D. Index

Documents listed in Section C are indexed below by series symbol and document numbers within the series. Reference to page numbers of the documents cannot be made for the obvious reason that pagination varies with each language text. For texts republished in the bilingual Journal of the Economic and Social Council, however, specific page references are given. Thus the entry, "Consultants and observers, E/EMP/8, 10; E/40 (JESC 15:198)" is to be interpreted as indicating mention of consultants and observers in documents E/EMP/8, E/EMP/10, and E/40; and in the republication of E/40 in Journal of the Economic and Social Council, No. 15, on page 198. To avoid redundancy, references to documents or extracts from documents PC/20 (included in E/EMP/3), E/20 and E/26 (included in E/23) have been omitted from the index. Press releases indexed have been issued by the Press Division, Department of Public Information.

Please notify Documents Index Unit of any errors.
