LIST OF PERIODICALS PUBLISHED IN 1965 ----- p.292

General Introduction

SCOPE

1. This Cumulative Checklist, prepared by the Index Section of the Dag Hammarskjöld Library, United Nations, New York, replaces and supersedes - together with the Cumulative Index, published in a separate companion volume - the monthly issues of the United Nations Documents Index.

ARRANGEMENT

2. Documents and publications are entered in the Checklist according to their series symbols. Publications which do not bear a symbol are entered by title under the issuing body. The appropriate section in the Cumulative Index should be consulted for general information on the system of documents series symbols. For information on the sequence of the entries in the Checklist see the table of contents.

MONTHLY ISSUES

3. Each monthly issue of the United Nations Documents Index includes in general the documents and publications processed by the Index Section during the month. The issues of July and August are combined in one issue. Periodicals are listed annually in this Cumulative Checklist.

4. Every issue consists of three separate sections, each of which can be used independently and for various purposes. The first section is a checklist of United Nations documents and publications, arranged by symbol and fully described bibliographically. The second section comprises: (a) a list by symbol only of all United Nations documents received by the Library during the preceding month, with an indication of the languages in which they were issued, and notes concerning their availability for distribution. It should be noted that this list includes language editions of all documents and publications as they are received and is not necessarily limited to those processed and entered in the Checklist; (b) a list of mimeographed documents republished in the printed Official Records and in other publications; (c) a list of sales publications. The third section is a combined author-subject index of the documents described in the Checklist, arranged alphabetically and printed on yellow paper in a separate fascicle that can be detached and used independently of the Checklist.

CUMULATIVE EDITIONS

5. Beginning with vol. 14 (1963) the monthly issues are superseded at the end of the year by two separate annual cumulations, the Cumulative Checklist and the Cumulative Index.

The Cumulative Index is a consolidation of the twelve monthly subject indexes. It contains also (a) a consolidated list by symbol of all documents and publications issued by the United Nations and the International Court of Justice during the year; (b) a consolidated list of documents republished in the Official Records or elsewhere; (c) a consolidated list of sales publications; (d) a list of new document series symbols; (e) a list of libraries and United Nations Information Centres receiving United Nations material.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

6. Information concerning the documentation system of the United Nations and the availability of the documents is given in the introductory note preceding the Checklist of Documents and Publications. A list of libraries and Information Centres receiving United Nations material is included each year in the Cumulative Index, Part 2.

7. An asterisk (*) is used to indicate documents issued as drafts or preliminary texts subject to revision, or issued in provisional (mimeographed) editions subject to later publication in the printed Official Records or as printed sales publications. These preliminary or provisional documents are not for general distribution, deposit or sale.

SUBSCRIPTION

8. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. \$10.00 (or equivalent in other currencies), post-free, and including the two annual cumulations. Single copies are available at U.S. \$0.75. The annual cumulations are also available separately as sales publications. Subscriptions may be placed with the sales agents of United Nations publications. Orders and inquiries from countries without a sales agent may be addressed to the Sales Section, United Nations, New York, N. Y. 10017, or to the Sales Section, United Nations Office, Geneva, Switzerland.

Introductory Note

1. The information below applies to documents and publications of all organs of the United Nations with the exception of the International Court of Justice.

DISTRIBUTION CLASSIFICATION

2. The following classification categories apply to documents of the United Nations:

- (a) General: documents receiving full circulation.
- (b) Limited: documents for which wide circulation is unnecessary for any reason other than that given under (c), and, generally, for documents of a provisional nature, such as draft resolutions and amendments thereto, and similar action documents prepared for use at some meetings. Usually such documents are not distributed until they are published in final form as Annexes to the Official Records.
- (c) Restricted: applied exclusively to documents whose content requires that they be treated as confidential or withheld from public circulation.

OFFICIAL RECORDS

3. All printed Official Records of main organs are published in fascicle form. Each meeting record is published separately, as an individual booklet or fascicle. At the end of each session there is issued a prefatory fascicle which contains the following reference material: title-page, table of contents, list of representatives, agenda, and check list of the documents of the session, with indication of their republication. For ease of recognition, the fascicles of the opening and closing meetings are so identified in the masthead, and the prefatory fascicle is to be placed before the record of the opening meeting. Meeting records and prefatory fascicles of the Official Records of the General Assembly, the Economic and Social Council and the Trusteeship Council are bound together, in sessional volumes, for sales purposes. Meeting records of the Security Council and Disarmament Commission are available for sale as individual records of meetings.

SALE OF PUBLICATIONS

4. Prices of printed documents and publications are indicated. All sales documents and publications are available in national currencies through authorized distributors. Orders and inquiries may also be sent to:

Sales Section, Publishing Service, United Nations, New York, New York 10017	or	Sales Section, United Nations Office, Geneva, Switzerland
--	----	---

5. The studies and reports prepared by the Secretariat cover a variety of fields. For the convenience of purchasers, the United Nations has established a series of numbered categories for its publications other than periodicals, the Treaty Series and the various Official Records. The following categories have been established:

- I. General
- II. Economics and Finance
 - II. A. Economic Stability and Employment
 - II. B. Economic Development
 - II. C. World Economy
 - II. D. Trade, Finance and Commerce
 - II. E. European Economy
 - II. F. Asian Economy
 - II. G. Latin American Economy
 - II. H. Technical Assistance
 - II. K. African Economy
- III. Public Health
- IV. Social Questions
- V. International Law
- VI. Trusteeship and Non-Self-Governing Territories
- VII. Political and Security Council Affairs
- VIII. Transport and Communications
- IX. Atomic Energy
- X. International Administration
- XI. Narcotic Drugs
- XII. Education, Science and Culture
- XIII. Demography
- XIV. Human Rights
- XV. Relief and Rehabilitation
- XVI. Public Finance and Fiscal Questions
- XVII. International Statistics

6. Each printed publication, with the exception of periodicals, the Official Records and the Treaty Series, carries on the inside front cover or on the reverse of the title-page a box containing a United Nations publication sales number consisting of the year of publication, the category number of the publication (in roman numerals) and the number of the publication in this particular category (in arabic numerals) issued during the year. The official document number should not be confused with the publication sales number, and need not be quoted unless the document does not bear a publication sales number.

SUBSCRIPTIONS

7. Certain periodical publications, such as the UN Monthly Chronicle and the Monthly Bulletin of Statistics, are offered at a fixed annual subscription. Some mimeographed document series are also available by subscription. For information, see the catalogue of United Nations publications.

STANDING ORDERS

8. Other publications, such as the Treaty Series and the various Official Records, appear at intervals in numbered series, but there is at present no established annual subscription price for them. Standing orders for these publications may be accepted by authorized distributors, however. Under this arrangement, publications are mailed by the distributor immediately upon issue and an invoice is rendered periodically for publications dispatched, plus postal charges.

9. Many distributors will also maintain standing orders for persons interested in publications in any of the individual categories listed in paragraph 5 above. It is at present impossible to establish an annual subscription rate in advance for any of these categories.

10. Libraries or individuals desiring a copy of every printed publication issued by the United Nations may arrange with distributors for an "overall" standing order, whereby all Official Records, Secretariat studies and reports, etc. (except periodicals), will be mailed to them upon publication. Subscriptions to United Nations periodicals must be entered separately, even by libraries and individuals placing an "overall" standing order.

FREE DISTRIBUTION

11. Documents and publications are distributed to Member States, specialized agencies, non-governmental organizations, and depository libraries, under agreed arrangements. It should be noted that documents published in Geneva by ECE, in Bangkok by ECAFE, in Santiago by ECLA, or in Addis Ababa by ECA cannot be distributed to some recipients as quickly as those originating at Headquarters. Documents of the subsidiary organs of ECA, ECAFE and ECLA are not distributed to depository libraries outside the respective regions, and are not available upon request, except in special circumstances. Documents of missions in the field are not available for distribution.

12. The Office of Public Information issues basic material which may be obtained on request by the press, schools, centres of international study, public libraries, and non-governmental organizations. Inquiries should be directed to the Office of Public Information, United Nations, New York, or to United Nations Information Centres.

13. For information concerning free publications of the United Nations Children's Fund (UNICEF), address the

Information Section, United Nations Children's Fund, United Nations, New York.

DEPOSITORY LIBRARIES

14. A network of depository libraries has been established by the United Nations Library, so that throughout the world there are reference collections of documents of the United Nations accessible to the public. A consolidated list of libraries and Information Centres receiving United Nations material is included each year in the Cumulative Index, Part 2.

15. The Library is authorized to designate at least one depository library in each Member State. In States of very large area or population, additional depository libraries may be designated. These depository libraries are entitled to receive all generally distributed documents and publications and in return are expected to make the collection available to the public. Many of these depositories send their own publications in exchange.

16. Centres of international study may also qualify to receive United Nations documents. A few libraries receive United Nations documents on an exchange basis, in return for extensive services and for publications made available to the United Nations Library.

UNITED NATIONS INFORMATION CENTRES AND OFFICES

17. Information about United Nations documents may also be obtained from the United Nations Information Centres and Information Officers listed in the Cumulative Index, Part 2.
