ECONOMIC COMMISSION FOR LATIN AMERICA

FIRST SESSION

LATIN AMERICAN CUSTOMS UNION

Resolution of 24 June 1948

THE ECONOMIC COMMISSION FOR LATIN AMERICA

CONSIDERING that a Latin American Customs Union might have an important effect on the commercial relations between the countries of this continent, and, that there exists a scarcity of statistical data on this subject;

RESOLVES to postpone the discussion of this far-reaching problem until the next session when it will be possible for the Commission to make use of the Economic Survey of Latin America, which will enable it to make the necessary decisions.
