FORM OF REPORT OF THE SECRETARY-GENERAL TO THE COUNCIL

United States: Suggestions regarding the Report of
the Secretary-General to the Council

This report should be similar to E/1325 but should be in three parts:

Part I

This would include summaries of replies and a list of countries not replying and a recommendation of the Secretary-General whether resolution should be sent again to Member States or whether purpose of resolution has been achieved.

Part II

This would include conventions and treaties and list of those countries which have satisfied, those which have not, and summary of statements of any country in an intermediary stage. (The inclusion of this part depending upon whether reports on ratification were due in the given year)

Part III

List of requests for specific information and those countries which have or have not submitted the desired material to the Secretary-General (many of them are annual reports and will be included every year).
