

activities with a view to determining the appropriateness of supplementing such law with provisions relating to the use of nuclear power sources in outer space”;

(d) Continue to include in its agenda the item entitled “Other matters”;

7. *Notes* that the Scientific and Technical Sub-Committee of the Committee on the Peaceful Uses of Outer Space at its sixteenth session:

(a) Continued to consider both the current pre-operational/experimental phase of remote sensing as well as possible future operational satellite remote sensing systems;

(b) Continued to consider the United Nations programme on space applications and matters relating to the co-ordination of space activities within the United Nations system;

(c) Continued to examine the physical nature and technical attributes of the geostationary orbit;

(d) Considered technical aspects of and safety measures relating to the use of nuclear power sources in outer space and adopted the report of the Working Group on the Use of Nuclear Power Sources in Outer Space;²⁰

(e) Considered questions relating to space transportation systems;

(f) Achieved significant progress, in its capacity as advisory body to the Preparatory Committee for the Second United Nations Conference on the Exploration and Peaceful Uses of Outer Space, in its detailed consideration of questions relating to the preparation and organization of the Conference;

8. *Endorses* the recommendation of the Committee on the Peaceful Uses of Outer Space that the Scientific and Technical Sub-Committee at its seventeenth session should:

(a) Consider the following priority items:

(i) Questions relating to the United Nations programme on space applications and the co-ordination of space activities within the United Nations system;

(ii) Questions relating to remote sensing of the earth by satellites;

(iii) Use of nuclear power sources in outer space;

(iv) Co-ordinating role of the United Nations in the use of space science and technology, particularly in the developing countries;

(b) Consider the following items:

(i) Space transportation systems and their implications for future activities in space;

(ii) Examination of the physical nature and technical attributes of the geostationary orbit;

9. *Endorses* the United Nations programme on space applications for 1980 proposed to the Scientific and Technical Sub-Committee by the Expert on Space Applications;²¹

10. *Approves* a continuing sponsorship by the United Nations of the Thumba Equatorial Rocket Launching Station in India and the CELPA Mar del Plata Station in Argentina;

11. *Endorses* the recommendation that the existing five regional remote sensing centres in Africa should receive from the United Nations the technical assistance

and co-operation which could be made available for such a purpose;

12. *Requests* the specialized agencies to continue to provide the Committee on the Peaceful Uses of Outer Space with progress reports on their work relating to the peaceful uses of outer space;

13. *Takes note* of the report submitted by the World Meteorological Organization on its tropical cyclone project,²² in response to General Assembly resolution 33/16, and requests the World Meteorological Organization to continue submitting annual status reports on the project;

14. *Expresses its appreciation* to all Governments which acted as hosts to, offered fellowships for, or otherwise assisted in the holding of, international training seminars and workshops on space applications, particularly for the benefit of developing countries;

15. *Requests* the Committee on the Peaceful Uses of Outer Space to continue its work, in accordance with the present resolution and previous resolutions of the General Assembly, to consider, as appropriate, new projects in outer space activities and to submit a report to the Assembly at its thirty-fifth session, including its views on which subjects should be studied in the future.

34/67. Second United Nations Conference on the Exploration and Peaceful Uses of Outer Space

The General Assembly,

Recalling that it has been more than a decade since the first United Nations Conference on the Exploration and Peaceful Uses of Outer Space was held at Vienna, in 1968, and that this period has seen rapid progress and growth in space exploration and the development of space technology and its applications,

Considering that there is a need to assess these developments, to exchange information and experience on their present and potential impact and to assess the adequacy and effectiveness of institutional and co-operative means of realizing the benefits of space technology,

Recognizing the importance of wider participation of Member States in the activities of the United Nations in outer space matters,

Aware of the need to increase the benefits of space technology and its applications and to contribute to orderly growth of space activities favourable to the socio-economic advancement of mankind, in particular of the peoples of the developing countries,

Taking into account new developments in space science and technology which are being projected and envisaged in the coming decade as well as the new applications emerging therefrom and their potential benefits and possible implications for national development and international co-operation,

Conscious of the need further to increase the awareness of the general public with regard to space technology and its applications,

Desiring to stimulate an enhanced co-ordinating role of the United Nations, which is eminently suited to bring about increased international co-operation and assistance to the developing countries in the field of exploration and peaceful uses of outer space,

Recalling its resolution 33/16 of 10 November 1978, in which it decided to convene a second United Nations

²⁰ A/AC.105/238, annex II.

²¹ A/AC.105/233, sect. III.

²² See A/AC.105/245.

Conference on the Exploration and Peaceful Uses of Outer Space and to designate the Committee on the Peaceful Uses of Outer Space as the Preparatory Committee for the Conference,

Having considered the part of the report of the Committee on the Peaceful Uses of Outer Space²³ concerning its work in its capacity as Preparatory Committee for the Second United Nations Conference on the Exploration and Peaceful Uses of Outer Space,

Noting with satisfaction that the Committee, in its capacity as Preparatory Committee for the Conference, has submitted detailed recommendations on the preparation and organization of the Conference,

1. *Endorses* the detailed recommendations submitted in paragraphs 84 to 115 of its report²³ by the Committee on the Peaceful Uses of Outer Space in its capacity as Preparatory Committee for the Second United Nations Conference on the Exploration and Peaceful Uses of Outer Space;

2. *Adopts* the provisional agenda for the Conference as set out in paragraph 99 of the report of the Committee;

3. *Endorses* in particular:

(a) The recommendation of the Committee that the Second United Nations Conference on the Exploration and Peaceful Uses of Outer Space should be held in the latter half of 1982;

(b) The recommendations of the Committee concerning the preparation and organization of the Conference, including the secretariat, bureau and form of the Conference;

(c) The recommendation of the Committee on the ceiling for the cost of the Conference;

4. *Requests* the Committee to submit to the General Assembly at its thirty-fifth session a recommendation on the venue of the Conference;

5. *Requests* the Committee to continue with its preparatory work for the Conference;

6. *Requests* the Secretary-General to make, within the ceiling for expenditure established for the Conference, the necessary organizational and administrative arrangements, as set out in the relevant paragraphs of the report of the Committee.

*89th plenary meeting

34/68. Agreement Governing the Activities of States on the Moon and Other Celestial Bodies

The General Assembly,

Reaffirming the importance of international co-operation in the field of the exploration and peaceful uses of outer space, including the moon and other celestial bodies, and of promoting the rule of law in this field of human endeavour,

Recalling its resolution 2779 (XXVI) of 29 November 1971, in which it requested the Committee on the Peaceful Uses of Outer Space and its Legal Subcommittee to consider the question of the elaboration of a draft international treaty concerning the moon, as well as its resolutions 2915 (XXVII) of 9 November 1972, 3182 (XXVIII) of 18 December 1973, 3234 (XXIX) of 12 November 1974, 3388 (XXX) of 18 No-

vember 1975, 31/8 of 8 November 1976, 32/196 A of 20 December 1977 and 33/16 of 10 November 1978, in which it, *inter alia*, encouraged the elaboration of the draft treaty relating to the moon,

Recalling, in particular, that in resolution 33/16 it endorsed the recommendation of the Committee on the Peaceful Uses of Outer Space that the Legal Subcommittee at its eighteenth session should continue as a matter of priority its efforts to complete the draft treaty relating to the moon,

Having considered the relevant part of the report of the Committee on the Peaceful Uses of Outer Space,²⁴ in particular paragraphs 62, 63 and 65,

Noting with satisfaction that the Committee on the Peaceful Uses of Outer Space, on the basis of the deliberations and recommendations of the Legal Subcommittee, has completed the text of the draft Agreement Governing the Activities of States on the Moon and Other Celestial Bodies,

Having considered the text of the draft Agreement Governing the Activities of States on the Moon and Other Celestial Bodies,²⁵

1. *Commends* the Agreement Governing the Activities of States on the Moon and Other Celestial Bodies, the text of which is annexed to the present resolution;

2. *Requests* the Secretary-General to open the Agreement for signature and ratification at the earliest possible date;

3. *Expresses its hope* for the widest possible adherence to this Agreement.

*89th plenary meeting
5 December 1979*

ANNEX

Agreement Governing the Activities of States on the Moon and Other Celestial Bodies

The States Parties to this Agreement,

Noting the achievements of States in the exploration and use of the moon and other celestial bodies,

Recognizing that the moon, as a natural satellite of the earth, has an important role to play in the exploration of outer space,

Determined to promote on the basis of equality the further development of co-operation among States in the exploration and use of the moon and other celestial bodies,

Desiring to prevent the moon from becoming an area of international conflict,

Bearing in mind the benefits which may be derived from the exploitation of the natural resources of the moon and other celestial bodies,

Recalling the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies,²⁶ the Agreement on the Rescue of Astronauts, the Return of Astronauts and the Return of Objects Launched into Outer Space,²⁷ the Convention on International Liability for Damage Caused by Space Objects,²⁸ and the Convention on Registration of Objects Launched into Outer Space,²⁹

Taking into account the need to define and develop the provisions of these international instruments in relation to the moon and other celestial bodies, having regard to further progress in the exploration and use of outer space,

Have agreed on the following:

²⁴ *Ibid.*, sect. II.A.7.

²⁵ *Ibid.*, Supplement No. 20 (A/34/20), annex II.

²⁶ Resolution 2222 (XXI), annex.

²⁷ Resolution 2345 (XXII), annex.

²⁸ Resolution 2777 (XXVI), annex.

²⁹ Resolution 3235 (XXIX), annex.

²³ *Official Records of the General Assembly, Thirty-fourth Session, Supplement No. 20 (A/34/20), sect. II.C.*
