Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (*restricted*) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou recus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English. It is arranged by entry numbers corresponding to those assigned to their English editions as listed in the United Nations Documents Index.

CUMULATIVE INDEX

3. The indexes and the lists of documents and publications issued in languages other than English published in the monthly issues are cumulated in a single annual index. They are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$1.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais. Le numérotage correspond à celui des éditions en anglais répertoriées dans le "United Nations Documents Index".

INDEX CUMULATIF

3. Les index mensuels et les listes des documents et publications parus dans des langues autres que l'anglais sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. UNITED NATIONS

1. The information below applies to documents and publications of all organs of the United Nations with the exception of the International Court of Justice.

Distribution Classification

2. The following classification categories apply to documents of the United Nations:

- (a) General: documents receiving full circulation.
- (b) Limited: documents for which wide circulation is unnecessary for any reason other than that given under (c), and, generally, for documents of a provisional nature, such as draft resolutions and amendments thereto, and similar action documents prepared for use at some meetings. Usually such documents are not distributed until they are published in final form as Annexes to the Official Records.
- (c) Restricted: applied exclusively to documents whose content requires that they be treated as confidential or withheld from public circulation.

Official Records

3. All printed Official Records of main organs are published in fascicle form. Each meeting record is published separately, as an individual booklet or fascicle. At the end of each session there is issued a prefatory fascicle which contains the following reference material: title-page, table of contents, list of representatives, agenda, and check list of the documents of the session, with indication of their republication. For ease of recognition, the fascicles of the opening and closing meetings are so identified in the masthead, and the prefatory fascicle is to be placed before the record of the opening meeting. Meeting records and prefatory fascicles of the Official Records of the General Assembly, the Economic and Social Council and the Trusteeship Council are bound together, in sessional volumes, for sales purposes. Meeting records of the Security Council and Disarmament Commission are available for sale as individual records of meetings.

Sale of Publications

4. Prices of printed documents and publications are indicated. All sales documents and publications are available in national currencies through authorized distributors, to whom all orders and inquiries should be sent. A list of United Nations distributors is to be found on the back cover of this publication. Orders and inquiries from countries where distributors have not yet been appointed may be sent to:

1. On trouvera ci-après des renseignements sur les documents et publications de tous les organes de l'Organisation des Nations Unies à l'exception de la Cour internationale de Justice.

Classification des documents distribués

2. Les documents des Nations Unies sont classés de la manière suivante:

- a) Documents dont la distribution est générale et qui reçoivent la plus large diffusion.
- b) Documents dont la distribution est limitée: ce sont les documents qu'il n'est pas nécessaire de diffuser largement pour des raisons autres que les motifs indiqués à l'alinéa c); d'une manière générale, il s'agit de documents de caractère provisoire tels que projets de résolution, amendements à ces projets et autres documents de séance. D'ordinaire, ces documents ne sont pas distribués avant de paraître sous une forme définitive comme Annexes aux Documents officiels.
- c) Documents dont la distribution est restreinte: ce sont les documents qui, en raison de leur contenu, doivent être considérés comme confidentiels ou ne doivent pas recevoir une diffusion publique.

Documents officiels

3. Tous les Documents officiels des organes principaux sont imprimés et distribués en fascicules. Le compte rendu de chacune des séances est publié sous forme de brochure ou de fascicule distinct. A la fin de chaque session, on publie un fascicule liminaire qui comprend les éléments suivants: page de titre, table des matières, liste des représentants, ordre du jour et répertoire des documents utilisés pendant la session avec indication de leur nouvelle cote. On reconnaîtra facilement les fascicules qui contiennent le compte rendu des séances d'ouverture et de clôture par la mention spéciale qu'ils portent en haut et à droite de la première page; le fascicule liminaire doit précéder le compte rendu de la séance d'ouverture. Pour l'Assemblée générale, le Conseil économique et social et le Conseil de tutelle, les Documents officiels (comptes rendus de séances et fascicules liminaires) sont mis en vente sous la forme de volumes à la fin de chaque session. Les comptes rendus des séances du Conseil de sécurité et de la Commission du désarmement sont mis en vente isolément.

Ventes

4. Les documents et publications imprimés portent l'indication de leur prix. On peut se les procurer contre paiement en monnaie nationale auprès des librairies dépositaires agréées, auxquelles peuvent être adressées les commandes et les demandes de renseignements. On trouvera au dos de la présente brochure la liste des librairies dépositaires. Les commandes et les demandes de renseignements émanant de pays où des agents attirés n'ont pas encore été nommés, doivent être adressées à la Section des ventes du Service des publications, New-York (Etats-Unis) ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

11. Documents and publications are distributed to Member States, specialized agencies, non-governmental organizations, and depository libraries, under agreed arrangements. It should be noted that documents published in Geneva by ECE, in Bangkok by ECAFE, in Santiago by ECLA, or in Addis Ababa by ECA cannot be distributed to some recipients as quickly as those originating at Headquarters. Documents of the subsidiary organs of ECA, ECAFE and ECLA are not distributed to depository libraries outside the respective regions, and are not available upon request, except in special circumstances. Documents of missions in the field are not available for distribution.

12. The Office of Public Information issues basic material which may be obtained on request by the press, schools, centres of international study, public libraries, and non-governmental organizations. Inquiries should be directed to the Office of Public Information, United Nations, New York, or to United Nations Information Centres.

13. For information concerning free publications of the United Nations Children's Fund (UNICEF), address the Information Section, United Nations Children's Fund, United Nations, New York.

Depository Libraries

14. A network of depository libraries has been established by the United Nations Library, so that throughout the world there are reference collections of documents of the United Nations accessible to the public. A consolidated list of depository libraries of the United Nations and the specialized agencies appeared in document ST/LIB/4.

aux abonnés par les agents dépositaires qui établissent périodiquement une facture des publications livrées, augmentée des frais d'envoi.

9. De nombreuses librairies dépositaires des publications des Nations Unies organisent un système d'abonnement annuel pour les personnes qui s'intéressent aux publications des catégories mentionnées au paragraphe 5 ci-dessus. Il n'est pas possible à l'heure actuelle d'établir un tarif d'abonnement annuel pour ces diverses publications.

10. Les bibliothèques ou les personnes qui désirent se procurer un exemplaire de chacune des publications mises en vente par les Nations Unies pourront également s'adresser aux librairies dépositaires pour prendre un abonnement général qui leur permettra de recevoir, dès leur parution, tous les Documents officiels, les études et les rapports du Secrétariat, etc. (mais non les publications périodiques). Les abonnements aux publications périodiques des Nations Unies doivent être pris à part même lorsque les intéressés prennent un abonnement général.

Distribution gratuite

11. Des accords ont été conclus pour la distribution des documents et publications aux Etats Membres, aux institutions spécialisées, aux organisations non gouvernementales et aux bibliothèques dépositaires. Cependant, les documents publiés par la Commission économique pour l'Europe à Genève, par la Commission économique pour l'Asie et l'Extrême-Orient à Bangkok, par la Commission économique pour l'Amérique latine à Santiago ou par la Commission économique pour l'Afrique à Addis-Abéba ne parviennent pas à certains destinataires aussi rapidement que les documents publiés au Siège. Les documents des organes subsidiaires de l'ECA, de l'ECAFE et de l'ECLA ne sont pas distribués aux bibliothèques dépositaires hors des régions respectives et ne sont pas disponibles sur demande, sauf dans des circonstances spéciales. Les documents des missions sur place ne sont pas disponibles pour distribution.

12. Le Service de l'Information des Nations Unies fait paraître une documentation de base que la presse, les écoles, les centres d'études internationales, les bibliothèques publiques et les organisations non gouvernementales peuvent obtenir sur demande. Les demandes de renseignements doivent être adressées au Service de l'Information, Nations Unies, New-York, ou aux centres d'information des Nations Unies.

13. Pour tous renseignements sur les publications gratuites du Fonds des Nations Unies pour l'enfance (FISE), on s'adressera à la Section de l'information, Fonds des Nations Unies pour l'enfance, Nations Unies, New-York.

Bibliothèques dépositaires

14. La Bibliothèque de l'Organisation a créé un réseau de bibliothèques dépositaires des publications des Nations Unies grâce auquel, dans un grand nombre de pays, des collections de documents des Nations Unies sont accessibles au public. Une liste des bibliothèques dépositaires des documents et publications des Nations Unies et des institutions spécialisées figure dans le document ST/LIB/4.

15. The Library is authorized to designate at least one depository library in each Member State. In States of very large area or population, additional depository libraries may be designated. These depository libraries are entitled to receive all generally distributed documents and publications and in return are expected to make the collection available to the public. Many of these depositories send their own publications in exchange.

16. Centres of international study may also qualify to receive United Nations documents. A few libraries receive United Nations documents on an exchange basis, in return for extensive services and for publications made available to the United Nations Library.

15. La Bibliothèque des Nations Unies peut désigner dans chaque Etat Membre une bibliothèque dépositaire au moins. Dans les Etats au territoire très vaste ou très peuplé, elle peut en désigner plusieurs. Ces bibliothèques dépositaires peuvent recevoir tous les documents mimeographiés et imprimés dont la distribution est générale à charge de mettre les collections à la disposition du public. En échange, de nombreuses bibliothèques dépositaires envoient à la Bibliothèque de l'Organisation leurs propres publications.

16. Les centres d'études internationales peuvent aussi demander à recevoir les documents des Nations Unies. Quelques bibliothèques reçoivent les documents des Nations Unies en contrepartie des services qu'elles rendent à la Bibliothèque des Nations Unies et des publications qu'elles mettent à sa disposition.

The decisions given by the Court, consisting of judgments, advisory opinions and orders. Each decision is printed in a separate unbound edition. It is also possible to obtain, in January of each year, the collected reports for the preceding year in one bound volume (consecutive pagination is used through the year). For the benefit of those who obtain the reports at the time of their publication, a stiff cover may be purchased in which it is possible to assemble the separate reports and the index, which may also be purchased separately. The series in which these decisions are published is entitled Reports of judgments, advisory opinions and orders. This series contains both English and French texts.

The documentation of each case: pleadings, oral arguments, and other relevant documents. This publication appears after the Court has given its final decision in a case. The series is entitled Pleadings, oral arguments, documents. Documents are printed in their original language, English or French.

Acts and documents concerning the organisation of the Court. Only one volume has appeared, containing the English and French texts of the Charter of the United Nations, the Statute of the Court and the Rules of Court, together with certain other documents.

Yearbook. A yearbook appears in the autumn of each year, covering the period from July 15th of the previous year to July 15th of the current year. It contains information on the composition of the Court (with a biography of each Judge) and the Registry, and on the jurisdiction of the Court in contentious and advisory proceedings; it lists the States, members of the United Nations and others, entitled to appear before the Court, and the matters dealt with by the Court since 1946, together with a summary of the judgments and advisory opinions given during the course of the year; it gives a digest of the decisions given by the Court relating to the application of the Statute and the Rules, a bibliography of works published on the Court, and relevant extracts from treaties, agreements, conventions governing the jurisdiction of the Court. This series is published in two editions, the Yearbook in English and the Annuaire in French.

Catalogue of Publications, in two editions, French and English. The last catalogue was published in 1960; an addendum appears each year.

1. Publications. Les publications de la Cour comprennent:

Les décisions rendues par la Cour, à savoir les arrêts, avis consultatifs et ordonnances. Chaque décision est imprimée en un fascicule non relié. On peut aussi se procurer, en janvier de chaque année, l'ensemble des décisions rendues l'année précédente, reliées en un volume (la pagination pendant l'année est continue). Pour les personnes qui ont acquis les fascicules au fur et à mesure de leur parution, une couverture mobile est mise en vente qui permet de les relier en y ajoutant l'index, lequel est également vendu à part. La série où sont publiées les décisions est intitulée: Recueil des arrêts, avis consultatifs et ordonnances (recueil bilingue, français et anglais).

Le dossier de chaque affaire: pièces de la procédure écrite, plaidoiries, autres documents pertinents. La publication a lieu après que la Cour se soit prononcée définitivement sur l'affaire. Le nom de la série est Mémoires, plaidoiries et documents. Les documents sont imprimés dans leur texte original, c'est-à-dire, selon le cas, en français ou en anglais.

Les Actes et documents relatifs à l'organisation de la Cour. Sous ce nom de série, un seul volume a paru: il contient la Charte des Nations Unies, le Statut et le Règlement de la Cour ainsi que divers autres documents (publication bilingue, français et anglais).

L'Annuaire. Chaque année à l'automne paraît un annuaire qui porte sur la période du 15 juillet de l'année précédente au 15 juillet de l'année courante. Il contient: des renseignements sur la composition de la Cour (avec la biographie de chaque juge), sur la composition du Greffe, sur la compétence de la Cour en matière contentieuse et consultative; la liste des Etats admis à ester en justice devant la Cour, Membres des Nations Unies et autres; la liste des affaires traitées par la Cour depuis 1946, ainsi qu'un résumé des arrêts et avis rendus pendant l'année; le digeste des décisions qui sont rendues par la Cour et qui portent application de son Statut et de son Règlement; la bibliographie des ouvrages parus sur la Cour; les extraits pertinents des traités, accords, conventions régissant la compétence de la Cour. FAO
Food and Agriculture Organization of the United Nations
 FAO
Organisation des Nations Unies pour l'alimentation et l'agriculture

1. FAO publications and documents issued up to the twentieth of each month appear in the following month in the United Nations Documents Index. The listing is prepared by the FAO Library staff and, as a general rule, includes the following:

- (a) Priced publications. Whether printed or duplicated, these items appear as a result of the Organization's publishing activity proper; they are placed on sale to the public because of their value to a widespread readership, permanent character or special importance. Certain official records and reports also belong to this category. Although priced in U.S. dollars and pounds sterling, these publications may be purchased from FAO sales agents with local currencies.
- (b) Working papers. These relate to the functioning of the Organization. They may be obtained by interested persons against a small handling fee established per number of pages. Working papers which are restricted or of a temporary character only, or which do not present sufficient interest for this listing, are excluded.

2. Most working papers appear with a symbol which consists of a combination of first letters and a current number and/or, as the case may be, a year indication. Some of the more important series of documents are the following:

- (a) Conference documents. These are prepared for action by the Conference or relate to the proceedings of the Conference. Main symbol is "C", with the last two digits of the calendar year and such other identification as is necessary, e. g. PV (procès-verbal) for "Verbatim Reports", LIM for "Working Papers for Limited Distribution", AG, NU, FI, FO, IN for "Technical Committees in "Agriculture", "Nutrition", "Fisheries", "Forestry", "Public Information and Publications". The eleventh session of the Conference, the last one to be held, was in November 1961.
- (b) Council documents. Similar to the above, with the main abbreviation "CL". The thirty-seventh session of the Council, the last one to be held, was in November 1961.

1. La liste des publications et documents de la FAO parus avant le 20 de chaque mois figure dans le United Nations Documents Index du mois suivant. Cette liste est préparée par le personnel de la bibliothèque de la FAO et comprend, en règle générale:

- (a) Les publications destinées à la vente. Ces documents, soit imprimés, soit polycopiés, sont les publications proprement dites de la FAO; ils sont vendus au grand public en raison de l'intérêt qu'ils présentent pour un cercle étendu de lecteurs, de leur valeur permanente ou de leur importance particulière. Rentrent également dans cette catégorie certains rapports et documents officiels. Bien que le prix de ces publications soit indiqué en dollars des EU et en livres sterling, le paiement aux dépositaires des publications de la FAO peut être effectué en monnaie locale.
- (b) Les documents de travail. Ceux-ci concernent le fonctionnement de l'Organisation. On peut se les procurer moyennant un léger versement pour frais d'envoi, qui varie en fonction du nombre de pages. Les documents de travail qui ont un caractère confidentiel ou purement temporaire ou qui ne présentent pas suffisamment d'intérêt pour figurer dans le présent index ne sont pas relevés.

2. La plupart des documents de travail portent une cote qui se compose d'une combinaison d'initiales et d'un numéro d'ordre et/ou, suivant le cas, de l'indication de l'année. Parmi les séries les plus importantes, on peut citer:

- (a) Les documents de la Conférence. Ceux-ci traitent des questions inscrites à l'ordre du jour ou rendent compte des travaux de la Conférence. La partie essentielle de la cote est la lettre "C", suivie des deux derniers chiffres du numéro de l'année et de toute autre indication nécessaire, par exemple PV pour les procès-verbaux, LIM pour les documents de travail à distribution limitée, AG, NU, FI, FO, IN pour les documents des comités techniques s'occupant de l'agriculture, de la nutrition, des pêches (fisheries), des forêts, de l'information et des publications. La dernière session de la Conférence, la onzième, s'est tenue en novembre 1961.
- (b) Les documents du Conseil. Le système de cotation est analogue à celui des documents de la Conférence, la partie principale de la cote étant le sigle "CL". La dernière session du Conseil, la trente-septième, s'est tenue en novembre 1961.

(c) Technical Committee and Commission documents. These appear with an appropriate abbreviation taken from the designation of the respective organ, such as CCP for "Committee on Commodity Problems", EFC for "European Forestry Commission", etc. Meeting reports generally carry the symbol of the Technical Department which organized the meeting, such as AN for "Animal Production and Health Division", PL for "Plant Production and Protection Division", etc.

(c) Les documents des comités et commissions techniques. La cote de ces documents comporte un sigle forgé à partir du titre de chaque comité et commission technique (CCP pour le Comité des produits, EFC pour la Commission européenne des forêts, etc.). La cote des rapports sur les réunions comprend généralement un sigle désignant le service technique qui a organisé la réunion (AN pour la Division de la production et de la santé animales, PL pour la Division de la production végétale et de la protection des plantes, etc.).

3. Finding aids

(a) Priced publications. The latest Catalogue of Publications was issued in 1960 and includes all priced publications issued from 1945 to 1960. This booklet is normally re-issued every other year in separate editions for each of the three official languages (English, French, Spanish). Supplements are issued from time to time between the biennial editions. Copies may be had from FAO publications sales agents established in 60 countries of the world and listed on the back page of the Catalogue and in all priced publications. Requests for further information regarding prices, subscriptions and free promotional material should be addressed to the FAO sales agent in the country of the inquirer or to the following address:

Distribution and Sales Section
Food and Agriculture Organization
of the United Nations
Viale delle Terme di Caracalla
Rome, Italy

(b) Working papers. Since the beginning of 1961, a checklist entitled "FAO Documentation, a Quarterly List of Documents and ETAP (Expanded Program of Technical Assistance) Final Reports" is being issued by FAO. Single copies of this document are distributed to authorized recipients exclusively. FAO National Committees will entertain justified requests from those who wish to obtain this list.

4. A list of FAO depository libraries appeared in UN document ST/LIB/4.

3. Répertoires

(a) Publications destinées à la vente. La dernière édition du Catalogue des publications date de 1960; on y trouve la liste de toutes les publications mises en vente entre 1945 et 1960. Ce bulletin est normalement publié tous les deux ans dans chacune des trois langues officielles, c'est-à-dire en anglais, en français et en espagnol (éditions séparées); dans l'intervalle, il est tenu à jour par des suppléments. On peut se le procurer au prix des dépositaires qui assurent la vente des publications de la FAO dans 60 pays et dont la liste figure au dos du catalogue ainsi que dans toutes les publications mises en vente. Les demandes de renseignements complémentaires concernant les prix, les abonnements et le matériel publicitaire gratuit peuvent être adressées soit au dépositaire du pays d'où elles émanent soit à l'adresse suivante:

Section de distribution et ventes
Organisation des Nations Unies pour
l'alimentation et l'agriculture
Viale delle Terme di Caracalla
Rome (Italie)

(b) Documents de travail. La FAO publie, depuis le début de 1961, un catalogue intitulé "FAO Documentation, a Quarterly List of Documents and ETAP (Expanded Program of Technical Assistance) Final Reports". Seules peuvent obtenir ce document les personnes remplissant certaines conditions. Les comités nationaux de la FAO feront droit à toute demande qui semblera justifiée.

4. Une liste des bibliothèques dépositaires figure dans le document de l'ONU ST/LIB/4.

2. Sales distribution. Printed GATT publications may be purchased from agents for United Nations publications (see list on back cover).

3. Free distribution. Unrestricted GATT documents are distributed free to governments, the United Nations, the specialized agencies, some intergovernmental organizations and libraries. GATT unrestricted documents may be obtained from the GATT Secretariat at Geneva.

4. Depository libraries. There are no GATT depository libraries as such, but some libraries receive derestricted documents on request.

1. Le Secrétariat du GATT (ICITO) est chargé de la publication des documents au nom des Parties Contractantes à l'Accord général sur les tarifs douaniers et le commerce (GATT). Lors de leur publication, les documents du GATT ont presque tous un caractère confidentiel et ne sont accessibles qu'aux parties contractantes à l'Accord général. Il n'est publié que rarement des documents de la Commission Interim.

La plupart des documents publiés pendant les sessions des Parties Contractantes à l'Accord général sont mis à la disposition du public soixant jours après la fin de chaque session. D'autres documents, qui n'ont trait à aucune session déterminée ou sont publiés entre les sessions ne sont également accessibles au public qu'à partir de dates spécialement fixées.

2. Distribution par vente. Les publications imprimées sont en vente dans les librairies depositaires des publications des Nations Unies (voir au verso de la couverture la liste de ces depositaires).

3. Distribution gratuite. Les documents du GATT accessibles au public sont distribués gratuitement aux gouvernements, à l'Organisation des Nations Unies, aux institutions spécialisées, à certaines organisations intergouvernementales et à un petit nombre d'organisations non gouvernementales et de bibliothèques. On peut se procurer au secrétariat, à Genève, les documents du GATT mis à la disposition du public.

ICAO
International Civil Aviation Organization
OACI
Organisation de l'aviation civile internationale

A. CATEGORIES OF PUBLICATIONS

1. ICAO publications comprise the Convention on International Civil Aviation and Annexes thereto; official records and action of the Assembly, the Council, the Air Navigation Commission, the Air Transport Committee, other committees of the Council and of various meetings; reports of commissions and committees of the Assembly, of Air Navigation Conferences, and of divisional, regional, special and legal meetings; regional and technical manuals; ICAO Circulars; the Index of ICAO Publications; tables of agreements and arrangements; the Digest of Statistics; the ICAO Bulletin, and others. For a detailed list and the pricing of salable publications of ICAO: see Catalogue of Salable Publications - 1946-1959, Montreal, 1960.

2. Except as otherwise indicated, these publications are issued either as Documents or Working Papers.

(a) A document (Symbol: Doc) is a publication which is considered to have permanent character or special importance. Most salable publications are in the category of documents. Some documents may, at the discretion of the Secretary General, be issued free of charge to individuals requesting them. Among these documents are, the minutes, rules of procedure and ad hoc reports of the Assembly, the Council, and other deliberative bodies of the Organization; lists of agreements and arrangements registered with ICAO; and the weekly list of publications produced by the Organization.

(b) A working paper (Symbol: WP) is any publication, other than a document, intended to serve primarily as a basis for discussion at a meeting, and is normally distributed only to those attending the meeting, for which it was prepared. Copies of working papers may, however, be supplied on specific request, at the discretion of the Secretary General, within one year after the date of their issue.

B. SYMBOLS OF ICAO DOCUMENTS AND WORKING PAPERS

3. ICAO documents are identified by their title and - in case of specific subjects - by a reference symbol. The reference symbol consists of two groups of figures

A. CATEGORIES DE PUBLICATIONS

1. Les publications de l'Organisation de l'aviation civile internationale comprennent: la Convention relative à l'aviation civile internationale et ses annexes; la documentation officielle et les décisions de l'Assemblée, du Conseil, de la Commission de navigation aérienne, du Comité du transport aérien, des autres Comités du Conseil et de diverses réunions; les rapports des commissions et comités de l'Assemblée, des Conférences de navigation aérienne, ainsi que des réunions de divisions, réunions régionales, réunions spéciales et réunions juridiques; les manuels régionaux et manuels techniques; les Circulaires OACI; l'Index des documents de l'OACI; les listes d'accords et de contrats internationaux; les Recueils de statistiques; le Bulletin de l'OACI, etc. Le Catalogue des Publications mises en vente par l'OACI, 1946-1959 (édition de 1960) donne la liste détaillée et le prix des publications en vente.

2. Sauf indications contraires, ces publications sont éditées soit comme documents soit comme notes de travail.

a) Un document (cote:Doc) est une publication jugée d'un intérêt permanent ou d'une importance particulière. La plupart des publications en vente sont classées comme documents.

Le Secrétaire général peut faire adresser gratuitement certains documents aux personnes qui en font la demande. Ces documents comprennent notamment: les procès-verbaux, règlements intérieurs et rapports spéciaux de l'Assemblée, du Conseil et des autres organes délibérants de l'Organisation; les listes d'accords et de contrats internationaux enregistrés par l'OACI, ainsi que la liste hebdomadaire des publications publiés par l'Organisation.

b) Sont classées comme notes de travail (cote WP) toutes les publications, autres que les documents, qui sont surtout destinées à servir aux débats d'une réunion; les notes de travail ne sont en principe distribuées qu'aux personnes qui assistent à la réunion pour laquelle elles ont été rédigées. Toutefois, les notes de travail peuvent être fournies, au gré du Secrétaire général et sur demande expresse, pendant un an après leur parution.

B. COTES DES DOCUMENTS ET NOTES DE TRAVAIL DE L'OACI

3. Les documents de l'OACI sont identifiés par leur titre et par leur cote. Pour les documents qui portent sur les questions relevant d'un domaine particulier, la cote

ICAO

separated by a hyphen, a letter code symbol and an oblique stroke. For example:

The first figure (500 in the example given) is the serial number in the general list of ICAO documents. The code letters (AT in this example) indicate the category of activity concerned (in this case, Air Transport). The second figure (in this case 200) is the serial number allotted to the document within that particular category.

comprend deux groupes de chiffres, séparés par un tiret, une ou plusieurs lettres symboliques et une barre oblique. Exemple:

Le premier groupe de chiffres (500 dans l'exemple) est le numéro d'ordre dans la liste générale des documents de l'OACI. Les lettres symboliques (AT) désignent le domaine d'activité (Transport aérien). Le second groupe de chiffres (200) est le numéro d'ordre assigné au document dans cette catégorie particulière.

4. For purposes of grouping by category of activity, the United Nations Documents Index lists documents, with symbol components reversed, the category element of the symbol first. However, citation of documents should be made with the symbol in proper order.

4. Afin d'obtenir un groupement par catégories dans le "United Nations Documents Index", les cotes des documents ont été inscrites dans l'ordre inverse, numéro de catégorie en premier. Toutefois, lorsqu'on cite un document, il convient d'indiquer sa cote dans l'ordre normal.

5. References to ICAO documents in the United Nations Documents Index are general and serve as a quick finding aid. For detailed analyses of ICAO documents, working papers and minutes of ICAO meetings, the reader should consult the Index of ICAO Publications which that Organization issues at the end of each Assembly and Council session and cumulates annually. ICAO also publishes special indexes as needed.

5. Dans le "United Nations Documents Index", les renvois aux documents et notes de travail de l'OACI présentent un caractère général; ils permettent toutefois de retrouver rapidement les notes de travail et documents essentiels. Pour une analyse plus détaillée des documents, notes de travail et procès-verbaux de réunions de l'OACI, il convient de consulter l'Index des publications de l'OACI, qui est publié à la fin de chaque Assemblée et session du Conseil et fait l'objet d'un index récapitulatif paraissant chaque année. L'OACI publie également des index spéciaux suivant le besoin.

NO DOCUMENTS OR PUBLICATIONS
 LISTED FOR JANUARY

ILO
International Labour Organisation
OIT
Organisation internationale du Travail

1. International Labour Organisation documents are listed and indexed by the staff of the International Labour Office Library in Geneva and copy is forwarded for inclusion in the United Nations Documents Index.

Since ILO reissues processed documents of permanent interest in one of its printed publications, processed documents are not included in the Index. An exception is made in the case of reports prepared for discussion by industrial committees, regional conferences and certain other conferences, which are issued in mimeographed form, as well as declassified Technical Assistance reports.

2. Documentation system. There is no general document numbering system for ILO documents. On the whole, however, they follow a fairly simple pattern, and fall into a few easily identifiable groups, as follows:

Documents of the International Labour Conference
Documents of regional and technical conferences
Documents of independent committees, of which the industrial committees form a distinct group
Studies and Reports, New Series (monographs)
Annuals and periodicals
Special publications, such as the International Labour Code, Conventions and Recommendations, model codes of safety regulations, etc.

Governing Body documents appear in the Minutes of the Governing Body. These contain the minutes of the debates, and as appendices the reports and other documents submitted for discussion.

The documents of the International Labour Conference consist of reports prepared by the International Labour Office and the proceedings of the Conference. Reports have lettered in the upper right corner the words "Report I [II, III, etc.]"; and before the title the annotation, "First [second, third] item of the agenda". Reports prepared for other conferences and for industrial committees are similarly marked.

Most documents in recent years have been issued in English, French and Spanish, with some in German and Russian. Workers' education manuals are also published in various other languages.

1. La liste des documents et l'index alphabétique sont préparés par la bibliothèque du Bureau international du Travail; une copie en est transmise à l'Organisation des Nations Unies pour inclusion dans le "United Nations Documents Index".

En règle générale seuls les documents imprimés figurent sur la liste. Les documents polycopiés qui présentent un intérêt permanent sont habituellement publiés dans une des séries imprimées; ils ne figurent donc pas à "l'Index". Il existe des exceptions à cette règle; ce sont les rapports soumis aux Commissions d'industries, aux conférences régionales et à certaines autres réunions, ainsi que les rapports du Programme d'assistance technique dès qu'ils cessent d'être confidentiels.

2. Système de classification. Il n'existe aucun système de numérotage général des documents de l'O. I. T. Dans l'ensemble, toutefois, ils sont classés selon une méthode relativement simple, et se répartissent entre quelques groupes faciles à reconnaître:

Documents de la Conférence internationale du Travail
Documents de conférences régionales et techniques
Documents des commissions indépendantes, parmi lesquelles les commissions d'industrie constituent un groupe distinctif
Etudes et documents, Nouvelle série (monographies)
Publications annuelles et périodiques
Publications spéciales, telles que le Code international du travail, les Conventions et recommandations, les règlements-type de sécurité, etc.

Les documents du Conseil d'administration paraissent dans les Procès-verbaux du Conseil d'administration. Ceux-ci contiennent le compte rendu des débats, et, sous la forme d'annexes, les rapports et autres documents dont le Conseil était saisi.

Les documents de la Conférence internationale du Travail se composent de rapports élaborés par le Bureau international du Travail et des comptes rendus des travaux de la Conférence. Dans l'angle supérieur droit de chaque rapport est imprimée l'indication "Rapport I [II, III, etc.]" et, avant le titre, la mention "Première [deuxième, troisième, etc.] question à l'ordre du jour". La présentation est analogue pour les rapports rédigés pour d'autres conférences ou pour les commissions d'industries.

La plupart des documents publiés ces dernières années existent en anglais, en français et en espagnol; quelques documents sont également publiés en allemand et en russe. Enfin, la série intitulée "Cours d'éducation ouvrière" est publiée, non seulement dans les trois langues officielles mais encore dans différentes autres.

3. Sales distribution. An inclusive subscription to all ILO publications per year is \$50.00; £15.0.0. Any publication can be purchased individually. Prices are fixed in the currency of each country. Full information and publications may be obtained from field offices, branch offices and national correspondents of the ILO, who act as sales agents in many countries.

4. Free distribution. Processed documents have limited distribution and are not for sale. Those which are considered to have permanent value are re-issued later in printed form. Working papers, that is, reports submitted to committees, special conferences, etc., now issued in mimeographed form with a printed cover, are available for limited distribution free of charge so far as stocks permit. They are listed in the International Labour Review in addition to new printed publications and declassified Technical Assistance reports, and assigned a code number.

5. Sources of information. Information about the documents may be obtained from the Headquarters of the International Labour Office in Geneva, or from any of the field offices, branch offices or correspondents. Printed sales catalogues, in English, French, German, Russian and Spanish editions, are issued by the Office in Geneva from time to time. The latest editions in English, French and Spanish mention the printed publications issued from 1944 to 1960 inclusive. There is also an earlier catalogue covering the years 1919 to 1953 inclusive. A printed circular entitled ILO: New Publications is issued at intervals of about four months.

The Library of the International Labour Office has prepared and issued mimeographed catalogues of all printed documents issued from 1919 to the end of 1950, in English and French. These catalogues are in two parts, the first an alphabetical arrangement by author, subject and title, the second, a checklist classed as suggested in paragraph 2 of this note. They are entitled: Catalogue of Publications in English of the International Labour Office, 1919-1950. (International Labour Office: Library. Bibliographical Contributions, no. 5); and Catalogue des publications en langue française du Bureau international du Travail, 1919-1950; Supplément 1951-1955. (Bureau international du Travail, Bibliothèque. Contributions bibliographiques, no. 6 et suppl.).

3. Distribution par vente. L'abonnement global à toutes les publications de l'O. I. T. paraissant dans l'année coûte 200 fr. s. ou \$50. Les publications peuvent être acquises séparément; les prix sont fixés dans la monnaie de chaque pays. Les centres d'action, les bureaux de correspondance et les correspondants nationaux du B. I. T. qui, dans la plupart des pays, sont les dépositaires de ces publications, acceptent les commandes et fournissent tous renseignements utiles à ce sujet.

4. Distribution gratuite. Les documents polycopiés, dont la distribution est restreinte, ne sont pas mis en vente. Ceux que l'on juge présenter un intérêt permanent sont imprimés par la suite. Les documents de travail, à savoir les rapports présentés à des commissions, à des conférences spéciales, etc., qui sont actuellement publiés sous la forme de brochures polycopiées avec couverture imprimée, peuvent être obtenus gratuitement, en nombre limité, dans la mesure où les stocks le permettent. Ces documents polycopiés sont mentionnés, à côté des ouvrages imprimés récents, dans la liste de publications qui paraît dans la Revue internationale du Travail. Ils sont en général munis d'un symbole; par exemple: les rapports d'assistance technique ont comme symbole "OIT/TAP, etc. ".

5. Sources d'informations. Les demandes de renseignements concernant les publications peuvent être adressées au Bureau international du Travail à Genève, ou à ses centres d'action, bureaux de correspondance et correspondants nationaux. On trouvera d'utiles indications sur le contenu des documents dans les catalogues imprimés que le Bureau international du Travail fait paraître de temps à autre en anglais, en français, en espagnol, en allemand et en russe. Le dernier de ces catalogues, publié en anglais, français et espagnol, mentionne les documents imprimés qui ont parus de 1944 à 1960. Un catalogue publié en 1953, couvre la période de 1919 à 1953. Un bulletin imprimé, intitulé "B. I. T.: Nouvelles publications", paraît environ tous les quatre mois.

La bibliothèque du Bureau international du Travail a dressé et publié, en anglais et en français, des catalogues polycopiés de tous les documents imprimés parus de 1919 à la fin de 1950. Ces catalogues se composent de deux parties: dans la première, les documents sont classés dans l'ordre alphabétique, par auteur, sujet et titre; dans la deuxième, ils sont rangés méthodiquement dans l'ordre mentionné au paragraphe 2 de la présente note. Ils sont intitulés: Catalogue of Publications in English of the International Labour Office, 1919-1950. (International Labour Office. Library. Bibliographical Contributions, no. 5); et Catalogue des publications en langue française du Bureau international du Travail, 1919-1950; Supplément 1951-1955. (Bureau international du Travail. Bibliothèque. Contributions bibliographiques, no. 6 et Suppl.).

2. Les documents de l'UNESCO sont divisés en trois catégories: I) Publications; II) Documents de la série principale; III) Documents de la série de travail. Les documents de la série de travail ne figurent pas dans le "United Nations Documents Index".

I. Publications

Le terme "publication" s'applique ici à tous les ouvrages imprimés de l'UNESCO qui font l'objet d'une distribution générale ou qui sont mis en vente.

II. Documents de la série principale

Les documents de la série principale destinés à la distribution générale comprennent les catégories suivantes et portent les cotes citées en exemple:

a. Les documents de la Conférence générale se rapportent à toutes les questions soumises à la Conférence; ils contiennent également des procès-verbaux et les décisions de la Conférence, leur cote comprend le sigle de la Conférence, des commissions, comités, etc

Ex. : 7C/3 Troisième document de la septième session de la Conférence générale.

8C/PRG/23 Vingt-troisième document de la Commission du programme de la huitième session de la Conférence générale.

b. Les documents du Conseil exécutif contiennent les procès-verbaux et les décisions du Conseil.

Ex. : 38 EX/SR.1-13 Procès-verbaux de la trente-huitième session du Conseil exécutif.

Les documents de travail soumis au Conseil ne figurent pas dans l'index, étant rapidement périmés et remplacés par les décisions du Conseil.

c. Documents of the Secretariat departments, services and bureaux. The reference number consists of the symbol of the originating department, service or bureau, followed by a serial number.

e. g. CUA/52 52nd document of the Department of Cultural Activities.

d. Documents originating from two sources. The reference number includes a double symbol - UNESCO's symbol plus that of the organization which has co-operated in preparing the document.

e. g. UNESCO/IBE/334 334th document prepared jointly by the International Bureau of Education and UNESCO.

III. Working Series Documents

These documents, not listed in the United Nations Documents Index, are identified by the code letters WS in the bottom left-hand corner. They are produced in a limited number of copies, no stock is kept, and no provision is made for reprinting, except in the case of the administrative category. All copies are held by the originating department, which distributes them only on special request and within the limits of the available stock.

3. Sales distribution. With a very few exceptions, all UNESCO publications are freely available for purchase. Distribution in each country is carried out through a "national distributor"; orders may be placed with any good bookseller or forwarded direct to the national distributor. Payment is made in the currency of the country of the buyer. Catalogues are available on application to the appropriate national distributor. A list of national distributors appeared in UN document ST/LIB/4 published in 1958.

Subscriptions can be accepted to any of the nine periodicals published. In addition, the following special subscription services are offered:

Documents Subscription Service: one copy of each **Main Series** document (as opposed to publication) sent direct from Paris in the language selected by the subscriber.

Annual rate: \$30.00

Comprehensive Periodicals Subscription Service: a combined subscription to all 9 UNESCO periodicals offering a considerable reduction over the total cost of separate subscriptions.

Annual rate: \$25.00

Book Subscription Scheme: one copy of each new book or pamphlet in any one language sent on publication. Cost: value of the books despatched. Payment is made in one sum every six months.

Subscriptions to the above three special services will cover all UNESCO material issued (with the exception of Working Series documents which are not available for general distribution).

c. Documents des départements, services et bureaux du Secrétariat: leur cote comprend le sigle du département, service ou bureau dont ils émanent, suivi d'un numéro d'ordre.

Ex. : CUA/52 Cinquante-deuxième document du Département des activités culturelles.

d. Documents à double origine: leur cote comprend un double sigle, celui de l'UNESCO et celui de l'organisation qui a collaboré à leur établissement.

ex. : UNESCO/BIE/334 Trois-cent-trente-quatrième document préparé conjointement par le Bureau international de l'éducation et l'UNESCO.

III. Documents de la série de travail

Les documents de la série de travail sont caractérisés par le sigle WS apposé au bas et à gauche du document, et ne font l'objet que d'un tirage limité. Aucun stock n'est constitué et aucun nouveau tirage n'est prévu, sauf lorsqu'il s'agit de la catégorie administrative. Tous les exemplaires tirés sont en dépôt au Département d'origine. Celui-ci ne les distribue que sur demande spéciale et dans la limite du stock disponible.

3. Vente. A quelques exceptions près toutes les publications de l'UNESCO sont libres à la vente. La distribution est effectuée dans chaque pays par l'intermédiaire d'un agent général; les commandes doivent être adressées, soit à une bonne librairie locale, soit directement à l'agent général. Les paiements peuvent s'effectuer dans la monnaie de tout pays où l'UNESCO a un agent. Les catalogues peuvent être obtenus auprès de l'agent général. On peut trouver la liste des agents généraux dans document ST/LIB/4, 1958.

On peut s'abonner aux neuf périodiques de l'UNESCO. De plus, on peut choisir entre les abonnements spéciaux suivants:

Abonnements aux documents de l'UNESCO: cet abonnement permet de recevoir directement de Paris un exemplaire de chaque document de la série principale, dans la langue demandée par l'abonné.

Tarif annuel, port compris: \$30.00

Abonnement général aux périodiques: abonnement combiné aux 9 périodiques de l'UNESCO (édition française ou édition anglaise) permettant de réaliser une économie très sensible.

Tarif annuel, port compris: \$25.00

Abonnement aux livres: Un exemplaire est envoyé directement de Paris, dans la langue choisie, de tout ouvrage ou opuscule nouveau, dès sa publication. Coût: prix des livres envoyés; règlement global tous les six mois.

Ces trois abonnements couvrent tous les documents et publications de l'UNESCO à l'exception des documents de travail.

4. Free distribution. Documents in the Main Series, which bear in the top right-hand corner a reference consisting of the word "UNESCO", followed by the code letters of the department of origin and a serial number (e.g.: UNESCO/ED/80), are distributed to Member States and National Commissions, and to certain specialists whose names appear on lists drawn up by the department of origin. These documents are, in principle, final issues, constituting a report on a given stage in the implementation of some item in the programme.

5. Depository libraries. Publications and Main Series documents may be consulted in the depository libraries in all UNESCO Member States. A list of these depository libraries can be obtained on request; it also appeared in UN document ST/LIB/4 published in 1958.

Ces documents sont généralement des rapports sur l'exécution d'un point du programme.

5. Bibliothèques dépositaires. Les publications et les documents de la série principale peuvent être consultés dans les bibliothèques dépositaires dans tous les Etats Membres de l'UNESCO. Une liste de ces bibliothèques peut être obtenue sur demande. Elle paraît également dans document ST/LIB/4, 1958.

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou recus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English. It is arranged by entry numbers corresponding to those assigned to their English editions as listed in the United Nations Documents Index.

CUMULATIVE INDEX

3. The indexes and the lists of documents and publications issued in languages other than English published in the monthly issues are cumulated in a single annual index. They are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais. Le numérotage correspond à celui des éditions en anglais répertoriées dans le "United Nations Documents Index".

INDEX CUMULATIF

3. Les index mensuels et les listes des documents et publications parus dans des langues autres que l'anglais sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries

are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publica-

tions, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English.

CUMULATIVE INDEX

3. The indexes and the lists of documents and publications issued in languages other than English published in the monthly issues are cumulated in a single annual index. They are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais.

INDEX CUMULATIF

3. Les index mensuels et les listes des documents et publications parus dans des langues autres que l'anglais sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries

are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publica-

tions, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations

(d) List of Documents and Publications. Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications,

classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr.32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr.3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations

(d) List of Documents and Publications. Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications,

classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$ 75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged; so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Replications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$ 75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications.

Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications,

classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangés dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications. Entries

are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publica-

tions, classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$7.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).

Introduction / Notice explicative

SCOPE

1. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in an annex to the February issue. Selected periodical articles are listed and indexed each month.

ARRANGEMENT

2. Each monthly issue comprises:

- (a) Table of Contents
- (b) Introduction
- (c) List of Abbreviations
- (d) List of Documents and Publications.

Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:

- (1) Periodical articles, selected from periodicals published or received during the month
- (2) Republications
- (3) Publications sales numbers

The last two types are arranged in tabular form with minimum descriptions; complete bibliographical details may be found in the corresponding entries of the main list.

OBJET

1. Dans le "United Nations Documents Index", la Bibliothèque des Nations Unies à New-York répertorie et indexe tous les documents et publications des Nations Unies et des institutions spécialisées à l'exception des textes confidentiels (restricted) et de caractère interne. Les livraisons mensuelles embrassent en général les documents et publications parvenus à la Bibliothèque au cours du mois. Quelques institutions spécialisées répertorient et indexent elles-mêmes leurs textes; dans ces cas, les documents indiqués sont ceux qui ont paru pendant la période considérée et l'on ne s'attendra pas nécessairement à les trouver au Siège dès la sortie du répertoire. Les périodiques sont répertoriés chaque année dans une annexe au numéro de février. Les sélections d'articles extraits de périodiques sont répertoriés et indexés mensuellement.

PLAN

2. Chaque index mensuel comprend:

- (a) Une table des matières
- (b) Une notice explicative
- (c) Une liste des abréviations
- (d) Un répertoire des documents et des publications,

classés par organisation, les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérique de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

- (1) Articles sélectionnés dans des périodiques publiés ou reçus dans le courant du mois
- (2) Rééditions
- (3) Numéros de vente des publications

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index. This is a combined author and subject index of all documents and publications listed. It is arranged alphabetically, word by word (e.g. national parks precedes nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations. References are to the entry numbers in the respective sections of the List of Documents and Publications.

(f) List of documents and publications issued in languages other than English.

CUMULATIVE INDEX

3. The indexes published in the monthly issues are cumulated in a single annual index. The monthly indexes are paged separately and easily removable, so that they may be discarded if it is desired to bind the twelve monthly lists of documents and publications together with the cumulative index.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

4. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

5. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

6. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$7.50, 54/- stg., Sw.fr. 32.00, post-free. Single copies are available at U.S. \$.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.

(e) Index. C'est un index unique par auteur et par sujet de tous les documents et publications énumérés. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations. Dans tous les cas cet index renvoie aux numéros figurant dans les différentes sections de la liste des documents et publications.

(f) Liste des documents et publications parus dans des langues autres que l'anglais.

INDEX CUMULATIF

3. Les index mensuels sont fondus en fin d'année en un index cumulatif. Ils sont paginés séparément et peuvent être aisément détachés et supprimés, si besoin est, afin que les douze répertoires mensuels de documents et de publications puissent être reliés avec l'index cumulatif.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

4. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

5. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.

ABONNEMENT

6. Le "United Nations Documents Index" est publié mensuellement. Le prix de l'abonnement annuel est de 7,50 dollars des Etats-Unis, 54/- shillings, 32 frs suisses, franco de port. Le numéro coûte 0,75 dollar des Etats-Unis, 5 shillings, 3 frs suisses. Les abonnements peuvent être souscrits auprès des librairies dépositaires des publications des Nations Unies (voir liste au verso de la couverture). Les commandes et demandes de renseignements provenant de pays où il n'y a pas de librairie dépositaire peuvent être adressées à la Section des ventes et de la distribution, Organisation des Nations Unies, New-York ou à la Section des ventes, Office européen des Nations Unies, Genève (Suisse).
