INFORMATION RELATING TO BILATERAL AID	
Germany, Federal Republic of	2

INFORMATION RELATING TO BILATERAL AID

Germany, Federal Republic of

1. The Federal Republic of Germany is taking into account the special needs of island developing countries by providing a particular kind of assistance, as will be seen from the table. In this context, the extensive measures in the sector of communication and traffic systems should be mentioned in particular. Furthermore, the Federal Republic of Germany has contributed substantially, within a multilateral framework, to projects in favour of island countries.

Table 5

Summary of the commitments of the Federal Republic of Germany until 31 December 1978 within the framework of bilateral co-operation with island countries, classified according to sectors of assistance:

(In millions of marks)
