Development Programme field offices and field project teams for all actions involving the procurement of goods and services; various statistical reporting on procurement matters, maintenance of asset inventory for extrabudgetary projects and transfer of project assets to beneficiary Governments;
- f. Travel: preparation of cost estimates, travel requests and rosters for the payment of daily subsistence allowances for official travel of staff, consultants and experts and meeting participants;

(v) Translation and editorial services: editing of UNCTAD documentation and management of document submission process.

12.89 The distribution of resources for programme support is reflected in table 12.26 below.

- 12.90 The resources in the amount of \$26,702,100, reflecting a decrease of \$1,180,200, provide for 61 posts (2 D-1, 6 P-5, 4 P-4, 9 P-3, 2 P-2, 4 General Service (Principal level) and 34 General Service (Other level)), amounting to \$19,201,900, and non-post requirements provide for general temporary assistance, consultants, travel of staff, contractual services/data-processing services, general operating expenses and acquisition/replacement of office automation equipment amounting to \$7,500,200 under programme support.
- 12.91 The decrease of \$1,180,200 is due to the abolishment of three General Service (Other level) posts as a result of the revision of the internal workflows and redistribution of functions in the Resource Management Service and Intergovernmental Support Service, partially offset by the short-term temporary assistance required during peak workload periods in lieu of dedicated posts. In addition, the reductions under non-post resources are achieved through efficiencies from reduced contractual rates for telecommunications, decreased mail and pouch requirements following wider penetration of electronic means of dissemination, continued adoption of electronic workflows and paperless administrative processes, reduced hard copy printing and reproduction volumes, and extension of the life cycle and more efficient use of office equipment, as reflected in table 12.8, item 1 of the present report.
- 12.92 During the biennium 2014-2015, projected extrabudgetary resources of \$10,239,400 will provide for support services to extrabudgetary activities carried out under the programme of work.

<sup>a</sup> Redeployed 1 P-5 and 1 GS (Other level) from subprogramme 4.

## Annex II

## Summary of follow-up action taken to implement relevant recommendations of the oversight bodies

*Brief description of the recommendation*

*Action taken to implement the recommendation*

### Advisory Committee on Administrative and Budgetary Questions (A/66/7, chap. II)

The Advisory Committee supports the proposed change and trusts that the Evaluation and Monitoring Unit will further enhance the capacity of UNCTAD to deliver effectively on its mandates. The Committee looks forward to receiving information on the impact of the redeployment in the context of its review of the proposed programme budget for the biennium 2014-2015 (para. IV.38)

The Advisory Committee is of the view that UNCTAD should take measures to broaden its donor base, which may contribute to increasing extrabudgetary resources (para. IV.42)

Following the redeployment of the Evaluation and Monitoring Unit and the streamlining of its functions, the Unit has developed evaluation policy for UNCTAD, which was approved by the Secretary-General of UNCTAD in December 2011. This policy forms the basis of the internal and external evaluation efforts of the UNCTAD secretariat, including general guidelines and evaluation standards. Based on this policy, the Evaluation and Monitoring Unit has further promoted the adoption of a new approach towards the formulation of its annual evaluation plans. The new approach aims to improve on lessons learned and enhance accountability through clear performance assessment against the programme plans approved by member States. In addition, it ensures systematic evaluation of each of the UNCTAD subprogrammes and precludes potential gaps in the oversight of some activities. The member States reviewed the evaluation plan at the sixty-third session of the Working Party on the Strategic Framework and the Programme Budget and subsequently endorsed the plan at the December 2012 meeting of the Trade and Development Board. To further enhance the impact of the evaluations, the Unit has also been working on better promoting the dissemination of findings and lessons learned.

Since the sixty-sixth session of the Advisory Committee, UNCTAD has taken steps to develop a fundraising strategy in order to enhance the coordination and integration of fundraising efforts aiming, in particular, to broaden the donor base and increase the volume of extrabudgetary contributions. The strategy document is being finalized and will be circulated to relevant stakeholders in the first half of 2013.
