The Security Council,

Recalling its primary responsibility under the Charter of the United Nations for the maintenance of international peace and security, and noting the significance of small arms and light weapons as the most frequently used weapons in the majority of recent armed conflicts,

Recalling the statements of its President of 19 March 2010 (S/PRST/2010/6), of 14 January 2009 (S/PRST/2009/1), of 29 June 2007 (S/PRST/2007/24), of 17 February 2005 (S/PRST/2005/7), of 19 January 2004 (S/PRST/2004/1), of 31 October 2002 (S/PRST/2002/30), of 31 August 2001 (S/PRST/2001/21) and of 24 September 1999 (S/PRST/1999/28), as well as other relevant resolutions of the Council, including that of 16 September 1998 (S/RES/1196 (1998)) and statements of its President related to small arms and light weapons,

Emphasizing that the right of individual and collective self-defence recognized in Article 51 of the Charter of the United Nations and the legitimate security demands of all countries should be fully taken into account, and *recognizing* that small arms and light weapons are traded, manufactured and retained by States for legitimate security, sporting and commercial considerations,

Gravely concerned that the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons in many regions of the world continue to pose threats to international peace and security, cause significant loss of life, contribute to instability and insecurity and continue to undermine the effectiveness of the Security Council in discharging its primary responsibility for the maintenance of international peace and security,

Recognizing that threats arising from the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons may vary according to national, regional and subregional circumstances and *encouraging* responses that address prevailing needs and challenges,

Recognizing the importance of capacity-building to address threats arising from the illicit transfer, destabilizing accumulation and misuse of small arms and

light weapons, especially in Africa, *welcoming* efforts that have been made by States, international, regional and subregional organizations to tackle this scourge, and *strongly encouraging* support for such efforts,

Emphasizing the importance of assisting Member States as well as, intergovernmental, regional and subregional organizations in capacity-building to prevent and address the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons,

Recalling with concern the close connection between international terrorism, transnational organized crime, drugs trafficking, money-laundering, other illicit financial transactions, illicit brokering in small arms and light weapons and arms trafficking, and the link between the illegal exploitation of natural resources, illicit trade in such resources and the proliferation and trafficking of arms as a major factor fuelling and exacerbating many conflicts,

Expressing concern at the continuing threats posed by the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons to the safety and security of United Nations peacekeepers and their effectiveness in implementing peacekeeping mandates, and to the safety and security of humanitarian workers and their effective provision of humanitarian assistance,

Recalling with grave concern that the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons fuel armed conflicts and have a wide range of negative human rights, humanitarian, development and socioeconomic consequences, in particular on the security of civilians in armed conflict, including the disproportionate impact on violence perpetrated against women and girls, and exacerbating sexual and gender-based violence and the recruitment and use of children by parties to armed conflict in violation of applicable international law,

Noting that this resolution focuses on the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons, including in respect of Council-mandated arms embargoes,

Acknowledging the important contribution of Council-mandated arms embargoes in countering the illicit transfer of small arms and light weapons, mitigating the intensity of conflict and creating conditions conducive to the peaceful resolution of situations that threaten or breach international peace and security, and *acknowledging also* the contribution Council-mandated arms embargoes make in supporting conflict prevention, post-conflict peacebuilding, disarmament, demobilization and reintegration and security sector reform,

Recognizing the value of effective physical security and management of stockpiles of small arms, light weapons and ammunition as an important means to prevent the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons, in accordance with global and regional standards, including through the application of voluntary guidelines, such as the International Ammunition Technical Guidelines (IATG) developed under the UN SaferGuard programme, and the International Small Arms Control Standards (ISACS) in arms and ammunition stockpile management practices,

Emphasizing the importance of addressing the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons in conflict prevention and

post-conflict peacebuilding, and in this context, *stressing* the importance of comprehensive international, regional and national approaches to disarmament, demobilization and reintegration that integrates political, social, economic, development and security aspects, and provides for the special needs of children and women, and women's full and effective participation in all efforts for the maintenance and promotion of peace and security, in line with UNSCR 1325 (S/RES/1325 (2000)),

Underlining the responsibility of States to prevent threats posed by the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons to international peace and security, and the devastating impact on civilians in armed conflict,

Recognizing that the misuse of small arms and light weapons has resulted in grave crimes and *reaffirming* therefore the relevant provisions of the 2005 World Summit Outcome Document regarding the protection of civilians in armed conflict, including paragraphs 138 and 139 thereof regarding the responsibility to protect populations from genocide, war crimes, ethnic cleansing and crimes against humanity,

Noting with appreciation the efforts made by Member States, intergovernmental, regional and subregional organizations in addressing threats to international peace and security posed by the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons, and *noting* the significant role of civil society in supporting such efforts,

Underlining in this regard the importance of cooperation, coordination and information-sharing among actors in addressing threats to international peace and security posed by the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons,

Recognizing the significance and central role of the United Nations Convention against Transnational Organized Crime and its Protocols, including the Protocol against the Illicit Manufacturing of and Trafficking in Firearms, Their Parts and Components and Ammunition; the Programme of Action to Prevent, Combat and Eradicate the Illicit Trade in Small Arms and Light Weapons in All Its Aspects; and the International Instrument to Enable States to Identify and Trace, in a Timely and Reliable Manner, Illicit Small Arms and Light Weapons, as crucial instruments in countering the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons,

Acknowledging the adoption of the Arms Trade Treaty, *taking note* of the signature and ratification of the Treaty by some States, and *looking forward to* the important contribution it can make to international and regional peace, security and stability, reducing human suffering and promoting cooperation,

Welcoming the increased cooperation between the United Nations and INTERPOL, including the 2009 Supplementary Agreement between INTERPOL and the United Nations Department of Peacekeeping Operations, as well as individual agreements between INTERPOL and Council Sanctions Committees, which provide better optional tools including, those for weapons identification and information sharing, for the United Nations and Member States to implement Council-mandated arms embargoes more effectively,
