Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries

are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (*restricted*) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- (2) Editions dans des langues autres que l'anglais.
- (3) Rééditions.
- (4) Révisions, additifs et rectificatifs.
- (5) Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54 shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

List of Documents and Publications

UN United Nations

1. The information below applies to documents and publications of all organs of the United Nations with the exception of the International Court of Justice.

Distribution Classification

2. The following classification categories apply to documents of the United Nations:

- (a) General: documents receiving full circulation.
- (b) Limited: documents for which wide circulation is unnecessary for any reason other than that given under (c), and, generally, for documents of a provisional nature, such as draft resolutions and amendments thereto, and similar action documents prepared for use at some meetings. Usually such documents are not distributed until they are published in final form as Annexes to the Official Records.
- (c) Restricted: applied exclusively to documents whose content requires that they be treated as confidential or withheld from public circulation.

Official Records

3. All printed Official Records of main organs are published in fascicle form. Each meeting record is published separately, as an individual booklet or fascicle. At the end of each session there is issued a prefatory fascicle which contains the following reference material: title-page, table of contents, list of representatives, agenda, and check list of the documents of the session, with indication of their republication. For ease of recognition, the fascicles of the opening and closing meetings are so identified in the masthead, and the prefatory fascicle is to be placed before the record of the opening meeting. Meeting records and prefatory fascicles of the Official Records of the General Assembly, the Economic and Social Council and the Trusteeship Council are bound together, in sessional volumes, for sales purposes. Meeting records of the Security Council and Disarmament Commission are available for sale as individual records of meetings.

Sale of Publications

4. Prices of printed documents and publications are indicated. All sales documents and publications are available in national currencies through authorized sales agents, to whom all orders and inquiries should be sent. A list of United Nations sales agents is to be found on the back cover of this publication. Orders and inquiries from countries where sales agents have not yet been appointed may be sent to:

5. The studies and reports prepared by the Secretariat cover a variety of fields. For the convenience of purchasers, the United Nations has established a series of numbered categories for its publications other than periodicals, the Treaty Series and the various Official Records. The following categories have been established.

- I. General
- II. Economics and Finance
 - II. A. Economic Stability and Employment
 - II. B. Economic Development
 - II. C. World Economy
 - II. D. Trade, Finance and Commerce
 - II. E. European Economy
 - II. F. Economy of Asia and the Far East
 - II. G. Latin American Economy
 - II. H. Technical Assistance
- III. Public Health
- IV. Social Questions
- V. International Law
- VI. A. Trusteeship
- VI. B. Non-Self-Governing Territories
- VII. Political and Security Council Affairs
- VIII. Transport and Communications
- IX. Atomic Energy and Armaments Control
- X. International Administration
- XI. Narcotic Drugs
- XII. Education, Science and Culture
- XIII. Demography
- XIV. Human Rights
- XV. Relief and Rehabilitation
- XVI. Public Finance and Fiscal Questions
- XVII. International Statistics

6. Each printed publication, with the exception of periodicals, the Official Records and the Treaty Series, carries on the inside front cover or on the reverse of the title-page a box containing a United Nations publication sales number consisting of the year of publication, the category number of the publication (in roman numerals) and the number of the publication in this particular category (in arabic numerals) issued during the year. The official document number should not be confused with the publication sales number, and need not be quoted unless the document does not bear a publication sales number.

Subscriptions

7. Certain periodical publications, such as the United Nations Review and the Monthly Bulletin of Statistics, are offered at a fixed annual subscription. Some mimeographed document series are also available by subscription. For information, see the annual catalogues of United Nations publications.

Standing Orders

8. Other publications, such as the Treaty Series and the various Official Records, appear at intervals in numbered series, but there is at present no established annual subscription price for them. Standing orders for these publications are accepted by authorized sales agents,

however. Under this arrangement, publications are mailed by the agent immediately upon issue and an invoice is rendered periodically for publications dispatched, plus postal charges.

9. Many sales agents will also maintain standing orders for persons interested in publications in any of the individual categories listed in paragraph 5 above. It is at present impossible to establish an annual subscription rate in advance for any of these categories.

10. Libraries or individuals desiring a copy of every printed publication issued by the United Nations may arrange with sales agents for an "overall" standing order, whereby all Official Records, Secretariat studies and reports, etc. (except periodicals), will be mailed to them upon publication. Subscriptions to United Nations periodicals must be entered separately, even by libraries and individuals placing an "overall" standing order.

Free Distribution

11. Documents and publications are distributed to Member States, specialized agencies, non-governmental organizations, and depository libraries, under agreed arrangements. It should be noted that documents published in Geneva by ECE, in Bangkok by ECAFE, in Santiago by ECLA, or in Addis Ababa by ECA cannot be distributed to some recipients as quickly as those originating at Headquarters. Documents of missions in the field are not distributed to depository libraries.

12. The Office of Public Information issues basic material which may be obtained on request by the press, schools, centres of international study, public libraries, and non-governmental organizations. Inquiries should be directed to the Office of Public Information, United Nations, New York, or to United Nations Information Centres.

13. For information concerning free publications of the United Nations Children's Fund (UNICEF), address the Information Section, United Nations Children's Fund, United Nations, New York.

Depository Libraries

14. A network of depository libraries has been established by the United Nations Library, so that throughout the world there are reference collections of documents of the United Nations accessible to the public. A consolidated list of depository libraries of the United Nations and the specialized agencies appeared in document ST/LIB/4.

15. The Library is authorized to designate at least one depository library in each Member State. In States of very large area or population, additional depository libraries may be designated. These depository libraries are entitled to receive all generally distributed documents and publications and in return are expected to make the collection available to the public. Many of these depositories send their own publications in exchange.

16. Centres of international study may also qualify to receive United Nations documents. A few libraries receive United Nations documents on an exchange basis, in return for extensive services and for publications made available to the United Nations Library.

ONU Nations Unies

1. On trouvera ci-après des renseignements sur les documents et publications de tous les organes de l'Organisation des Nations Unies à l'exception de la Cour internationale de Justice.

Classification des documents distribués

2. Les documents des Nations Unies sont classés de la manière suivante:

- a) Documents dont la distribution est générale et qui reçoivent la plus large diffusion.
- b) Documents dont la distribution est limitée: ce sont les documents qu'il n'est pas nécessaire de diffuser largement pour des raisons autres que les motifs indiqués à l'alinéa c); d'une manière générale, il s'agit de documents de caractère

provisoire tels que projets de résolution, amendements à ces projets et autres documents de séance. D'ordinaire, ces documents ne sont pas distribués avant de paraître sous une forme définitive comme Annexes aux Documents officiels.

- c) Documents dont la distribution est restreinte: ce sont les documents qui, en raison de leur contenu, doivent être considérés comme confidentiels ou ne doivent pas recevoir une diffusion publique.

Documents officiels

3. Tous les Documents officiels des organes principaux sont imprimés et distribués en fascicules. Le compte rendu de chacune des séances est publié sous forme de brochure ou de fascicule distinct. A la fin de chaque session, on publie un fascicule liminaire qui comprend les éléments suivants: page de titre, table des matières, liste des représentants, ordre du jour et répertoire des documents utilisés pendant la session avec indication de leur nouvelle cote. On reconnaîtra facilement les fascicules qui contiennent le compte rendu des séances d'ouverture et de clôture par la mention spéciale qu'ils portent en haut et à droite de la première page; le fascicule liminaire doit précéder le compte rendu de la séance d'ouverture. Pour l'Assemblée générale, le Conseil économique et social et le Conseil de tutelle, les Documents officiels (comptes rendus de séances et fascicules liminaires) sont mis en vente sous la forme de volumes à la fin de chaque session. Les comptes rendus des séances du Conseil de sécurité et de la Commission du désarmement sont mis en vente isolément.

Ventes

4. Les documents et publications imprimés portent l'indication de leur prix. On peut se les procurer contre paiement en monnaie nationale auprès des librairies dépositaires agréées, auxquelles peuvent être adressées les commandes et les demandes de renseignements. On trouvera au dos de la présente brochure la liste des librairies dépositaires. Les commandes et les demandes de renseignements émanant de pays où des agents attirés n'ont pas encore été nommés, doivent être adressées à la Section des ventes du Service des publications, New-York (Etats-Unis) ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

5. Le Secrétariat de l'Organisation des Nations Unies fait paraître également des études et des rapports sur des questions qui intéressent des domaines divers. Pour faciliter les commandes, les publications des Nations Unies autres que les publications périodiques, le Recueil des traités et les Documents officiels des divers organes ont été classés dans les catégories numérotées que voici:

- I. Questions générales
- II. Economie et finances
 - II. A. Stabilité économique et emploi
 - II. B. Développement économique
 - II. C. Economie mondiale
 - II. D. Etudes commerciales et financières
 - II. E. Economie de l'Europe
 - II. F. Economie de l'Asie et de l'Extrême-Orient
 - II. G. Economie de l'Amérique latine
 - II. H. Assistance technique
- III. Hygiène publique
- IV. Questions sociales
- V. Droit international
- VI. A. Tutelle

- VI. B. Territoires non autonomes
- VII. Affaires politiques et affaires du Conseil de sécurité
- VIII. Transports et communications
- IX. Energie atomique et contrôle des armements
- X. Administration internationale
- XI. Stupéfiants
- XII. Education, science et culture
- XIII. Démographie
- XIV. Droits de l'homme
- XV. Secours et relèvement
- XVI. Finances publiques et fiscalité
- XVII. Statistiques internationales

6. Toute publication imprimée, à l'exception des Documents officiels, du Recueil des traités et des diverses publications périodiques, porte, au verso de la couverture ou de la première page, une cartouche où est inscrit le numéro de vente, qui se compose de l'année de l'impression, du numéro de la catégorie à laquelle appartient la publication (en chiffres romains) et du numéro de la publication dans la série annuelle de cette catégorie particulière (en chiffres arabes). La cote officielle du document ne doit pas être confondue avec le numéro de vente; il n'est pas nécessaire de l'indiquer, à moins que le document ne porte pas de numéro de vente.

Abonnements

7. Pour certaines publications périodiques, telles que la Revue des Nations Unies et le Bulletin mensuel de statistique, il a été établi un tarif d'abonnement annuel fixe. Il est également possible de s'abonner à certaines séries de documents miméographiés. Pour tous renseignements complémentaires, on peut consulter les catalogues annuels des publications de Nations Unies.

Service régulier

8. D'autres publications, telles que le Recueil des Traités et les Documents officiels des divers organes, paraissent à intervalles irréguliers, en séries numérotées, et il n'a pas été établi de tarif d'abonnement annuel. Cependant les librairies dépositaires des publications des Nations Unies acceptent les commandes pour le service régulier de ces documents. Conformément à cet arrangement, les publications sont, dès leur parution, envoyées aux abonnés par les agents dépositaires qui établissent périodiquement une facture des publications livrées, augmentée des frais d'envoi.

9. De nombreuses librairies dépositaires des publications des Nations Unies organisent un système d'abonnement annuel pour les personnes qui s'intéressent aux publications des catégories mentionnées au paragraphe 5 ci-dessus. Il n'est pas possible à l'heure actuelle d'établir un tarif d'abonnement annuel pour ces diverses publications.

10. Les bibliothèques ou les personnes qui désirent se procurer un exemplaire de chacune des publications mises en vente par les Nations Unies pourront également s'adresser aux librairies dépositaires pour prendre un abonnement général qui leur permettra de recevoir, dès leur parution, tous les Documents officiels, les études et les rapports du Secrétariat, etc. (mais non les publications périodiques). Les abonnements aux publications périodiques des Nations Unies doivent être pris à part même lorsque les intéressés prennent un abonnement général.

Distribution gratuite

11. Des accords ont été conclus pour la distribution des documents et publications aux Etats Membres, aux institutions spécialisées, aux organisations non gouvernementales et aux bibliothèques dépositaires. Cependant, les documents publiés par la Commission économique pour l'Europe à Genève, par la Commission économique pour l'Asie et l'Extrême-Orient à Bangkok, par la Commission économique pour l'Amérique latine à Santiago ou par la Commission économique pour l'Afrique à Addis-Abéba ne parviennent pas à certains destinataires aussi rapidement que les documents publiés au Siège. Les documents des missions ne sont pas distribués aux bibliothèques dépositaires des documents et publications des Nations Unies.

12. Le Service de l'information des Nations Unies fait paraître une documentation de base que la presse, les écoles, les centres d'études internationales, les bibliothèques publiques et les organisations non gouvernementales peuvent obtenir sur demande. Les demandes de renseignements doivent être adressées au Service de l'information, Nations Unies, New-York, ou aux centres d'information des Nations Unies.

13. Pour tous renseignements sur les publications gratuites du Fonds des Nations Unies pour l'enfance (FISE), on s'adressera à la Section de l'information, Fonds des Nations Unies pour l'enfance, Nations Unies, New-York.

Bibliothèques dépositaires

14. La Bibliothèque de l'Organisation a créé un réseau de bibliothèques dépositaires des publications des Nations Unies grâce auquel, dans un grand nombre de pays, des collections de documents des Nations Unies sont accessibles au public. Une liste des bibliothèques dépositaires des documents et publications des Nations Unies et des institutions spécialisées figure dans le document ST/LIB/4.

15. La Bibliothèque des Nations Unies peut désigner dans chaque Etat Membre une bibliothèque dépositaire au moins. Dans les Etats au territoire très vaste ou très peuplé, elle peut en désigner plusieurs. Ces bibliothèques dépositaires peuvent recevoir tous les documents miméographiés et imprimés dont la distribution est générale à charge de mettre les collections à la disposition du public. En échange, de nombreuses bibliothèques dépositaires envoient à la Bibliothèque de l'Organisation leurs propres publications.

16. Les centres d'études internationales peuvent aussi demander à recevoir les documents des Nations Unies. Quelques bibliothèques reçoivent les documents des Nations Unies en contrepartie des services qu'elles rendent à la Bibliothèque des Nations Unies et des publications qu'elles mettent à sa disposition.

Centres d'information des Nations Unies et agents d'information

17. On peut également se renseigner sur les documents publiés par les Nations Unies dans les centres d'information des Nations Unies et auprès des agents d'information dont la liste est donnée au paragraphe 17 du texte anglais, page 6.

1. Publications. The publications of the Court include:

The decisions given by the Court, consisting of judgments, advisory opinions and orders. Each decision is printed in a separate unbound edition. It is also possible to obtain, in January of each year, the collected reports for the preceding year in one bound volume (consecutive pagination is used through the year). For the benefit of those who obtain the reports at the time of their publication, a stiff cover may be purchased in which it is possible to assemble the separate reports and the index, which may also be purchased separately. The series in which these decisions are published is entitled Reports of judgments, advisory opinions and orders. This series contains both English and French texts.

The documentation of each case: pleadings, oral arguments, and other relevant documents. This publication appears after the Court has given its final decision in a case. The series, entitled Pleadings, oral arguments, documents, consists of bound volumes. Documents are printed in their original language, English or French.

Acts and documents concerning the organisation of the Court. Only one volume has appeared, containing the English and French texts of the Charter of the United Nations, the Statute of the Court and the Rules of Court, together with certain other documents.

Yearbook. A bound yearbook appears in the autumn of each year, covering the period from July 15th of the previous year to July 15th of the current year. It contains information on the composition of the Court (with a biography of each Judge) and the Registry, and on the jurisdiction of the Court in contentious and advisory proceedings; it lists the States, members of the United Nations and others, entitled to appear before the Court, and the matters dealt with by the Court since 1946, together with a summary of the judgments and advisory opinions given during the course of the year; it gives a digest of the decisions given by the Court relating to the application of the Statute and the Rules, a bibliography of works published on the Court, and relevant extracts from treaties, agreements, conventions governing the jurisdiction of the Court. This series is published in two editions, the Yearbook in English and the Annuaire in French.

FAO

Food and Agriculture Organization of the United Nations

1. FAO documents are listed and indexed by the staff of the Organization in Rome and copy is forwarded for inclusion in the United Nations Documents Index. The documents listed are those distributed in Rome during the period covered.

2. Documentation System. FAO documents are divided into 3 groups:

I) Publications. The term "publication" applies to all FAO printed and processed works published for sale or other general public distribution.

II) Main series documents. Main series documents intended for general distribution comprise the following categories and are designated as shown in example:

a) FAO Conference documents, including papers prepared for discussion by the Conference as well as the Conference's proceedings.

example:

C 55/1 First document of the FAO Conference, 1955.

C 57/PV/- Verbatim records of the FAO Conference, 1957.

b) FAO Council documents, including papers prepared for discussion by the Council as well as the Council's proceedings.

example:

CL 26/7 Seventh document of the 26th session of the Council.

CL 26/PV-2 Proceedings of the 2nd meeting of the 26th session of the Council.

c) Documents of Technical Committees and Commissions. Normally only the final reports of technical commissions and committees are indexed. The documentation of the Committee on Commodity Problems is given fuller coverage.

example:

CCP 57/21 Twenty-first document of the Committee on Commodity Problems published in 1957.

FAO/EFC-57/40 Fortieth document of the European Forestry Commission published in 1957.

III) Working documents. These are usually not listed in the United Nations Documents Index, since their distribution is strictly limited and their content is largely reproduced in later publications or main series documents.

3. Sales distribution. FAO publications are priced in U.S. dollars and pounds sterling, but payment to FAO sales agents may be made in local currencies. A list of

authorized sales agents appeared in UN document ST/LIB/4, and revised lists are issued periodically by FAO. Requests for further information, including free promotional material and fixed orders from countries in which sales agents have not yet been appointed, may be addressed to:

Distribution and Sales Section
Food and Agriculture Organization
of the United Nations
Viale delle Terme di Caracalla
Rome, Italy

A general Catalogue of publications is also available on request to sales agents or to the above address. The Catalogue appears once every two years and is kept up-to-date by supplements issued monthly. Subscriptions are accepted to any of the periodicals published by FAO.

4. Depository libraries. A list of FAO depository libraries appeared in UN document ST/LIB/4.

FAO

Organisation des Nations Unies pour l'alimentation et l'agriculture

1. La liste des documents et l'index alphabétique sont préparés par le personnel de l'Organisation des Nations Unies pour l'Alimentation et l'Agriculture à Rome; une copie en est transmise à l'Organisation des Nations Unies pour inclusion dans le "United Nations Documents Index". Les documents sont ceux qui ont été distribués à Rome entre la date où est établie cette liste et celle de la publication du dernier "United Nations Documents Index".

2. Système de documentation. Les documents de la FAO sont divisés en trois catégories:

I) Publications. Le terme "publication" s'applique ici à tous les ouvrages imprimés ou polycopiés, pourvu qu'ils fassent l'objet d'une distribution générale ou qu'ils soient mis en vente.

II) Documents des séries principales. Les documents des séries principales destinés à la distribution générale comprennent les catégories suivantes et portent les cotes citées en exemple.

a) Les documents de la Conférence de la FAO, c'est-à-dire ceux qui traitent des questions à l'ordre du jour de la Conférence ainsi que les procès-verbaux des séances.

exemple:

C 55/1 Premier document de la Conférence de la FAO tenue en 1955.
C 57/PV/- Procès-verbaux de la Conférence de la FAO tenue en 1957.

b) Les documents du Conseil, c'est-à-dire ceux qui traitent des questions à l'ordre du jour de la session ainsi que les procès-verbaux des séances.

exemple:

CL 26/7 Septième document de la 26e session du Conseil.

CL 26/PV-2 Procès-verbal de la deuxième séance de la 26e session du Conseil.

c) Les documents des Comités et des Commissions Techniques. Parmi ceux-ci ne sont relevés que les rapports définitifs des différentes réunions tenues par ces Comités et Commissions. Cependant une exception est faite pour le Comité des Produits dont presque tous les documents figurent dans le "United Nations Documents Index".

exemple:

CCP 57/21 Vingt-et-unième document publié en 1957 par le Comité des Produits.

FAO/EFC-
57/40

Quarantième document publié en 1957 par la Commission Européenne des Forêts.

III) Documents de travail. Ceux-ci ne figurent pas habituellement dans le "United Nations Documents Index" puisque leur distribution est strictement limitée et que leur contenu est largement reproduit dans des publications paraissant ultérieurement ou dans les documents des séries principales.

3. Distribution par vente. Le prix des publications de la FAO est indiqué en dollars E. U. et en livres sterling. Le paiement aux librairies dépositaires de la FAO peut être effectué en monnaie nationale. Une liste des librairies dépositaires autorisées figure dans le document de l'ONU, ST/LIB/4. Des éditions révisées de cette liste sont publiées périodiquement par la FAO. Les demandes de renseignement et de matériel publicitaire ainsi que les commandes en provenance de pays où n'existent pas d'agents de vente autorisés peuvent être adressés à:

Section de distribution et ventes
Organisation des Nations Unies pour
l'Alimentation et l'Agriculture
Viale delle Terme di Caracalla
Rome, Italie

On peut également se procurer, en le demandant aux agents de vente ou à l'adresse ci-dessus, le Catalogue général des publications. Ce Catalogue est publié tous les deux ans et, dans l'intervalle, tenu à jour par des suppléments mensuels. Enfin, des abonnements peuvent être souscrits à l'un quelconque des périodiques publiés par la FAO.

4. Bibliothèques dépositaires. Une liste de ces bibliothèques figure dans le document de l'ONU, ST/LIB/4.

2. Distribution par vente. Les Statistiques financières internationales (revue mensuelle au prix de \$5.00 par an), l'Annuaire des balances des paiements (\$5.00) et les Etudes techniques (\$3.50 le volume de trois numéros) sont les seules publications vendues par le Fonds. Le paiement de ces documents est accepté en monnaie nationale soit par les banques centrales de nombreux Etats Membres, soit, au Royaume-Uni, par "Her Majesty's Stationery Office". Les publications du Fonds se vendent également à la Librairie des Nations Unies à New-York et à la librairie de l'Office européen des Nations Unies à Genève.

GATT

General Agreement on Tariffs and Trade

1. The GATT Secretariat (ICITO) is responsible for the publication of documents on behalf of the Contracting Parties to the General Agreement on Tariffs and Trade (GATT). GATT documents are almost all restricted at the time of issue and available only to Contracting Parties to the General Agreement. Documents of the Interim Commission of the ITO are infrequently issued.

Most of the documents issued during the sessions of the Contracting Parties to GATT are derestricted sixty days after the end of each session. Other documents pertaining to no particular session or issued between sessions are also only derestricted periodically.

2. Sales distribution. GATT unrestricted documents may be obtained from the GATT Secretariat at Geneva. Printed GATT publications may be purchased from agents for United Nations publications (see list on back cover), excluding the monthly International Trade News Bulletin, which is obtainable on subscription from the GATT Secretariat only.

3. Free distribution. Unrestricted GATT documents are distributed free to governments, the United Nations, the specialized agencies, some intergovernmental organizations and libraries.

4. Depository libraries. There are no GATT depository libraries as such, but some libraries receive derestricted documents on request.

5. Requests for documents and further information.

GATT

Accord général sur les tarifs douaniers et le commerce

1. Le Secrétariat du GATT (ICITO) est chargé de la publication des documents au nom des Parties Contractantes à l'Accord général sur les tarifs douaniers et le commerce (GATT). Lors de leur publication, les documents du GATT ont presque tous un caractère confidentiel et ne sont accessibles qu'aux Parties Contractantes à l'Accord général. Il n'est publié que rarement des documents de la Commission Interim.

La plupart des documents publiés pendant les sessions des Parties Contractantes à l'Accord général sont mis à la disposition du public soixant jours après la fin de chaque session. D'autres documents, qui n'ont trait à aucune session déterminée ou sont publiés entre les sessions ne sont également accessibles au public qu'à partir de dates spécialement fixées.

2. Distribution par vente. On peut se procurer au secrétariat, à Genève, les documents du GATT mis à la disposition du public. Les publications imprimées sont en vente dans les librairies dépositaires des publications des Nations Unies (voir au verso de la couverture la liste de ces dépositaires), à l'exception du Bulletin du commerce international (mensuel) pour lequel il ne peut être souscrit d'abonnement qu'au secrétariat du GATT.

3. Distribution gratuite. Les documents du GATT accessibles au public sont distribués gratuitement aux gouvernements, à l'Organisation des Nations Unies, aux institutions spécialisées, à certaines organisations intergouvernementales et à un petit nombre d'organisations et de bibliothèques non gouvernementales.

4. Bibliothèques dépositaires. Il n'existe pas de bibliothèques dépositaires, proprement dites, de publications du GATT, mais certaines bibliothèques reçoivent, sur leur demande, des documents mis à la disposition du public.

5. Demandes de documents et de renseignements complémentaires. Adresse:

ICAO

International Civil Aviation Organization

A. CATEGORIES OF PUBLICATIONS

1. ICAO publications comprise the Convention on International Civil Aviation and Annexes thereto; summaries of proceedings and action of the Assembly, the Council, the Air Navigation Commission, the Air Transport Committee, other committees of the Council and of various meetings; reports of commissions of the Assembly, of Air Navigation Conferences, and of divisional, regional, special and legal meetings; regional and technical manuals; ICAO Circulars; the Index of ICAO Publications; tables of agreements and arrangements; the Digest of Statistics; the ICAO Bulletin, and others. For a detailed list and the pricing of salable publications of ICAO: see Catalogue of Salable Publications - 1946-1959, Montreal, 1960.

2. Except as otherwise indicated, these publications are issued either as Documents or Working Papers.

(a) A document (Symbol: Doc) is a publication which is considered to have permanent character or special importance. All salable publications are in the category of documents. Some documents may, at the discretion of the Secretary-General, be issued free of charge to individuals requesting them. Among these

ICAO

documents are, the minutes, rules of procedure and ad hoc reports of the Assembly, the Council, and other deliberative bodies of the Organization; lists of agreements and arrangements registered with ICAO; and the weekly list of publications produced by the Organization.

(b) A working paper (Symbol: WP) is any publication, other than a document, intended to serve primarily as a basis for discussion at a meeting, and is normally distributed only to those attending the meeting, for which it was prepared. Copies of working papers may, however, be supplied on specific request, at the discretion of the Secretary-General, within one year after the date of their issue.

B. SYMBOLS OF ICAO DOCUMENTS AND WORKING PAPERS

3. ICAO documents are identified by their title and by a reference symbol. The reference symbol consists of two groups of figures separated by a hyphen, a letter code symbol and an oblique stroke. For example:

Doc 500-AT/200

The first figure (500 in the example given) is the serial number in the general list of ICAO documents. The code letters (AT in this example) indicate the category of activity concerned (in this case, Air Transport). The second figure (in this case 200) is the serial number allotted to the document within that particular category.

4. For purposes of grouping by category of activity, the United Nations Documents Index lists documents, with symbol components reversed, the category element of the symbol first. However, citation of documents should be made with the symbol in proper order.

5. References to ICAO documents in the United Nations Documents Index are general and serve as a quick finding aid. For detailed analyses of ICAO documents, working papers and minutes of ICAO meetings, the reader should consult the Index of ICAO Publications which that Organization issues at the end of each Assembly and Council session and cumulates annually. ICAO also publishes special indexes as needed.

OACI

Organisation de l'aviation civile internationale

A. CATEGORIES DE PUBLICATIONS

1. Les publications de l'Organisation de l'aviation civile internationale comprennent: la Convention relative à l'aviation civile internationale et ses annexes; les comptes rendus des travaux et décisions de l'Assemblée, du Conseil, de la Commission de navigation aérienne, du Comité du transport aérien, des autres Comités du Conseil et de diverses réunions; les rapports des commissions de l'Assemblée, des Conférences de navigation aérienne, ainsi que des réunions de divisions, réunions régionales, réunions spéciales et réunions juridiques; les manuels régionaux et manuels techniques; les Circulaires OACI; l'Index des documents de l'OACI; les listes d'accords et de contrats internationaux; les Recueils de statistiques; le Bulletin de l'OACI, etc. Le Catalogue des Publications mises en vent par l'OACI, 1946-1959 (édition de 1960) donne la liste détaillée et le prix des publications en vente.

2. Sauf indications contraires, ces publications sont éditées soit comme documents soit comme notes de travail.

a) Un document (cote Doc) est une publication jugée d'un intérêt permanent ou d'une importance particulière. Toutes les publications en vente sont classées comme documents.

Le Secrétaire général peut faire adresser gratuitement certains documents aux personnes qui en font la demande. Ces documents comprennent notamment: les procès-verbaux, règlements intérieurs et rapports spéciaux de l'Assemblée, du Conseil et des autres organes délibérants de l'Organisation; les listes d'accords et de contrats internationaux enregistrés par l'OACI, ainsi que la liste hebdomadaire des publications publiés par l'Organisation.

b) Sont classées comme notes de travail (cote WP) toutes les publications, autres que les documents, qui sont surtout destinées à servir aux débats d'une réunion; les notes de travail ne sont en principe distribuées qu'aux personnes qui assistent à la réunion pour laquelle elles ont été rédigées. Toutefois, les notes de travail peuvent être fournies, au gré du Secrétaire général et sur demande expresse, pendant un an après leur parution.

B. COTES DES DOCUMENTS ET NOTES DE TRAVAIL DE L'OACI

3. Les documents de l'OACI sont identifiés par leur titre et par leur cote. La cote comprend deux groupes de chiffres, séparés par un tiret, une ou plusieurs lettres symboliques et une barre oblique. Exemple:

Le premier groupe de chiffres (500 dans l'exemple) est le numéro d'ordre dans la liste générale des documents de l'OACI. Les lettres symboliques (AT) désignent le domaine d'activité (Transport aérien). Le second groupe de chiffres (200) est le numéro d'ordre assigné au document dans cette catégorie particulière.

4. Afin d'obtenir un groupement par catégories dans le "United Nations Documents Index", les cotes des documents ont été inscrites dans l'ordre inverse, numéro de catégorie en premier. Toutefois, lorsqu'on cite un document, il convient d'indiquer sa cote dans l'ordre normal.

5. Dans le "United Nations Documents Index", les renvois aux documents et notes de travail de l'OACI présentent un caractère général; ils permettent toutefois de retrouver rapidement les notes de travail et documents essentiels. Pour une analyse plus détaillée des documents, notes de travail et procès-verbaux de réunions de l'OACI, il convient de consulter l'Index des publications de l'OACI, qui est publié à la fin de chaque Assemblée et session du Conseil et fait l'objet d'un index récapitulatif paraissant chaque année. L'OACI publie également des index spéciaux suivant le besoin.

Documents and Publications

NO DOCUMENTS OR PUBLICATIONS
LISTED FOR JANUARY

International Labour Organisation

1. International Labour Organisation documents are listed and indexed by the staff of the International Labour Office Library in Geneva and copy is forwarded for inclusion in the United Nations Documents Index.

Since ILO reissues processed documents of permanent interest in one of its printed publications, processed documents are not included in the Index. An exception is made in the case of reports prepared for discussion by industrial committees, regional conferences and certain other conferences, which are issued in mimeographed form, as well as declassified Technical Assistance reports.

2. Documentation system. There is no general document numbering system for ILO documents. On the whole, however, they follow a fairly simple pattern, and fall into a few easily identifiable groups, as follows:

Documents of the International Labour Conference
Documents of regional and technical conferences
Documents of independent committees, of which the industrial committees form a distinct group
Studies and Reports, New Series (monographs)
Annuals and periodicals
Special publications, such as the International Labour Code, The Conventions and Recommendations, model codes of safety regulations, etc.

Governing Body documents appear in the Minutes of the Governing Body. These contain the minutes of the debates, and as appendices the reports and other documents submitted for discussion.

The documents of the International Labour Conference consist of reports prepared by the International Labour Office and the proceedings of the Conference. Reports have lettered in the upper right corner the words "Report I [II, III, etc.]" and before the title the annotation, "First [second, third] item of the agenda". Reports prepared for other conferences and for industrial committees are similarly marked.

Most documents in recent years have been issued in English, French and Spanish, with some in German and Russian. Workers' education manuals are also published in various other languages.

3. Sales distribution. An inclusive subscription to all ILO publications per year is \$50.00; £15.0.0. Any publication can be purchased individually. Prices are fixed in the currency of each country. Full information and publications may be obtained from field offices, branch offices and national correspondents of the ILO who act as sales agents in most countries.

4. Free distribution. Processed documents have limited distribution and are not for sale. Those which are considered to have permanent value are re-issued later in printed form. Working papers, that is, reports submitted to committees, special conferences, etc., now issued in mimeographed form with a printed cover, are available for limited distribution free of charge so far as stocks permit. They are listed in Industry and Labour, in addition to new printed publications and declassified Technical Assistance reports, and assigned a code number.

5. Sources of information. Information about the documents may be obtained from the Headquarters of the International Labour Office in Geneva, or from any of the field offices, branch offices or correspondents. Printed sales catalogues, in English, French, German, Russian and Spanish editions, are issued by the Office in Geneva from time to time. The latest editions in English, French and Spanish mention the printed publications issued from 1944 to 1957 inclusive. There is also an earlier catalogue covering the years 1919 to 1953 inclusive. A printed circular entitled ILO: New Publications is issued at intervals of about four months.

The Library of the International Labour Office has prepared and issued mimeographed catalogues of all printed documents issued from 1919 to the end of 1950, in English and French. These catalogues are in two parts, the first an alphabetical arrangement by author, subject and title, the second, a checklist classed as suggested in paragraph 2 of this note. They are entitled: Catalogue of Publications in English of the International Labour Office, 1919-1950. (International Labour Office: Library. Bibliographical Contributions, no. 5); and Catalogue des publications en langue française du Bureau international du Travail, 1919-1950. (Bureau international du Travail, Bibliothèque. Contributions bibliographiques, no. 6).

OIT

Organisation internationale du Travail

1. La liste des documents et l'index alphabétique sont préparés par la bibliothèque du Bureau international du Travail; une copie en est transmise à l'Organisation des Nations Unies pour inclusion dans le "United Nations Documents Index".

En règle générale seuls les documents imprimés figurent sur la liste. Les documents photocopiés qui présentent un intérêt permanent sont habituellement publiés dans une des séries imprimées; ils ne figurent donc pas à "l'Index". Il existe des exceptions à cette règle; ce sont les rapports soumis aux Commissions d'industries, aux conférences régionales et à certaines autres réunions, ainsi que les rapports du Programme d'assistance technique dès qu'ils cessent d'être confidentiels.

2. Système de classification. Il n'existe aucun système de numérotage général des documents de l'O. I. T. Dans l'ensemble, toutefois, ils sont classés selon une méthode relativement simple, et se répartissent entre quelques groupes faciles à reconnaître:

- Documents de la Conférence internationale du Travail
- Documents de conférences régionales et techniques
- Documents des commissions indépendantes, parmi lesquelles les commissions d'industrie constituent un groupe distinctif
- Etudes et documents, Nouvelle série (monographies)
- Publications annuelles et périodiques
- Publications spéciales, telles que le Code international du travail, les Conventions et recommandations, les règlements-type de sécurité, etc.

Les documents du Conseil d'administration paraissent dans les Procès-verbaux du Conseil d'administration. Ceux-ci contiennent le compte rendu des débats, et, sous la forme d'annexes, les rapports et autres documents dont le Conseil était saisi.

Les documents de la Conférence internationale du Travail se composent de rapports élaborés par le Bureau international du Travail et des comptes rendus des travaux de la Conférence. Dans l'angle supérieur droit de chaque rapport est imprimée l'indication "Rapport I [II, III, etc.]" et, avant le titre, la mention "Première [deuxième, troisième, etc.] question à l'ordre du jour". La présentation est analogue pour les rapports rédigés pour d'autres conférences ou pour les commissions d'industries.

La plupart des documents publiés ces dernières années existent en anglais, en français et en espagnol; quelques documents sont également publiés en allemand et en russe. Enfin, la série intitulée "Cours d'éducation ouvrière" est publiée, non seulement dans les trois langues officielles mais encore dans différentes autres.

3. Distribution par vente. L'abonnement global à toutes les publications de l'O. I. T. paraissant dans l'année coûte 200 fr. s. ou \$50. Les publications peuvent être acquises séparément; les prix sont fixés dans la monnaie de chaque pays. Les centres d'action, les bureaux de correspondance et les correspondants nationaux du B. I. T. qui, dans la plupart des pays, sont les dépositaires de ces publications, acceptent les commandes et fournissent tous renseignements utiles à ce sujet.

4. Distribution gratuite. Les documents photocopiés, dont la distribution est restreinte, ne sont pas mis en vente. Ceux que l'on juge présenter un intérêt permanent sont imprimés par la suite. Les documents de travail, à savoir les rapports présentés à des commissions, à des conférences spéciales, etc., qui sont actuellement publiés sous la forme de brochures photocopées avec couverture imprimée, peuvent être obtenus gratuitement, en nombre limité, dans la mesure où les stocks le permettent. Ces documents photocopiés sont mentionnés, à côté des ouvrages imprimés récents, dans la liste de publications qui paraît dans les "Informations sociales". Ils sont en général munis d'un symbole; par exemple: les rapports d'assistance technique ont comme symbole "OIT/TAP, etc".

5. Sources d'informations. Les demandes de renseignements concernant les publications peuvent être adressées au Bureau international du Travail à Genève, ou à ses centres d'action, bureaux de correspondance et correspondants nationaux. On trouvera d'utiles indications sur le contenu des documents dans les catalogues imprimés que le Bureau international du Travail fait paraître de temps à autre en anglais, en français, en espagnol, en allemand et en russe. Le dernier de ces catalogues, publié en anglais, français et espagnol, mentionne les documents imprimés qui ont paru de 1944 à 1957. Un catalogue publié en 1953, couvre la période de 1919 à 1953. Un bulletin imprimé, intitulé "B. I. T.: Nouvelles publications", paraît environ tous les quatre mois.

La bibliothèque du Bureau international du Travail a dressé et publié, en anglais et en français, des catalogues photocopiés de tous les documents imprimés parus de 1919 à la fin de 1950. Ces catalogues se composent de deux parties: dans la première, les documents sont

ILO IMCO

classés dans l'ordre alphabétique, par auteur, sujet et titre; dans la deuxième, ils sont rangés méthodiquement dans l'ordre mentionné au paragraphe 2 de la présente note. Ils sont intitulés: Catalogue of Publications in English of the International Labour Office, 1919-1950. (International Labour Office. Library. Bibliographical Contributions, no. 5); et Catalogue des publications en langue française du Bureau international du Travail, 1919-1950; Supplément 1951-1955. (Bureau international du Travail. Bibliothèque. Contributions bibliographiques, no. 6 et Suppl.).

UNESCO

United Nations Educational, Scientific and Cultural Organization

1. UNESCO documents are listed and indexed by the staff of the Organization in Paris, and copy is forwarded for inclusion in the United Nations Documents Index. The documents listed are those distributed in Paris during the period covered.

2. Documentation system. UNESCO documents are divided into three categories: I) Publications; II) Main Series documents; III) Working Series documents. The Working Series documents are not listed in the United Nations Documents Index.

I. Publications

The term "publication" here applies to all UNESCO printed works published for sale or other general public distribution.

II. Main Series Documents

Main series documents intended for general distribution comprise the following categories and are designated as shown in example:

a. General Conference documents. These relate to all questions studied by the Conference; they also contain the Conference's records and decisions.

e. g. 7C/3 3rd document of the 7th session of the General Conference.

8C/PRG/23 23rd document of the Programme Commission of 8th session of the General Conference.

b. Executive Board documents. These contain the Board's records and decisions.

e. g. 38 EX/SR.1-13 Summary records of the 38th session of the Executive Board.

Working documents submitted to the Board are not indexed as they are of only transitory interest and are superseded by the relevant decisions of the Board.

c. Documents of the Secretariat departments, services and bureaux. The reference number consists of the symbol of the originating department, service or bureau, followed by a serial number.

e. g. CUA/52 52nd document of the Department of Cultural Activities.

d. Documents originating from two sources. The reference number includes a double symbol - UNESCO's symbol plus that of the organization which has co-operated in preparing the document.

e. g. UNESCO/IBE/334 334th document prepared jointly by the International Bureau of Education and UNESCO.

III. Working Series Documents

These documents, not listed in the United Nations Documents Index, are identified by the code letters WS in the bottom left-hand corner. They are produced in a limited number of copies, no stock is kept, and no provision is made for reprinting, except in the case of the administrative category. All copies are held by the originating department, which distributes them only on special request and within the limits of the available stock.

3. Sales distribution. With a very few exceptions, all UNESCO publications are freely available for purchase. Distribution in each country is carried out through a "national distributor"; orders may be placed with any good bookseller or forwarded direct to the national distributor. Payment is made in the currency of the country of the buyer. Catalogues are available on application to the appropriate national distributor. A list of national distributors appeared in the consolidated list, 1958 (UN document ST/LIB/4).

Subscriptions can be accepted to any of the nine periodicals published. In addition, the following special subscription services are offered:

Documents Subscription Service: one copy of each Main Series document (as opposed to publication) sent direct from Paris in the language selected by the subscriber.

Annual rate: \$30.00

Comprehensive Periodicals Subscription Service: a combined subscription to all 9 UNESCO periodicals offering a considerable reduction over the total cost of separate subscriptions.

Annual rate: \$25.00

Book Subscription Scheme: one copy of each new book or pamphlet in any one language sent on publication. Cost: value of the books despatched. Payment is made in one sum every six months.

Subscriptions to the above three special services will cover all UNESCO material issued (with the exception of Working Series documents which are not available for general distribution).

4. Free distribution. Documents in the Main Series, which bear in the top right-hand corner a reference consisting of the word "UNESCO", followed by the code letters of the department of origin and a serial number (e. g.: UNESCO/ED/80), are distributed to Member States and National Commissions, and to certain specialists whose names appear on lists drawn up by the department of origin. These documents are, in principle, final issues, constituting a report on a given stage in the implementation of some item in the programme.

5. Depository libraries. Publications and Main Series documents may be consulted in the depository libraries in all UNESCO Member States. A list of these depository libraries can be obtained on request; it also appeared in the Consolidated List, 1958 (UN document ST/LIB/4).

UNESCO

Organisation des Nations Unies pour
l'éducation, la science et la culture

1. La liste des documents et l'index alphabétique sont préparés par le personnel de l'Organisation des Nations Unies pour l'éducation, la science et la culture; une copie en est transmise à l'Organisation des Nations Unies pour inclusion dans le "United Nations Documents Index".

2. Les documents de l'UNESCO sont divisés en trois catégories: I) Publications; II) Documents de la série principale; III) Documents de la série de travail. Les documents de la série de travail ne figurent pas dans le "United Nations Documents Index".

I. Publications

Le terme "publication" s'applique ici à tous les ouvrages imprimés de l'UNESCO qui font l'objet d'une distribution générale ou qui sont mis en vente.

II. Documents de la série principale

Les documents de la série principale destinés à la distribution générale comprennent les catégories suivantes et portent les cotes citées en exemple:

a. Les documents de la Conférence générale se rapportent à toutes les questions soumises à la Conférence; ils contiennent également des procès-verbaux et les décisions de la Conférence, leur cote comprend le sigle de la Conférence, des commissions, comités, etc.

Ex. : 7C/3 Troisième document de la septième session de la Conférence générale.
8C/PRG/23 Vingt-troisième document de la Commission du programme de la huitième session de la Conférence générale.

b. Les documents du Conseil exécutif contiennent les procès-verbaux et les décisions du Conseil.

Ex. : 38 EX/SR.1-13 Procès-verbaux de la trente-huitième session du Conseil exécutif.

Les documents de travail soumis au Conseil ne figurent pas dans l'index, étant rapidement périmés et remplacés par les décisions du Conseil.

c. Documents des départements, services et bureaux du Secrétariat: leur cote comprend le sigle du département, service ou bureau dont ils émanent, suivi d'un numéro d'ordre.

Ex. : CUA/52 Cinquante-deuxième document du Département des activités culturelles.

III. Documents de la série de travail

Les documents de la série de travail sont caractérisés par le sigle WS apposé au bas et à gauche du document, et ne font l'objet que d'un tirage limité. Aucun stock n'est constitué et aucun nouveau tirage n'est prévu, sauf lorsqu'il s'agit de la catégorie administrative. Tous les exemplaires tirés sont en dépôt au Département d'origine. Celui-ci ne les distribue que sur demande spéciale et dans la limite du stock disponible.

3. Vente. A quelques exceptions près toutes les publications de l'UNESCO sont libres à la vente. La distribution est effectuée dans chaque pays par l'intermédiaire d'un agent général; les commandes doivent être adressées, soit à une bonne librairie locale, soit directement à l'agent général. Les paiements peuvent s'effectuer dans la monnaie de tout pays où l'UNESCO a un agent. Les catalogues peuvent être obtenus auprès de l'agent général. On peut trouver la liste des agents généraux dans document ST/LIB/4, 1958.

On peut s'abonner aux neuf périodiques de l'UNESCO. De plus, on peut choisir entre les abonnements spéciaux suivants:

Abonnements aux documents de l'UNESCO: cet abonnement permet de recevoir directement de Paris un exemplaire de chaque document de la série principale, dans la langue demandée par l'abonné.

Ces trois abonnements couvrent tous les documents et publications de l'UNESCO à l'exception des documents de travail.

4. Distribution gratuite. Les documents de la série principale portant en haut à droite la mention "UNESCO", suivie du sigle du département dont ils émanent, et d'un numéro d'ordre (Ex. : UNESCO/ED/80) sont distribués aux Etats Membres, aux Commissions nationales, et à des experts dont les noms figurent sur des listes spéciales établies par le département auteur. Ces documents sont généralement des rapports sur l'exécution d'un point du programme.

Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries

are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 53/6 stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications,

classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- (2) Editions dans des langues autres que l'anglais.
- (3) Rééditions.
- (4) Révisions, additifs et rectificatifs.
- (5) Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 53/6 shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries

are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are pagged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 53/6 stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (*restricted*) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- (2) Editions dans des langues autres que l'anglais.
- (3) Rééditions.
- (4) Révisions, additifs et rectificatifs.
- (5) Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, TCAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 53/6 shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries

are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

Note: Beginning with this issue, the United Nations Documents Index will no longer list and index individual issues of periodicals. An annual listing will appear each February.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (*restricted*) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- (2) Editions dans des langues autres que l'anglais.
- (3) Rééditions.
- (4) Révisions, additifs et rectificatifs.
- (5) Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Note: A compter du présent numéro, les diverses livraisons des périodiques ne seront plus répertoriées ni indexées dans le "United Nations Documents Index". Un répertoire des périodiques paraîtra chaque année dans le numéro de février.

Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries

are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications,

classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- (2) Editions dans des langues autres que l'anglais.
- (3) Rééditions.
- (4) Révisions, additifs et rectificatifs.
- (5) Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries

are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr.32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr.3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (*restricted*) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publica-

tions, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- (2) Editions dans des langues autres que l'anglais.
- (3) Rééditions.
- (4) Révisions, additifs et rectificatifs.
- (5) Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications.

Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- Une table des matières
- Une notice explicative
- Une liste des abréviations
- Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- Editions dans des langues autres que l'anglais.
- Rééditions.
- Révisions, additifs et rectificatifs.
- Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminales à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Part I gives data for the world as a whole, and for countries grouped by region and degree of industrialization on:

- Volume of production and employment
- Level of output per person engaged and per head of population
- Distribution of production and employment by region and stage of economic development

Part II contains data for some 70 individual countries and areas on:

- Volume of production
- Volume added
- Employment in terms of both numbers of persons engaged and employees
- Wages and salaries paid

Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries

are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, LAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, LAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- (2) Editions dans des langues autres que l'anglais.
- (3) Rééditions.
- (4) Révisions, additifs et rectificatifs.
- (5) Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications.

Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are pagged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (*restricted*) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- (2) Editions dans des langues autres que l'anglais.
- (3) Rééditions.
- (4) Révisions, additifs et rectificatifs.
- (5) Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations

(d) List of Documents and Publications. Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr.32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr.3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications,

classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- (2) Editions dans des langues autres que l'anglais.
- (3) Rééditions.
- (4) Révisions, additifs et rectificatifs.
- (5) Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (*restricted*) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- Une table des matières
- Une notice explicative
- Une liste des abréviations
- Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- Editions dans des langues autres que l'anglais.
- Rééditions.
- Révisions, additifs et rectificatifs.
- Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications.

Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Non-English language editions
- (3) Republications
- (4) Revisions, addenda, and corrigenda
- (5) Publications sales numbers

The last four types are arranged in tabular form, with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

/NOTICE EXPLICATIVE

Notice explicative

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans le numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois.
- (2) Editions dans des langues autres que l'anglais.
- (3) Rééditions.
- (4) Révisions, additifs et rectificatifs.
- (5) Numéros de vente des publications.

Les quatre derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les

noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).
