Information circular**

To: Members of the staff

From: The Assistant Secretary-General for Human Resources Management

Subject: **Revised salary scales for staff in the General Service and related categories at Headquarters**

1. In accordance with article 12.1 of its statute, and on the basis of the methodology for surveys of best prevailing conditions of employment of the General Service and other locally recruited staff at Headquarters and similar duty stations under survey methodology I, the International Civil Service Commission conducted a comprehensive survey in New York, with a reference date of November 2014, for the purpose of making recommendations to the Secretary-General on the salary scales of staff in the General Service and related categories at Headquarters. Representatives of administration and staff participated actively in all aspects of the survey, including the selection of employers and jobs to be surveyed. In accordance with an earlier decision of the Commission, no separate surveys were conducted in respect of the Language Teacher, Public Information Assistant, Security Service and Trades and Crafts categories. Instead, salary levels for those four categories should be adjusted in accordance with the same percentage as that agreed for the General Service category.

2. On the basis of the results of the survey, the Commission recommended salary scales for all five categories of locally recruited staff in New York that are 5.8 per cent lower than the current scales. Accordingly, staff members recruited on or after 1 February 2016 will be paid according to the revised salary scales. Staff members recruited prior to 1 February 2016 will be paid according to the salary scales in effect since 1 March 2014. Those salary scales will remain frozen for the time being. The freeze will remain in place until such time as the annual interim revisions to the lower salary scales close the gap between the two sets of salary scales.

3. In view of the delayed implementation of the outcome of the November 2014 comprehensive salary survey, the annual interim adjustment is now due and will be applied to the 2014 comprehensive salary survey results.

* Reissued for technical reasons on 21 June 2016.

** The present circular will be in effect until further notice.

4. The interim salary adjustment procedure in place for staff in the General Service and related categories at Headquarters is based upon a 90 per cent movement in the consumer price index (CPI) over a 12-month period, or whenever the trigger point of 5 per cent has been reached in under 12 months, whichever comes first. The CPI reference was based on November 2014 in order to coincide with the comprehensive salary survey month. The CPI for the month of November 2015 reflects a 0.627 per cent movement over the November 2014 index. In application of the aforementioned procedure, the net salaries of staff in the General Service, Language Teacher, Public Information Assistant, Security Service and Trades and Crafts categories will be adjusted upward by 0.6 per cent, or 90 per cent of the CPI movement, effective 1 November 2015 and applicable to the lower salary scales for staff recruited on or after 1 February 2016.

5. The revised salary scales, which are contained in the annex to the present circular, will be implemented in the end of February 2016 payroll.
