ECONOMIC COMMISSION FOR LATIN AMERICA

First session

RESOLUTION OF 24 JUNE 1948 ON INFLATION

THE ECONOMIC COMMISSION FOR LATIN AMERICA

NOTES with deep concern the inflationary pressures which have developed in Latin American countries, and expresses the desire that the Executive Secretary, in preparing the Economic Survey of Latin America requested by the Commission, will undertake a study of the internal and external factors generating such pressures, as well as any measures taken to remedy them and of the results obtained, so that the Economic Commission for Latin America may, in the near future, make appropriate suggestions for the solution of this serious problem.
